A. Design Review

1. 727 Granby Street—Bearded Bird

Applicant: John Stephens, WPA

Project Request: Business sign encroachment

Project Summary: The applicant is proposing a shingle sign in the sign band area. The sign material is a 1 ½ inch thick piece of wood (Oak or similar) in an oval shape. The lettering and logo are to be carved into the wood and painted. This is a double sided sign. The triangular bracket supporting the sign is proposed to be metal in a black finish and black metal chains connect the sign to the bracket. A black metal band will frame the sign and have eyes to connect the hanging chain to the bracket. This band will also wrap each side of the sign.

ARB Recommendation: By a vote of 8-0, the ARB recommends approval for the larger sign encroachment as presented.
