Norfolk Affordable Housing Study

Recommended Housing Strategies

November, 2016

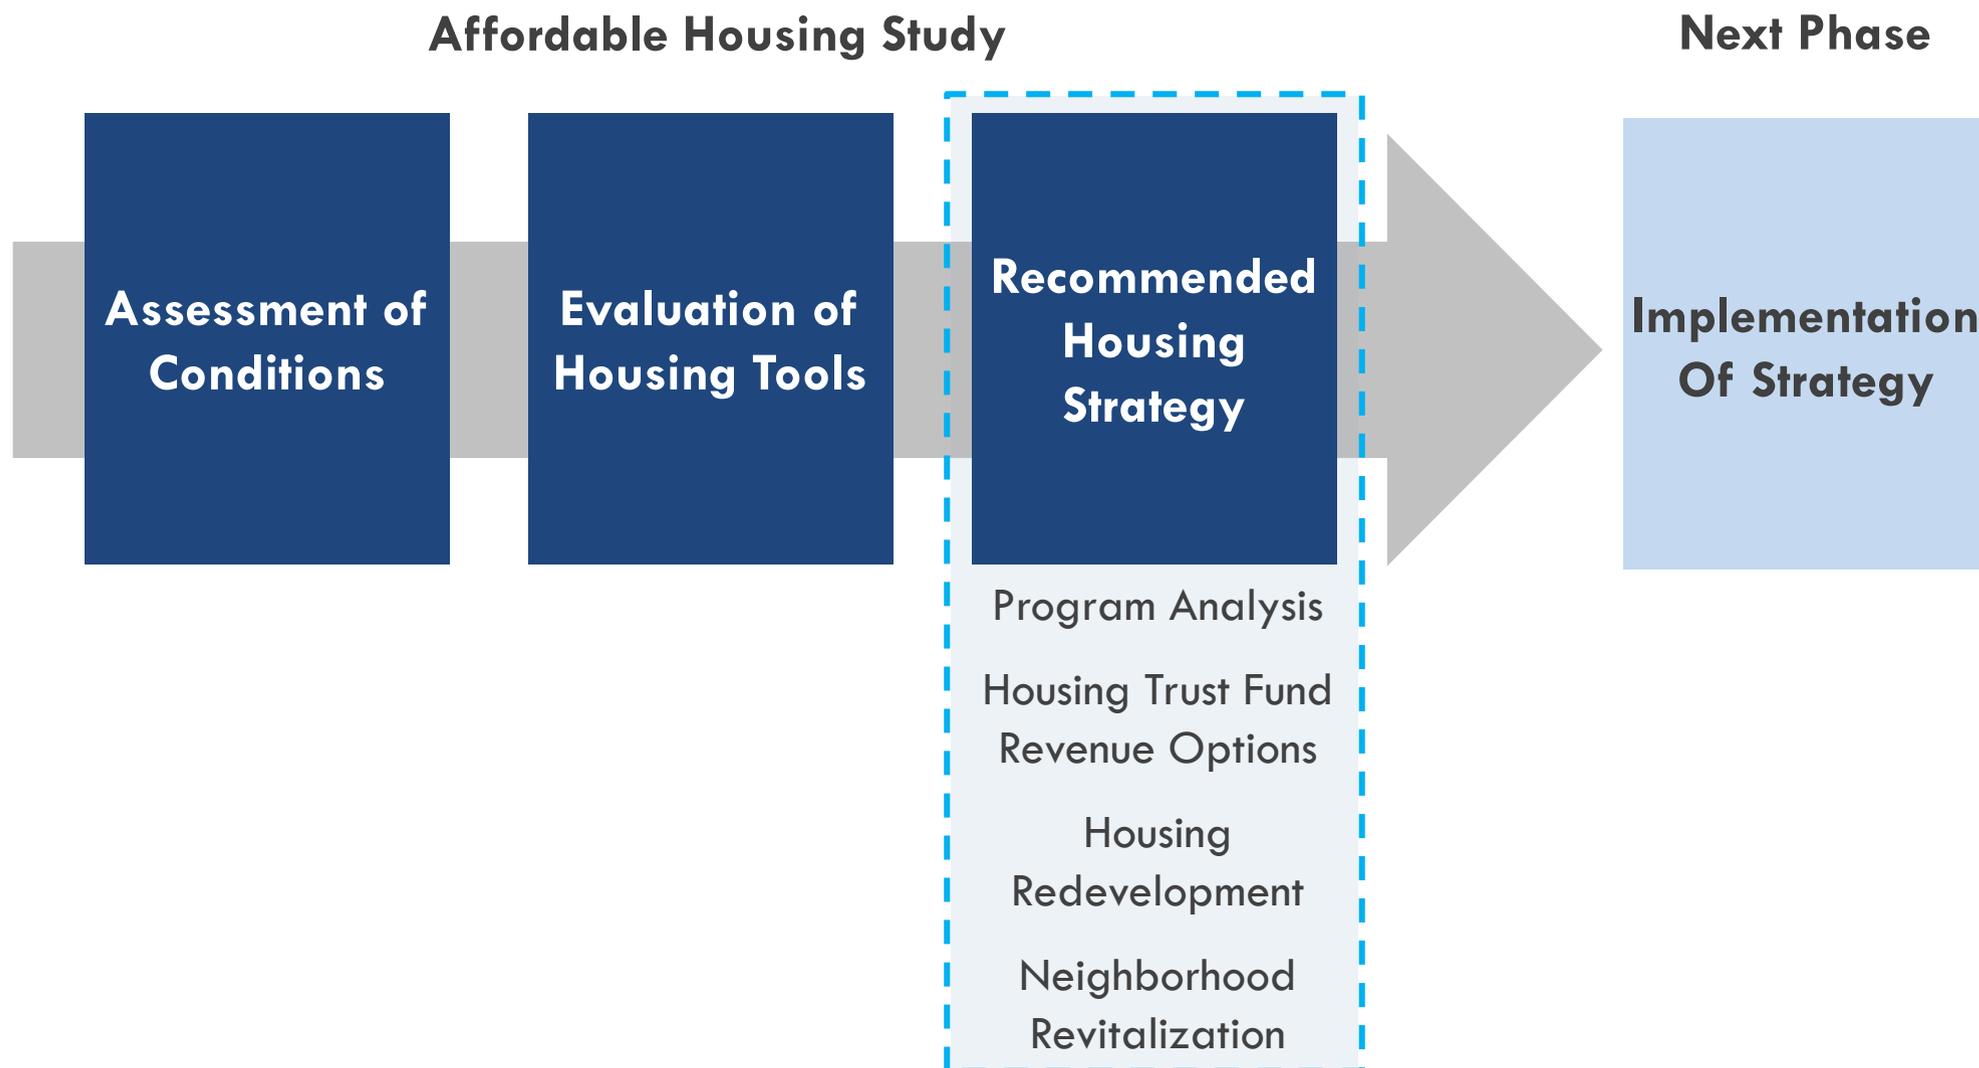

Today's presentation is an update on the status of the Norfolk's affordable housing study.

- 1** Introduce housing initiatives and programs at the City's disposal
- 2** Begin discussion of a strategic framework to address Norfolk's housing needs

No official council action is required at this time

The recommended housing strategy was created based on prior analysis of the local housing market and existing housing tools.

HR&A's assessment of market conditions in Norfolk highlighted current housing needs and opportunities to address them.

Norfolk is a **moderate strength housing market** made up of housing submarkets of varying strength: strong, tipping point, and fragile submarkets.

\$177,000
Median Home Value in
Norfolk

The **private market cannot serve all housing needs** in Norfolk without support from the City.

55%
Share of Norfolk renters that
are housing cost-burdened*

Within the Hampton Roads region,
Norfolk bears a disproportionate burden of public housing.

48%
of regional public housing
units, but only 17% of the
region's population

**Cost-burdened is defined as spending more than 30% of income on housing costs (gross rent, including utilities)*

Norfolk's leadership consistently described two goals that the housing strategy must address.

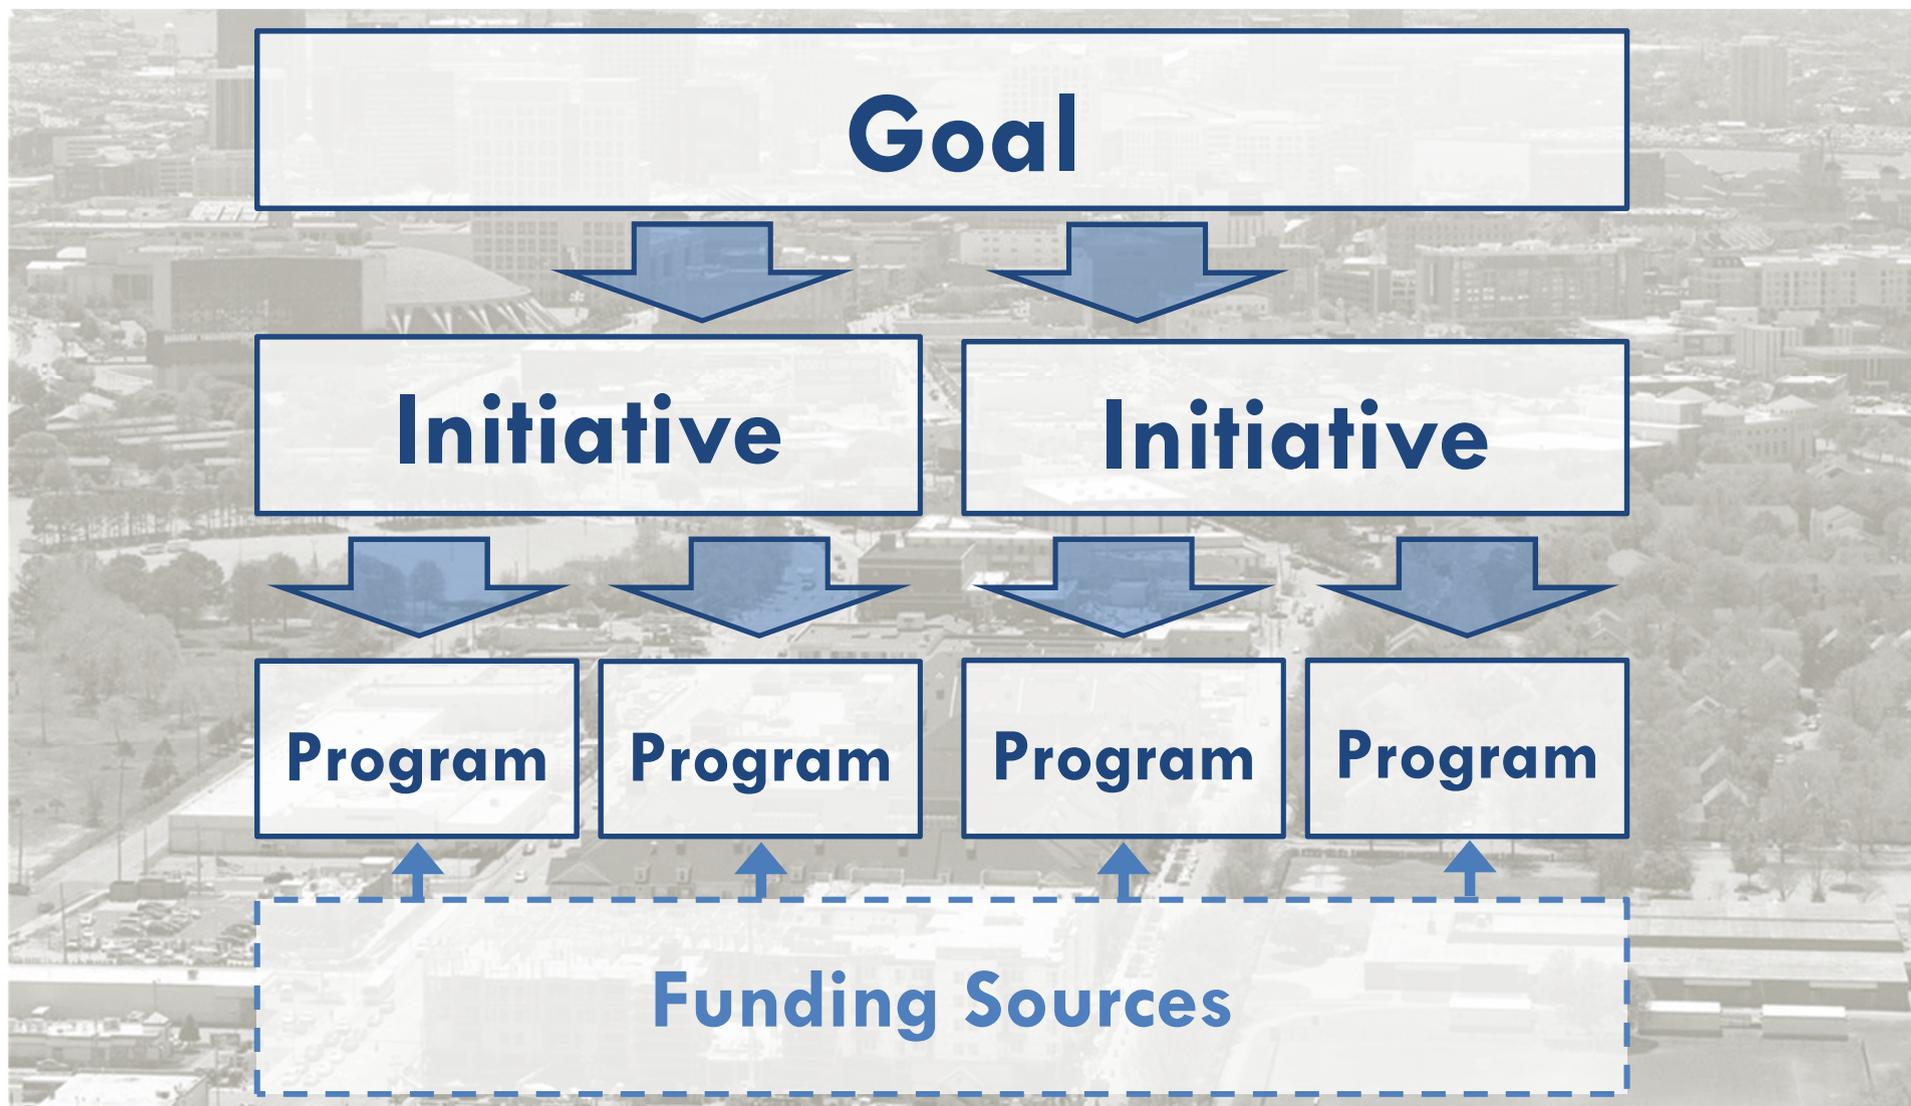

GOAL:
**Strengthen Neighborhoods
Throughout the City**

- Give existing housing programs strategic focus
- Introduce new programs to increase impact

GOAL:
**Deconcentrate Clusters of
Poverty**

- Create new housing options for low-income residents in communities of opportunity
- Address obsolete public housing

The housing strategy recommendations are organized around the two goals, with supporting initiatives and programs.

Four key principles guided the development of the proposed housing strategy for Norfolk.

Maintain a People-Focused Perspective

Develop a Bold Strategy For Norfolk

Leverage Public and Private Resources

Align Housing Programs with Existing Strategic Plans

Goal: Strengthen Neighborhoods

Initiatives

Increase Homeownership

Promote Small Rental Revitalization

Create New Rental Housing

Goal: Deconcentrate Poverty

Initiatives

Redevelop Public Housing

Require Mixed-Income Rental Housing

Goal: Strengthen Neighborhoods | Focus housing investments in tipping point and fragile markets to rebuild housing markets.

Initiative: Increase Homeownership | Increase homeownership to strengthen neighborhoods and support residents' ability to build wealth.

- Norfolk's homeownership rate is 44%, which is lower than the Hampton Roads region as a whole.
- Increased Homeownership is an opportunity to build the wealth of residents.

To increase the homeownership rate, the City should implement or modify four distinct but complementary programs:

- 1** Strategy for the Sale of GEM Lots for Homeownership
- 2** Development Subsidy
- 3** Owner Occupied Rehab
- 4** Down Payment Assistance

Initiative: Small Rental Revitalization | Improve the quality and preserve the affordability of small rental properties.

- Norfolk has more than 12,000 units of naturally affordable market rate housing.
- The majority of Norfolk's rental housing is in buildings of ten units or less.
- More than half of Norfolk's rental housing predates the 1960's.

To improve and preserve this important stock of naturally affordable rental properties, the City should implement the following programs:

- 1** Rental Rehabilitation Fund
- 2** Code Enforcement
- 3** Rental Inspection

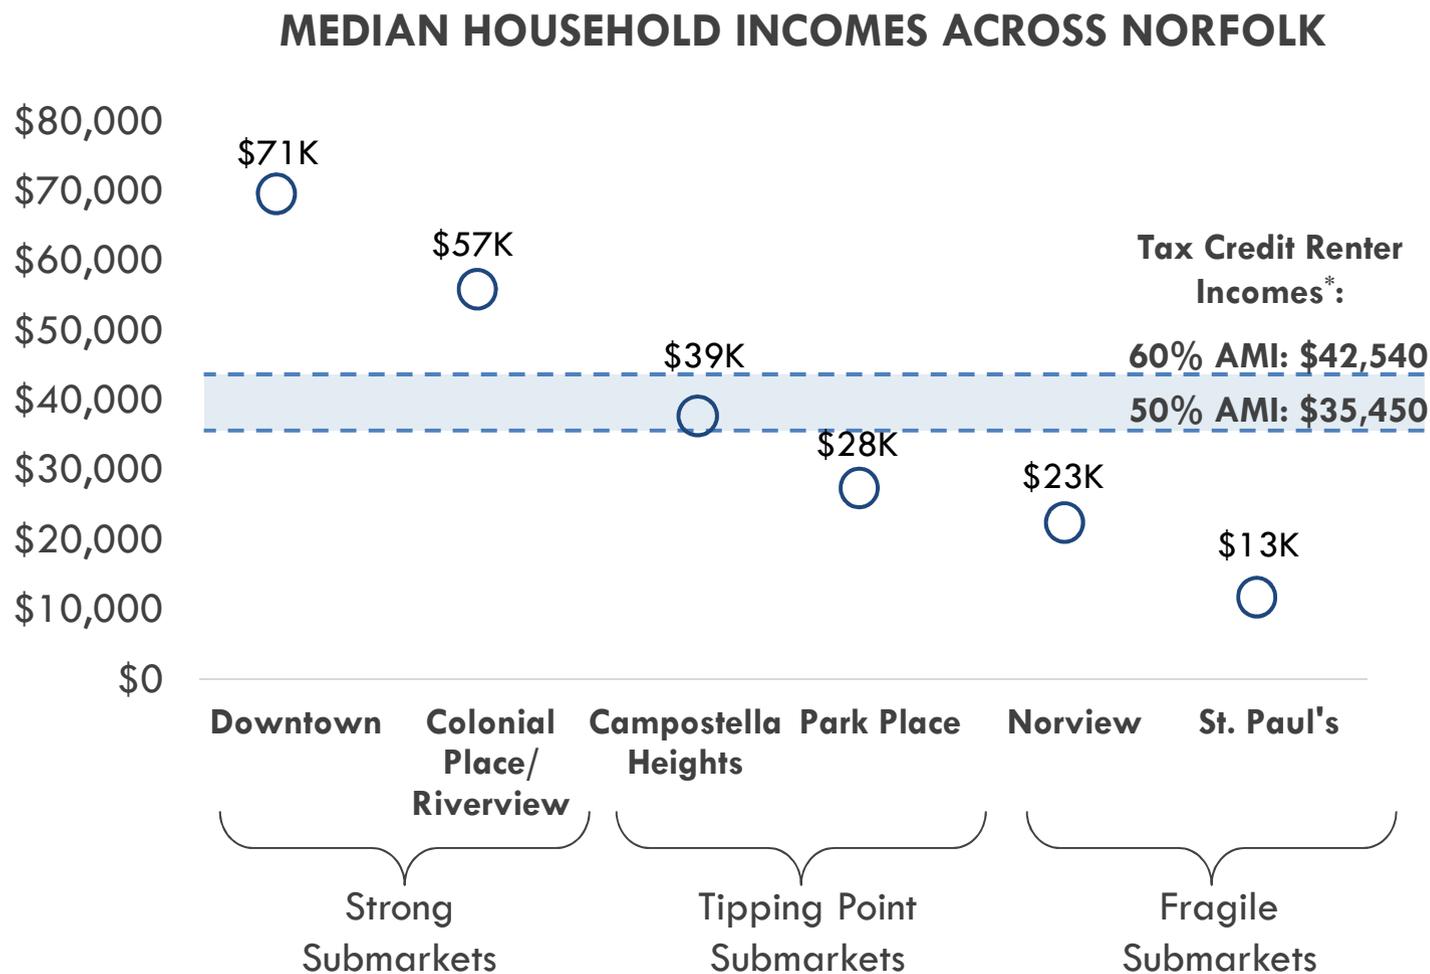

Initiative: New Rental Housing | Develop quality affordable rental housing to meet existing needs and attract new residents.

- Norfolk faces a shortage of affordable rental housing.
- Rents are generally not high enough in tipping point submarkets to support new development.

To create new quality housing across all submarkets, the City of Norfolk should support the development of tax credit projects, specifically 4% tax credit projects.

1 4% Tax Credit Projects

In tipping point markets, the average household income for tax credit renters is at or above average incomes in the submarket.

AVERAGE SALARY BY OCCUPATION**

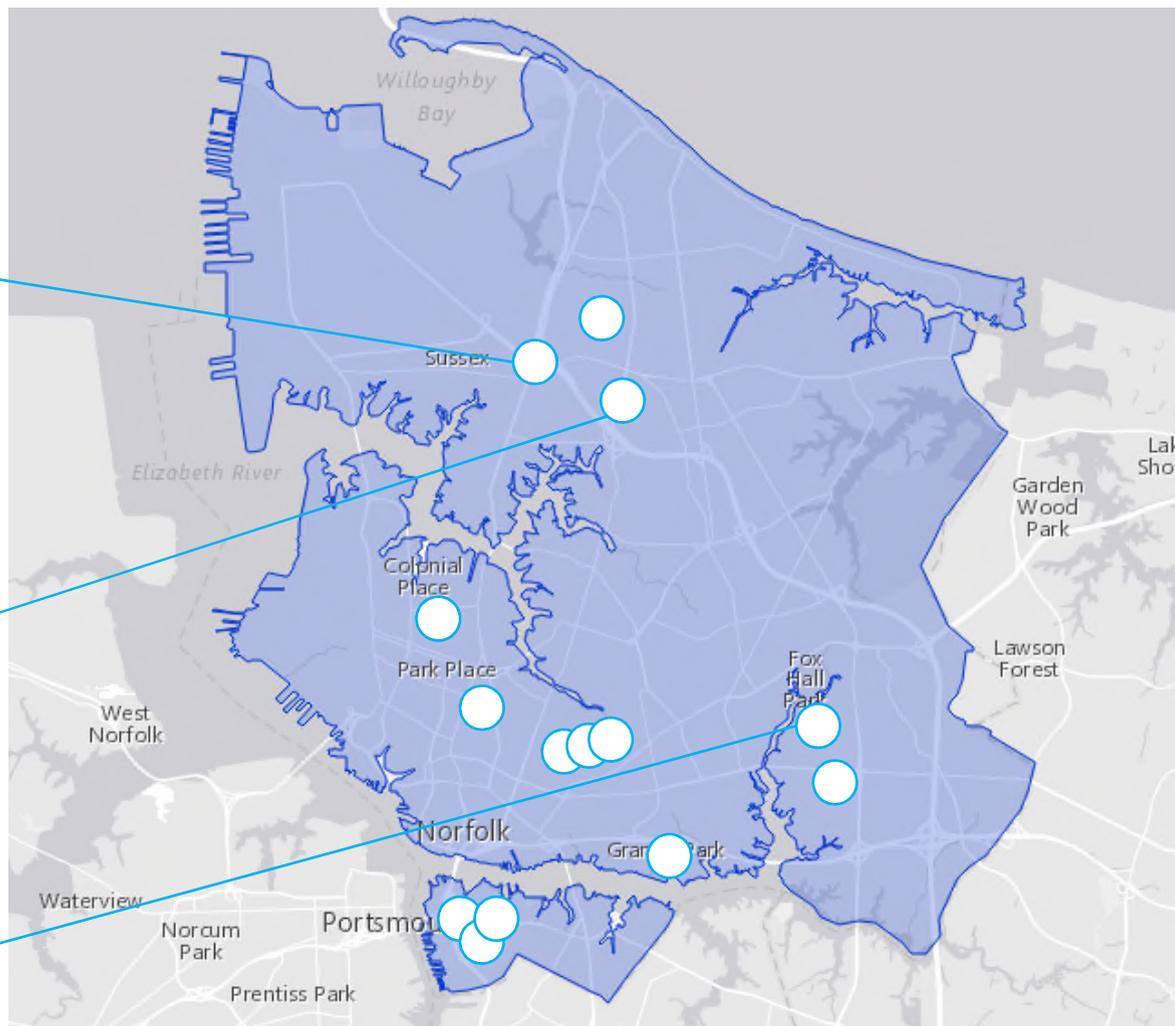

\$32,000
Dental Assistant
\$32,000
Preschool Teacher
\$24,000
Waiter/Waitress
\$22,000
Home Health Aide

*Assumes a four-person household

** 2015 Mean Annual wage in the Virginia Beach-Norfolk-Newport News MSA

There have been 1,900 tax credit units built in Norfolk in the past decade, providing housing primarily for households earning up to \$42,540.

Goal: Strengthen Neighborhoods

Initiatives

Increase Homeownership

Promote Small Rental Revitalization

Create New Rental Housing

Goal: Deconcentrate Poverty

Initiatives

Redevelop Public Housing

Require Mixed-Income Rental Housing

Goal: Deconcentrate Poverty | Through the development of mixed-income neighborhoods, the City can support the deconcentration of poverty.

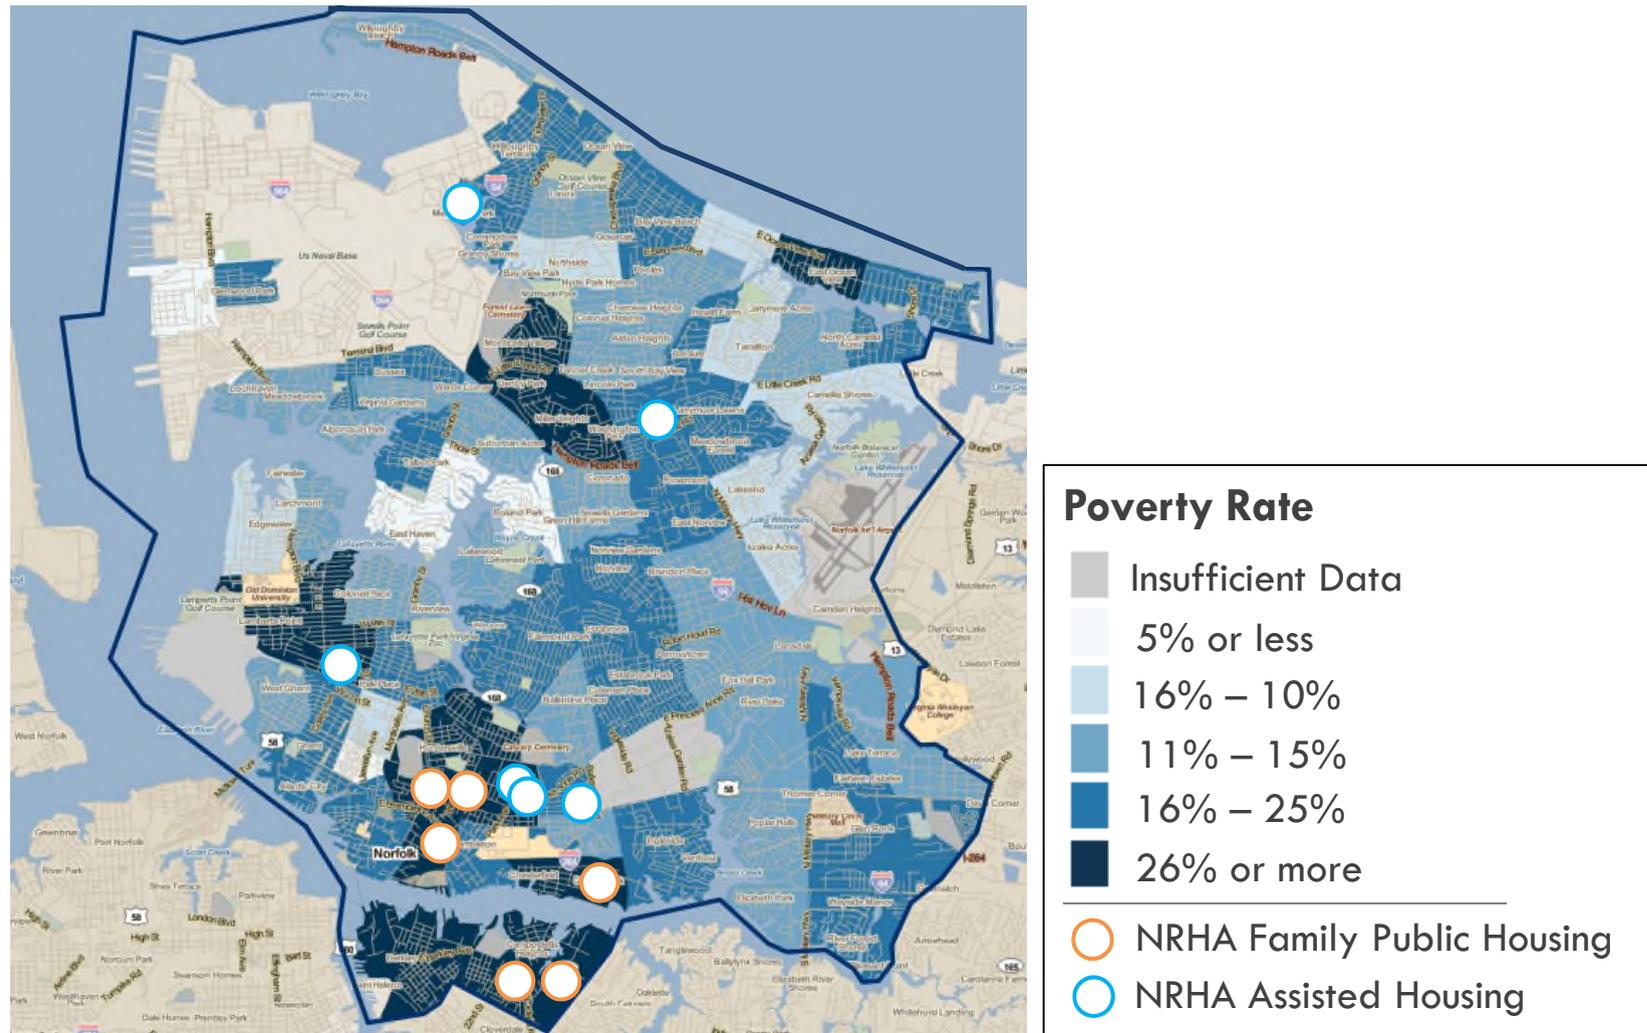

“A major step to create more fair housing opportunities will be to expand the availability of affordable housing in areas of median or high income in Norfolk, and to consider new family and mixed-income housing outside areas of concentrated poverty.”

Norfolk Plan to Reduce Poverty

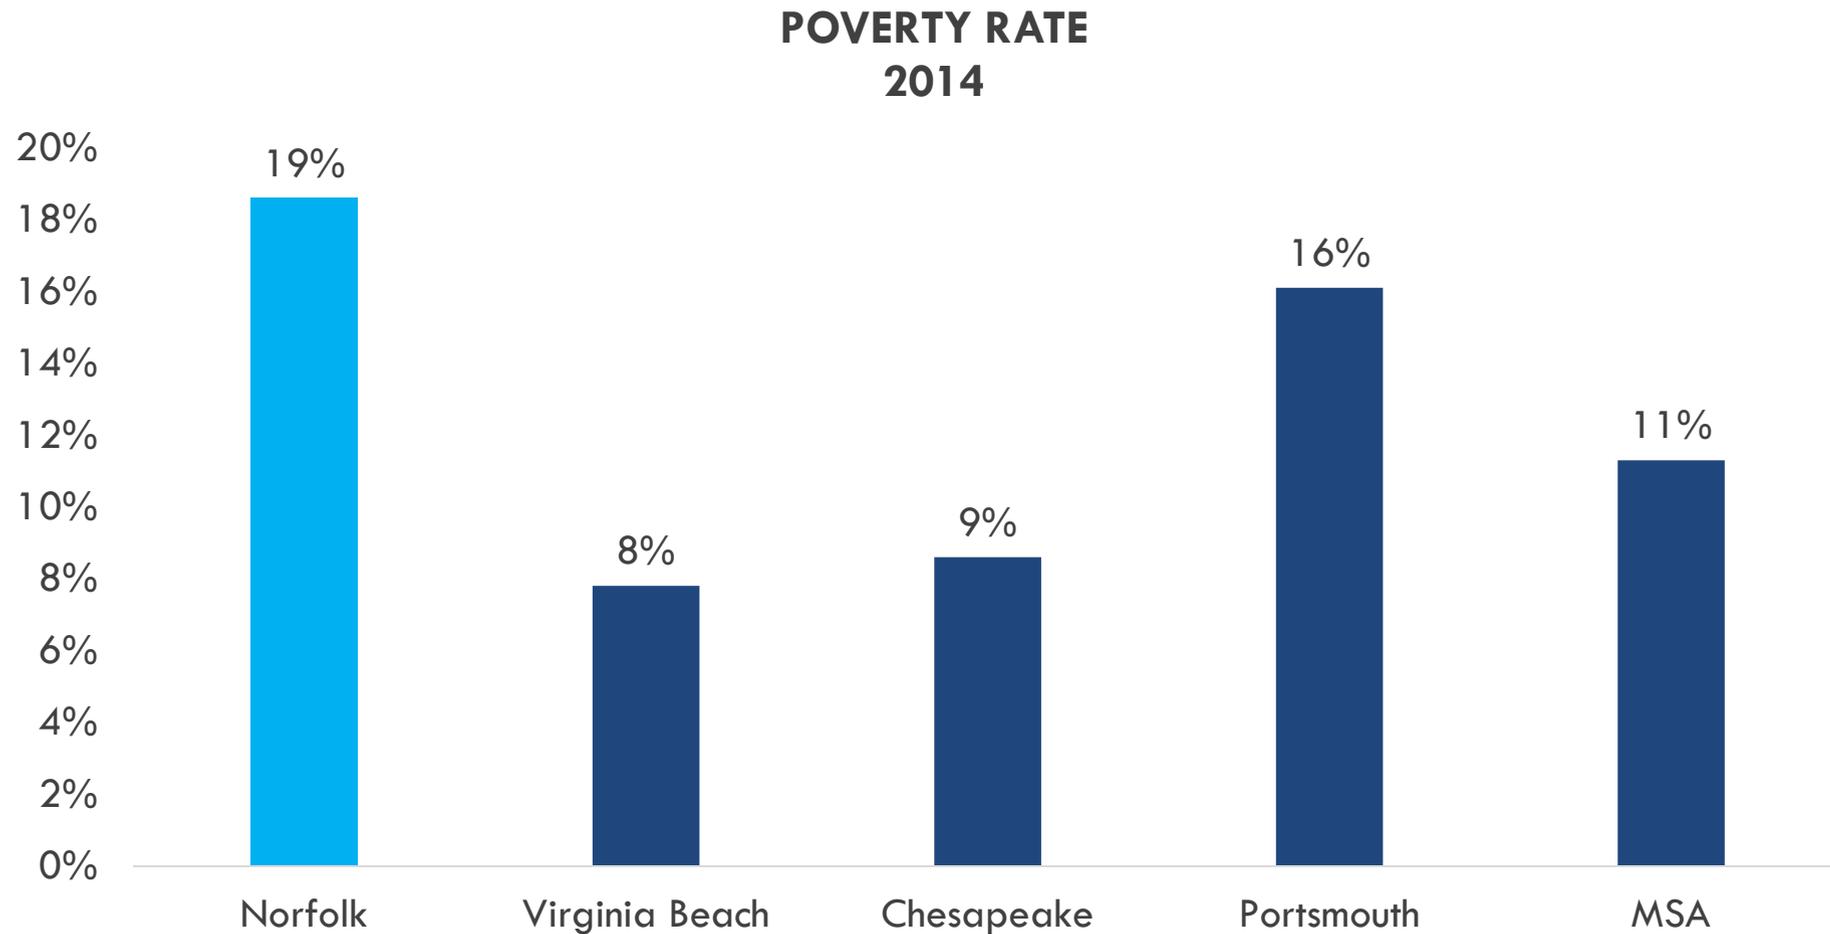

Large-scale public housing development concentrates poverty by its nature and must be addressed.

POVERTY AND PUBLIC HOUSING

Source: Norfolk Redevelopment and Housing Authority; PolicyMap; HR&A Advisors

Deconcentrating poverty will require a regional approach.

Sources: ESRI; HR&A Advisors

Initiative: Redevelop Public Housing | Public housing redevelopment is essential to deconcentrate poverty and provide opportunity to residents.

- Norfolk's public housing is composed of distressed buildings and obsolete development patterns.
- Public housing residents have limited access to housing in communities of opportunity.
- Norfolk lags behind other cities in redeveloping public housing family communities.

Redevelopment should include programs addressing both physical buildings and resident needs:

- 1** Tenant Mobility
- 2** Landlord Outreach
- 3** Master Planned Redevelopment

Initiative: Require Mixed-Income Rental Housing | Mixed-income housing provides access to neighborhoods of opportunity for all residents.

- The creation of mixed-income housing expands the availability of quality affordable housing.

Redevelopment should include program's addressing both physical buildings and resident needs:

- 1** Tax Credit Development Voucher Program
- 2** Inclusionary Housing Policy

Next Steps | Moving forward, Norfolk must refine its housing strategy and begin program design for new programs.

SUBJECT: Minutes of City Council Meeting

November 4, 2016

Attached are the minutes from the City Council meeting held on October 25, 2016.

R. Allan Bull

NORFOLK, VIRGINIA

BUSINESS MEETING OF COUNCIL

TUESDAY, OCTOBER 25, 2016

Mayor Alexander called the meeting to order at 4:09 p.m. with the following members present: Mrs. Graves, Ms. Johnson, Ms. McClellan, Mr. Riddick, Mr. Smigiel, Mr. Thomas, and Dr. Whibley.

He thereupon called on the clerk to read the motion of closed session.

A. CLOSED SESSION

Motion for closed session was approved for purposes which are set out in Clause(s) 1 of subsection (A) of Section 2.2-3711 of the Virginia Freedom of Information Act, as amended:

- (1) Discussion, consideration, or interviews of prospective candidates for employment.

Yes: Graves, Johnson, McClellan, Riddick, Smigiel, Thomas, Whibley and Alexander.

No: None.

B. MATTHEW IMPACT UPDATE:

Wynter Benda, Deputy City Manager, and Jim Redick, Director, Emergency Operations Center, reported as follows:

Mr. Benda reported that Saturday, October 8th, shelters were implemented at Norview High School and two recreation centers (59 citizens accepted shelter at Norview). All residents in Spartan Village were contacted and two citizens accepted shelter. With regard to the flooded underpasses, the volume of flooding caused both pumps to malfunction.

Mr. Redick added that they started preparing for this event at the Southside Task Force. After Hermine and Julia, they knew that Matthew would cause downed trees and power lines; over 400 trees were downed or damaged. We will meet the threshold for public assistance and have reached out to civic leagues and houses of worship. We will also continue to assist other cities as needed.

The Governor requested Individual Assistance Programs and Small Business Administration disaster loans for the cities of Chesapeake, Hampton, Newport News, Norfolk, Portsmouth, Suffolk, Virginia Beach, as well as Isle of Wight and York Counties. Over 400 structures were impacted; 17 with flood insurance; 6 were destroyed; 19 with major damage; 28 with minor damage; 38 affected. Our cleanup efforts continue.

Councilman Smigiel expressed concern about debris getting into the street and blocking drains. Mr. Broad stated that Waste Management continues to pick up the smaller debris and Crowder Gulf continues to assist with the larger trees. Ms. McClellan added that the Storm Mobile was a great effort in concept. She suggested getting user feedback so we can then make it more user-friendly to all citizens.

C. AMERICAN CIGAR FACTORY UPDATE

James Rogers, Director of Neighborhood Development, reported as follows:

The project began in 2014; a 155-unit apartment complex is planned. On October 8th during the recent storm, one of the walls fell on the railroad tracks. On October 10th, Speight, Marshall & Francis, structural engineers, determined the building to be unsafe. The city told Mr. McCullough the building must be demolished. Mr. McCullough petitioned the court and was granted an injunction to stop demolition and give Mr. McCullough a chance to make repairs and partly because \$4 million in tax credits are involved. They return to court on October 27th. Councilman Smigiel suggested asking our state legislators to address this issue noting similar projects that have used this type of delay tactic.

D. 1155 PINERIDGE ROAD

Sabrina Joy-Hogg, Chief Deputy City Manager, reported as follows:

The building meets all the facility's needs that include: 37,000 square feet; office space for 46 employees; training room; tech services and cataloging area; conditioned warehouse space for at least 210,000 library materials; dock(s) and bay door(s) for deliveries and shipping; and a load bearing floor. The current lease will expire this month. The renegotiated lease term is from November 1, 2016 to October 31, 2023. The annual base rent begins at \$292,874 and increases two percent annually. This results in a total cost avoidance of almost \$150,000 when compared to the current lease. The landlord's responsibilities remain the same. The city has the right of first refusal to purchase the building. The purchase price exceeds the appraised value and is not recommended at this time. Other sites were considered other spaces but those had no climate control and would need renovations.

E. ENTERPRISE ZONE BOUNDARIES (PH-3)

Chuck Rigney, Director of Development, reported as follows:

The program began in 1984. Norfolk applied for Enterprise Zone designation in 2010 and it will expire in 2020. At the end of that term we will have the opportunity to re-designate for two, consecutive, five-year terms. Each year localities are allowed to amend borders and boundary lines. Mr. Rigney presented maps showing the existing areas; the areas that will be removed; and the areas to be added. The areas to be added include Chelsea, Church Street, Hampton Boulevard and Central Business Park. Mailers, public advertisements, ordinance preparation and scheduling of a public hearing will be done in a timely fashion, as to meet all critical dates. Councilwoman Graves asked if the city could set aside funds to help struggling businesses that are not located in the Enterprise Zone or to create some type of a partnership program.

F. SCHOOL FUNDING FORMULA

Sabrina Joy-Hogg, Chief Deputy City Manager, reported as follows:

Norfolk Public Schools' operating budget includes funding from federal, state and local sources. Most of their funding comes from the state. Local school divisions do not have taxing authority. The Code of Virginia allows appropriation of funds for public education two ways: One is by the lump sum method and the other is by classification. The lump sum method is how we currently provide funding to Norfolk Public Schools.

There are nine classifications to fund school systems with that range from instruction, administration, transportation, debt service, et cetera.

In considering school funding options, the benefits of revenue sharing are: improves ability for city and Norfolk Public Schools to plan for future expenses; presents an opportunity to link locally generated revenues to school funding; and provides increased financial stability in order to refocus discussions outside of fiscal matters. Chesapeake, Hampton and Virginia Beach use a revenue sharing model. Norfolk, Newport News, Portsmouth and Suffolk do funding based upon the school board request.

In our research of revenue sharing models, we have found there are various ways of doing these formulas with a mix of revenues such as real estate property tax, utilities, personal property tax. The most straightforward method is just to take locally generated revenue and do a percentage off of that. A revenue sharing model would allow Norfolk Public Schools to share in the city's growth. It would align local support based on student population.

The recommendation is to consider an average daily membership model and that Norfolk Public Schools be held harmless if the average daily membership projection comes in lower than what they projected. In this model, if the local revenue decreases and the average daily membership decreases, there should be an adjustment that's made which is consistent with other localities as well.

As part of exploring this model:

Councilman Smigiel reiterated his request to look at partnering with Norfolk Public Schools on in-kind projects and services as a cost-saving measure.

Councilwoman Graves asked staff to also explore ways to assist with needs that fall outside of this formula.

EXHIBIT A

TERMS AND CONDITIONS OF PROPOSED LONG TERM GARAGE PARKING AGREEMENT

1. PROVISION OF PARKING.

During the Term of this Agreement, the City shall provide Tenant parking in the Garage subject to the following conditions:

(a) The City hereby leases to Tenant and Tenant hereby leases from the City twelve (12) parking spaces in the Garage (the "Maximum Allocated Amount") solely to provide parking for tenants of the Project pursuant to the terms of this Agreement. The parking spaces leased by Tenant pursuant to this Agreement shall be unreserved and will be available twenty-four (24) hours per day seven (7) days per week.

(b) Unless sooner terminated in accordance with the terms of this Agreement, the City's obligation to provide parking under this Agreement shall commence on _____ and shall terminate on _____, which is twenty (20) years after the commencement date (the "Term"). Tenant shall provide written notice to the City of the issuance of the Certificate of Occupancy.

(c) Except as otherwise set forth herein, Tenant shall pay rent for the parking spaces leased hereunder (the "Parking Fee") at a rate of _____ Dollars (\$_____) per month (the "Monthly Parking Rate") for each of the parking spaces included in the Maximum Allocated Amount. The parties hereto acknowledge and agree that the Monthly Parking Rate may be increased from time to time by written notice from the City to Tenant in amounts proportionate to rate increases enacted by the City Council of the City of Norfolk; however, the City agrees that such rates shall not exceed the standard rates charged to other residents of the City utilizing this Garage. The Parking Fee shall be paid by Tenant in advance on the first day of each calendar month during the Term, as hereinafter defined, to the City of Norfolk, Division of Parking, 232 East Main Street, Norfolk, Virginia 23510 or to such other address as directed by the City. Rent for any partial calendar month shall be prorated and paid in advance.

(d) Tenant shall not permit any parking spaces that are leased for the Project's tenant parking to be used for any other purpose without the express consent of the City. In the event such consent is given, Tenant shall obtain the necessary parking permit and shall pay the standard, applicable market parking rate for any such parking space. Guests of the Project's tenants shall obtain guest parking permits through the City's Parking Division at the standard, applicable parking rate set by the City Council.

(e) Tenant specifically understands that maximum utilization of all parking spaces is extremely important to City, and Tenant covenants to do all things reasonably necessary to permit City to obtain such maximum utilization.

(f) Tenant may terminate this Agreement at any time by giving City not less than thirty (30) days prior written notice.

(g) Tenant may, at any time, lower the number of parking spaces leased pursuant to this Agreement with thirty (30) days' notice to City and Lender and, thereafter, the Maximum Allocated Amount shall be decreased to the number of parking spaces then being leased, the Parking Fee shall be reduced to reflect to the reduced Maximum Allocated Amount, and the Maximum Allocated Amount pursuant to this Agreement shall not then be increased without the prior written consent of the City Manager and the City's Director of Parking. City shall have no obligation to make available to Tenant or the Project tenants any parking in excess of the then current Maximum Allocated Amount.

(h) Tenant may not charge the Project tenants for use of the Parking Spaces any amount in excess of the Monthly Parking Rate or any other parking related fees in excess of those established by the City.

(i) Tenant agrees to cooperate in all reasonable respects with the City and use such systems as the City may reasonably adopt from time to time in order to track actual use of parking spaces and the number of vehicles parked in the Garage, so long as such systems are generally consistent with those used in other comparable City owned garages to track similar uses of parking. Tenant agrees to, and agrees to cause its agents, employees and contractors to, use good faith in the use and administration of any such tracking systems in order to insure that each vehicle parked in the Garage through the Project-validated guest self-parking is accounted for pursuant to the terms of this Agreement. Tenant acknowledges and agrees that attempts by Tenant, its agents, employees or contractors to circumvent such tracking systems and park additional vehicles without payment therefor may constitute grounds for termination of this Agreement.

2. **OPERATION AND USE.**

(a) The City or its designated operator shall continue to operate the Garage with all services and facilities normally associated with comparable public parking areas in the City of Norfolk.

(b) Except as otherwise set forth herein, the City shall allow unimpeded and open access to the Project tenants to and from the Garage at all times, i.e., twenty-four (24) hours per day, seven (7) days per week, including holidays.

(c) Upon giving reasonable notice to Tenant, the City or its designated operator may restrict access to the Garage for the performance of necessary repairs or maintenance and such repairs or maintenance shall be completed as quickly as reasonably possible. If requested by Tenant, the City will provide replacement parking during such maintenance and repairs at other parking facilities owned by the City, and such facilities will be located as conveniently to the residents of the Project Building as reasonably possible.

(d) Use of the Garage by residents of the Tenant Project shall be subject to such reasonable rules and regulations as the City may adopt from time to time. The City shall reasonably and equitably enforce such rules and regulations.

3. **MAINTENANCE AND REPAIR.**

(a) The City shall continue to maintain the Garage, or contract for the maintenance thereof, at all times in good order and condition, clean and free of rodents, in accordance with maintenance standards employed at comparable public parking areas in the City of Norfolk, so that the Garage shall comply with all building codes, ordinances, regulations, and laws of any governmental authority having jurisdiction thereof. The City shall be responsible for maintenance and repair of the Garage and shall pay all charges for water, sewer, gas, electricity and other utilities. The term "maintenance" shall include, but not be limited to, painting, operation, inspection, testing, repair, replacement of mechanical, electrical or similar components and/or cleaning the Garage, including any of its elevators and appurtenant facilities.

(b) In the event of any damage or destruction of all or any portion of the Garage, the City, at its option, shall undertake to repair or rebuild the Garage to provide as promptly as reasonably possible after the date of such damage or destruction, the then current Maximum Allocated Amount of parking. During the period of any such repair or rebuilding, the City shall provide replacement parking as provided by paragraph 2(c). If the City, in its sole and absolute discretion, chooses not to repair or rebuild the Garage, the City shall provide replacement parking in accordance with Section 2(c).

(c) The City shall provide and maintain interior and exterior illumination sufficient to illuminate the Garage and all means of pedestrian and vehicular access and egress thereto and therefrom between twilight and one hour after dawn.

(d) The City shall provide suitable and sufficient signs in and around the Garage as required for safe and orderly flow of pedestrian and vehicular traffic, including signage directing garage users to appropriate the Project entrances and on any general directories provided by the City in the Garage.

(e) The City shall have the right to make and complete, using high quality workmanship and materials, such replacements, repairs, alterations and improvements to the Garage as it deems necessary or desirable in connection with the aforementioned usage consistent with applicable zoning laws. During the period of such replacements, repairs, alterations and improvements, the City shall provide replacement parking as provided by paragraph 2(d).

(f) In performing maintenance, the City shall use reasonable efforts to interfere as little as possible with the use, occupation and enjoyment of the Garage by Tenant. If possible, maintenance shall be confined to the area actually being so maintained.

4. **TAX LIABILITY.**

The provisions of this Agreement shall not be deemed to require Tenant to pay, by whatever name called, income or receipts or excess profits taxes assessed against the City, or any capital levy, rent, gift or transfer taxes incurred by the City, pertaining to the ownership or operation of the Garage.

5. **TITLE TO PROPERTY.**

The City covenants that it has full right to enter into this Agreement as of the date hereof and the City is or will be seized in fee simple of and have good and marketable title to the Property and any improvements thereon, subject to any recorded liens, leases, encumbrances, easements, covenants, conditions and restrictions and existing zoning and other state and local requirements, none of which shall prevent the City from performing its obligations hereunder.

6. **INTEREST; ATTORNEYS' FEES.**

If Tenant fails to pay the City any amounts payable under this Agreement when due, following receipt by Tenant of notice thereof from the City, such past-due payments shall bear interest from the date due until paid at the rate of six percent (6%) per annum. In addition, Tenant shall pay all reasonable out-of-pocket costs and expenses of collection (including court costs and reasonable attorneys' fees) incurred by the City in collecting sums due under this Agreement.

7. **INSURANCE; LIABILITY.**

The City shall not be liable to Tenant or Tenant's tenants, employees, agents or contractors for any injury, damage, compensation or claim directly or indirectly relating to or arising out of any use of the Garage by Tenant tenants, employees, agents or contractors unless such injury, damage, compensation or claim results from the City's gross negligence or willful misconduct.

8. **ASSIGNMENT AND LEASING.**

(a) Tenant may not assign this Agreement, in whole or in part, or lease all or any part of the Maximum Allocated Amount of parking provided in the Garage, except to (i) a purchaser of the Project in the event of a sale thereof, (ii) an Affiliate of Tenant, (iii) any lender as collateral for financing of the Project or (iv) any purchaser of the Project at a foreclosure sale, transferee pursuant to a deed in lieu of foreclosure, or any receiver appointed for the Property; provided, however, it shall be a condition of any such assignment that the Project shall continue to be used for residential purposes. In the event the Project ceases to be used for residential purposes, the City may terminate this Agreement at any time. For purposes hereof, "Affiliate" shall mean as to any person, any other person that, directly or indirectly, controls, is controlled by or is under common control with such person. The parking spaces leased by Tenant pursuant to this Agreement shall be unreserved and will be available twenty-four (24) hours per day seven (7) days per week.

(b) Unless sooner terminated in accordance with the terms of this Agreement, the City's obligation to provide parking under this Agreement shall commence on _____ and shall terminate on _____, which is twenty (20) years after the commencement date (the "Term"). Tenant shall provide written notice to the City of the issuance of the Certificate of Occupancy.

(c) Except as otherwise set forth herein, Tenant shall pay rent for the parking spaces leased hereunder (the "Parking Fee") at a rate of _____ Dollars (\$_____) per month (the "Monthly Parking Rate") for each of the parking spaces included in the Maximum Allocated Amount. City shall have no obligation to make available to Tenant or the Project tenants any parking in excess of the then current Maximum Allocated Amount.

EXHIBIT A

TERMS AND CONDITIONS OF PROPOSED LONG TERM GARAGE PARKING AGREEMENT

1. PROVISION OF PARKING.

During the Term of this Agreement, the City shall provide Tenant parking in the Garage subject to the following conditions:

(a) The City hereby leases to Tenant and Tenant hereby leases from the City fifty-six (56) parking spaces in the Garage (the "Maximum Allocated Amount") solely to provide parking for tenants of the Project pursuant to the terms of this Agreement. The parking spaces leased by Tenant pursuant to this Agreement shall be unreserved and will be available twenty-four (24) hours per day seven (7) days per week.

(b) Unless sooner terminated in accordance with the terms of this Agreement, the City's obligation to provide parking under this Agreement shall commence on _____ and shall terminate on _____ (the "Term").

(c) Except as otherwise set forth herein, Tenant shall pay rent for the parking spaces leased hereunder at a rate of _____ Dollars (\$____) per month for each of the parking spaces leased pursuant to this Agreement (the "Parking Fee"). The parties acknowledge and agree that the Parking Fee may be increased from time to time by written notice from the City to Tenant in amounts proportionate to rate increases enacted by the City Council of the City of Norfolk; however, the City agrees that such rates shall not exceed the standard rates charged to other residents of the City utilizing this Garage. The Parking Fee shall be paid by Tenant in advance on the first day of each calendar month during the Term, as hereinafter defined, to the City of Norfolk, Division of Parking, 232 East Main Street, Norfolk, Virginia 23510 or to such other address as directed by the City. Rent for any partial calendar month shall be prorated and paid in advance.

(d) Tenant shall not permit any parking spaces leased hereunder to be used for any other purpose other than parking for the Project's tenants without the express consent of the City. In the event such consent is given, Tenant shall obtain the necessary parking permit and shall pay the standard, applicable market parking rate for any such parking space. Guests of the Project's tenants shall obtain guest parking permits through the City's Parking Division at the standard, applicable parking rate set by the City Council.

(e) Tenant specifically understands that maximum utilization of all parking spaces is extremely important to City, and Tenant covenants to do all things reasonably necessary to permit City to obtain such maximum utilization.

(f) Tenant may terminate this Agreement at any time by giving City not less than thirty (30) days prior written notice. Tenant may, at any time, lower the number of Parking Spaces leased pursuant to this Agreement with thirty (30) days' notice to City and Lender and, thereafter, the Maximum Allocated Amount shall be decreased to the number of Parking Spaces

then being leased and the Maximum Allocated Amount pursuant to this Agreement shall not then be increased without the prior written consent of the City Manager and the City's Director of Parking. City shall have no obligation to make available to Tenant or the Project's tenants any parking in excess of the then current Maximum Allocated Amount.

(g) Tenant may not charge the Project tenants for use of the Parking Spaces any amount in excess of the Parking Fee or any other parking related fees in excess of those established by the City.

(h) Tenant agrees to cooperate in all reasonable respects with the City and use such systems as the City may reasonably adopt from time to time in order to track actual use of parking spaces and the number of vehicles parked in the Garage, so long as such systems are generally consistent with those used in other comparable City owned garages to track similar uses of parking. Tenant agrees to, and agrees to cause its agents, employees and contractors to, use good faith in the use and administration of any such tracking systems in order to insure that each vehicle parked in the Garage through the Project-validated guest self-parking is accounted for pursuant to the terms of this Agreement. Tenant acknowledges and agrees that attempts by Tenant, its agents, employees or contractors to circumvent such tracking systems and park additional vehicles without payment therefor may constitute grounds for termination of this Agreement.

2. **OPERATION AND USE.**

(a) The City or its designated operator shall continue to operate the Garage with all services and facilities normally associated with comparable public parking areas in the City of Norfolk.

(b) Except as otherwise set forth herein, the City shall allow unimpeded and open access to the Project tenants to and from the Garage at all times, i.e., twenty-four (24) hours per day, seven (7) days per week, including holidays.

(c) Upon giving reasonable notice to Tenant, the City or its designated operator may restrict access to the Garage for the performance of necessary repairs or maintenance and such repairs or maintenance shall be completed as quickly as reasonably possible. If requested by Tenant, the City will provide replacement parking during such maintenance and repairs at other parking facilities owned by the City, and such facilities will be located as conveniently to the residents of the Project Building as reasonably possible.

(d) Use of the Garage by residents of the Tenant Project shall be subject to such reasonable rules and regulations as the City may adopt from time to time. The City shall reasonably and equitably enforce such rules and regulations.

3. **MAINTENANCE AND REPAIR.**

(a) The City shall continue to maintain the Garage, or contract for the maintenance thereof, at all times in good order and condition, clean and free of rodents, in accordance with maintenance standards employed at comparable public parking areas in the City of Norfolk, so that the Garage shall comply with all building codes, ordinances, regulations, and

laws of any governmental authority having jurisdiction thereof. The City shall be responsible for maintenance and repair of the Garage and shall pay all charges for water, sewer, gas, electricity and other utilities. The term "maintenance" shall include, but not be limited to, painting, operation, inspection, testing, repair, replacement of mechanical, electrical or similar components and/or cleaning the Garage, including any of its elevators and appurtenant facilities.

(b) In the event of any damage or destruction of all or any portion of the Garage, the City, at its option, shall undertake to repair or rebuild the Garage to provide as promptly as reasonably possible after the date of such damage or destruction, the then current Maximum Allocated Amount of parking. During the period of any such repair or rebuilding, the City shall provide replacement parking as provided by paragraph 2(c). If the City, in its sole and absolute discretion, chooses not to repair or rebuild the Garage, the City shall provide replacement parking in accordance with Section 2(c).

(c) The City shall provide and maintain interior and exterior illumination sufficient to illuminate the Garage and all means of pedestrian and vehicular access and egress thereto and therefrom between twilight and one hour after dawn.

(d) The City shall provide suitable and sufficient signs in and around the Garage as required for safe and orderly flow of pedestrian and vehicular traffic, including signage directing garage users to appropriate the Project entrances and on any general directories provided by the City in the Garage.

(e) The City shall have the right to make and complete, using high quality workmanship and materials, such replacements, repairs, alterations and improvements to the Garage as it deems necessary or desirable in connection with the aforementioned usage consistent with applicable zoning laws. During the period of such replacements, repairs, alterations and improvements, the City shall provide replacement parking as provided by paragraph 2(c).

(f) In performing maintenance, the City shall use reasonable efforts to interfere as little as possible with the use, occupation and enjoyment of the Garage by Tenant. If possible, maintenance shall be confined to the area actually being so maintained.

4. **TAX LIABILITY.**

The provisions of this Agreement shall not be deemed to require Tenant to pay, by whatever name called, income or receipts or excess profits taxes assessed against the City, or any capital levy, rent, gift or transfer taxes incurred by the City, pertaining to the ownership or operation of the Garage.

5. **TITLE TO PROPERTY.**

The City covenants that it has full right to enter into this Agreement as of the date hereof and the City is or will be seized in fee simple of and have good and marketable title to the Property and any improvements thereon, subject to any recorded liens, leases, encumbrances, easements, covenants, conditions and restrictions and existing zoning and other state and local requirements, none of which shall prevent the City from performing its obligations hereunder.

6. **INTEREST; ATTORNEYS' FEES.**

If Tenant fails to pay the City any amounts payable under this Agreement when due, following receipt by Tenant of notice thereof from the City, such past-due payments shall bear interest from the date due until paid at the rate of six percent (6%) per annum. In addition, Tenant shall pay all reasonable out-of-pocket costs and expenses of collection (including court costs and reasonable attorneys' fees) incurred by the City in collecting sums due under this Agreement.

7. **INSURANCE; LIABILITY.**

The City shall not be liable to Tenant or Tenant's tenants, employees, agents or contractors for any injury, damage, compensation or claim directly or indirectly relating to or arising out of any use of the Garage by Tenant tenants, employees, agents or contractors unless such injury, damage, compensation or claim results from the City's gross negligence or willful misconduct.

8. **ASSIGNMENT AND LEASING.**

(a) Tenant may not assign this Agreement, in whole or in part, or lease all or any part of the Maximum Allocated Amount of parking provided in the Garage, except to (i) a purchaser of the Project in the event of a sale thereof, (ii) an Affiliate of Tenant, (iii) any lender as collateral for financing of the Project or (iv) any purchaser of the Project at a foreclosure sale, transferee pursuant to a deed in lieu of foreclosure, or any receiver appointed for the Property; provided, however, it shall be a condition of any such assignment that the Project shall continue to be used for residential purposes. In the event the Project ceases to be used for residential purposes, the City may terminate this Agreement at any time. For purposes hereof, "Affiliate" shall mean as to any person, any other person that, directly or indirectly, controls, is controlled by or is under common control with such person. For purposes of this definition, the term "control" (including the terms "controlling", "controlled by" and "under common control with") of a person means the possession, directly or indirectly, of the power to vote more than 50% of the voting stock or membership interests of such person or to direct or cause the direction of the management and policies of such person, whether through the ownership of voting stock or membership interests, or by contract or otherwise. The City agrees to enter into any agreement reasonably requested by any lender or prospective lender to confirm that the assignment of this Agreement to the lender is permitted and to agree to give such lender notice of Tenant's default and a reasonable opportunity to cure such default.

9. **NOTICES.**

The City agrees to give a simultaneous duplicate notice of default to any of Tenant's lenders for which Tenant has provided the City a notice address in accordance with the notice provisions set forth above, and 151 Granby agrees to provide a copy of any notice of default received from the City to its lenders within three (3) business days of its receipt of any notice of default. Tenant shall have the right to terminate this Agreement at any time by giving the City ninety (90) days written notice prior to the effective date of the termination.

11. **ENTIRE AGREEMENT.**

12. **COMPLIANCE WITH FEDERAL IMMIGRATION LAW.**

At all times during which any term of this Agreement is in effect, Tenant shall not knowingly employ any unauthorized alien. A. Summary of Request

This request allows A.W. Shucks Raw Bar and Grill, an existing restaurant within the Ghent Market Shoppes, to expand into a vacant space and add outdoor dining, serving alcohol for on-premises consumption within the expanded space.

B. Plan Consistency

The proposed special exception is consistent with *plaNorfolk2030*, which designates this site as commercial.

C. Zoning Analysis

i. General

- The site is located within the Ghent Market Shoppes, which is on the northeast corner of Colonial Avenue and W. 22nd Street, and is comprised of a variety of commercial and office uses.
- The space intended for expansion was previously occupied by a dentist’s office.
- The site is located in the PCO-21st zoning district, which permits the proposed use by special exception.

	Prior (Suite 14)	Proposed (Suites 12 and 14)
Hours of Operation and for the Sale of Alcohol	11:00 a.m. until 2:00 a.m., Seven days a week	Same

2005	A.W. Shucks Raw Bar and Grill	Sale of alcohol for off-premises consumption
Pending	A.W. Shucks Raw Bar and Grill	Eating and drinking establishment – expansion, add outdoor dining

ii. Parking

- The site is located in the 21st Street Pedestrian Commercial Overlay, which requires one parking space per four seats.
- The Ghent Market Shoppes is currently developed with 141 parking spaces.
 - Due to an overflow parking agreement with the Mambo Room, located in the shopping center to the south, for 21 spaces on this property the actual parking supply is 120 spaces.
- With the proposed establishment's expansion into the new space, converting it from an office to a restaurant, the shopping center would have a parking demand of 103 spaces for all of the uses currently on-site.
- The building is also developed with another use (retail services establishment) that has peak hours during the daytime and early afternoon while this eating and drinking establishment will experience peak hours during the evening.
- The shopping center contains sufficient off-street parking to accommodate this restaurant expansion.

Bicycle Parking

- Given the square footage of the establishment the total bicycle parking requirement is for three bike spaces.
 - A bike rack accommodating at least three bicycles will have to be provided on the site within clear view of the main entrance.

iii. Flood Zone

The property is located in the X (Low to Moderate) Flood Zone, which is a low-risk flood zone.

D. **Transportation Impacts**

- Institute of Transportation Engineers figures estimate expansion of this existing restaurant will generate 200 new vehicle trips per day.
- W. 22nd Street adjacent to the site is not identified as a severely congested corridor in either the AM or PM peak hours in the current update to regional Hampton Roads Congestion Management analysis.
- The site is near transit service with Hampton Roads Transit bus routes 4 (Church) and 11 (Colonial) operating on Colonial Avenue and 21st Street near to the site.
- W. 22nd Street adjacent to the site is not an identified priority corridor in the City of Norfolk Bicycle and Pedestrian Strategic Plan.

E. **Historic Resources Impacts**

The site is located within the Norfolk and Western Railroad federal and state historic district and the building proposed for the expansion of this restaurant is a contributing structure to the district.

F. Public Schools Impacts

According to the Existing ABC Establishments and Norfolk Public Schools Proximity Map (see attached), the proposed property is not within 1,000 feet of a Norfolk Public School.

G. Environmental Impacts

The shopping center provides an adequate buffer between the parking area and the Colonial Avenue and W. 22nd Street frontages.

H. AICUZ Impacts

N/A

I. Surrounding Area/Site Impacts

- The site is surrounded by commercial uses with some industrial uses nearby.
- The expansion of an existing restaurant serving alcohol for on-premises consumption would not have a negative impact on the surrounding land uses, as there are multiple establishments serving alcohol in close proximity.
- Over the past year, there have been 49 calls for police service for the entire shopping center with three arrests made.

J. Payment of Taxes

The owner of the property is current on all real estate taxes.

K. Civic League

L. Communication Outreach/Notification

- Legal notice was posted on the property on September 20.
- Letters were mailed to all property owners within 300 feet of the property on October 12.
- Legal notification was placed in *The Virginian-Pilot* on October 13 and 20.

A. Summary of Request

- This request will allow a previously approved eating and drinking establishment, Leone’s, to expand the outdoor seating capacity and expand the hours of operation and hours for on-premises alcohol sales.

B. Plan Consistency

- The proposed special exception is consistent with *plaNorfolk2030*, which designates this site as Downtown.

C. Zoning Analysis

i. General

- This site is zoned D-3 district, which permits the proposed use by special exception.
- The applicant was previously approved to operate an eating and drinking establishment in 2014 with less outdoor seating and reduced hours than is now being proposed.

	Current	Proposed

ii. Parking

The site is located within the D-3 zoning district, which does not require off-street parking.

iii. Flood Zone

The property is located in the X (Shaded) and X Flood Zones, which are moderate and low-risk flood zones.

D. Transportation Impacts

- Institute of Transportation Engineers (ITE) figures estimate that this restaurant will generate 58 fewer vehicle trips per day by decreasing total indoor seating these location by 12 seats below currently approved levels.
 - Since outdoor seating is considered seasonal and weather-dependent, ITE only bases trip generation figures for restaurants on indoor seating.
- Granby Street adjacent to the site is not identified as a severely congested corridor in either the AM or PM peak hours in the current update to regional Hampton Roads Congestion Management analysis.
- This downtown site has good transit accessibility served with both frequent bus service and also light rail available at the nearby Monticello Station.
- Granby Street adjacent to the site is an identified priority corridor in the City of Norfolk *Bicycle and Pedestrian Strategic Plan*.

E. Historic Resources Impacts

- The site is located within the Downtown Historic Overlay District (HO-D) and is a contributing structure.
- Any modifications to the exterior of the building would be subject to Architectural Review Board approval for a Certificate of Appropriateness.

F. Public Schools Impacts

According to the Existing ABC Establishments and Norfolk Public Schools Proximity Map (see attached), the proposed property is not within 1,000 feet of a Norfolk Public School.

G. Environmental Impacts

A conceptual landscape plan has been provided, and a final landscape plan must be approved by the Department of Recreation, Parks and Open Space prior to the issuance of Certificate of Occupancy.

H. AICUZ Impacts

N/A

I. Surrounding Area/Site Impacts

- This site is located Downtown, which is developed with a mix of commercial uses as well as residential and office uses.
- This application should have no adverse impact on the surrounding area.
- The proposed increase in outdoor seating and increase in hours should not have any negative impacts on this portion of Granby Street, which already has a large number of eating and drinking establishments with outdoor seating.

J. Payment of Taxes

The owners of the property are current on all real estate taxes.

K. Civic League

Notice was sent to the Downtown Norfolk Civic League and Downtown Norfolk Council on September 15.

L. Communication Outreach/Notification

- Legal notice was posted on the property on September 20.
- Letters were mailed to all property owners within 300 feet of the property on October 12.
- Legal notification was placed in *The Virginian-Pilot* on October 13 and 20.

Subject: Amend § 41.1-23 of the *Norfolk City Code* to ensure stormwater utility requirements are in compliance with §15.2-2114 of the *Code of Virginia*

I. **Recommendation:** Adopt Ordinance

II. **Applicant:** City of Norfolk, Department of Public Works

III. **Description:**

This agenda item is an ordinance to amend the *Norfolk City Code* so as to add a new subsection (f) to § 41.1-23 providing for waivers of stormwater management fees by the Director of Public Works.

IV. **Analysis:**

The *Code of Virginia*, §15.2-2114, establishes that any entity implementing a stormwater utility fee shall provide a mechanism that authorizes a full or partial waiver program. The amendment to the *Norfolk City Code* will ensure the City of Norfolk (the "City") is implementing the stormwater utility in accordance with state law and will incentivize private property owners to install and maintain stormwater treatment on site that will assist with flooding and pollution issues. The stormwater treatment will also assist the City with meeting stormwater regulatory requirements, meeting the Chesapeake Bay Total Maximum Daily Load, and improving local water quality.

V. **Financial Impact:**

There are more than 800 existing privately-owned stormwater treatment devices within the City where property owners may receive some type of rate credit. This requirement is estimated to decrease stormwater revenue generated by approximately one-percent to five-percent or \$150,000 to \$750,000. Additionally, there are currently five government entities (United States Navy, Virginia Department of Transportation, Tidewater Community College,

Norfolk State University, and Old Dominion University) that will receive a full waiver; further reducing the storm water revenue by approximately \$500,000.

VI. Environmental:

There is no negative environmental impact associated with this matter. This program will assist with meeting water quality regulatory mandates from the Environmental Protection Agency and the Department of Environmental Quality.

Sec. 41.1-23 Stormwater management fees.

(f) As required by Section 15.2-2114 of the Code of Virginia, 1950, as amended, the Director of Public Works shall provide for adjustments in the form of full or partial waivers of stormwater management fees under the following circumstances:

(1) Full waivers:

Full waivers will be granted to any federal, state or local government, or public entity that holds a permit to discharge stormwater from a municipal separate storm sewer system, except that the waiver shall apply only to property covered by any such permit; and to all public roads and street rights-of-way that are owned and maintained by state or local agencies, including property rights-of-way acquired through the acquisitions process.

(2) Partial waivers:

Partial waivers will be granted when a property owner installs, operates, and maintains a stormwater management facility that achieves a permanent

reduction in stormwater flow or pollutant loadings. Partial waivers shall be based on the percentage reduction in stormwater flow and pollutant loadings from pre-installation to post-installation of the facility. The maximum reduction shall be no more than (60%) of the pre-installation fee. No person shall qualify for a waiver unless a stormwater permit from the Department of Environmental Quality has been obtained if such permit is required by statute or regulation.

(3) Residential Partial waivers:

Residential partial waivers will be granted for the following storm water management facilities of the required dimensions:

(a) Rain barrels, 10% credit (minimum drainage area 300 square feet);

(b) Grass swale, 10% credit (minimum drainage area 500 square feet);

(c) Buffer area, 10% credit (no minimum square feet requirement);

(d) Nutrient management plan, 10% credit (minimum drainage area 100% of the site);

(e) Cistern, 20% credit (minimum drainage area 300 square feet);

(f) Bioswale, 20% credit (minimum drainage area 500 square feet);

(g) Rain garden, 20% credit (minimum drainage area square 500 square feet);

(h) Permeable pavement with undertrain, 20% credit (minimum drainage area 300 square feet);

(i) Rooftop disconnect with soil amendments, 20% credit (minimum drainage area 300 square feet);

(j) Green roof, 50% credit (minimum drainage area 800 square feet);

(k) Living shoreline, 50% credit (no minimum drainage area requirement);

(4) Non-residential partial waivers:

Non-residential property waivers will be granted when a non-residential property owner installs a storm water management facility that reduces runoff pollution from the site. In order to qualify for a waiver, the design and related calculations of the facility must be developed by a professional engineer or survey licensed to practice in Virginia. The percent fee reduction for non-residential partial waivers will be computed to the nearest percent using the following formula: % fee reduction = (% storm water management efficiency rating) multiplied by (area served by storm water management facility in acres/total site area)

(5) Definitions:

Municipal Separate Storm Sewer means a facility which has been shown to be effective in helping to remove pollutants from stormwater runoff.

Rain Barrel means a tank used to catch rainwater running off roofs from a downspout.

Nutrient Management Plan means a program designed to manage the amount, source, placement, form and timing of the application of nutrients and soil amendments.

Rain Garden means a landscaped area slightly below ground level that captures and filters stormwater runoff from a roof or other impervious (paved) surface.

Permeable Pavement with Underdrain means pervious pavement such as concrete blocks, grid pavers, or pervious concrete or asphalt with a stone reservoir underneath. Gravel is not considered pervious pavement.

Rooftop/Downspout Disconnect means a system of separating roof downspouts from the storm system and redirecting roof runoff onto pervious surfaces where soil amendments have been applied, most commonly a lawn.

Green Roof means the roof of a building that is partially or completely covered with vegetation and a growing medium, planted over a waterproof membrane.

Living Shoreline means a shoreline protection option allowing for natural coastal processes to remain through the strategic placement of plants, stone, sand, fill and other structural and organic materials.

Stormwater Management Facility means a facility which has been shown to be effective in helping to remove pollutants from stormwater runoff.

(6) Review and Inspection

- (a) The city will review each storm water management facility granted a partial waiver on a regular basis to determine whether the facility still meets the criteria for a waiver. The city will revoke a waiver if the facility no longer meets the criteria.

- (b) Owners receiving partial waivers must complete annual inspections of their storm water management facilities. Owners must document the results of their inspection and provide them to the City. Such documents must include a photo of the facility and a written summary of any discrepancies with the facility and the actions taken to correct them. The inspections must be submitted to the Division no later than June 1 of each year and will be retained by the Division. Failure to submit the annual inspection will void the rate reduction starting on July 1 of that year.

Section 2:- That this ordinance shall be in effect from and after its adoption.

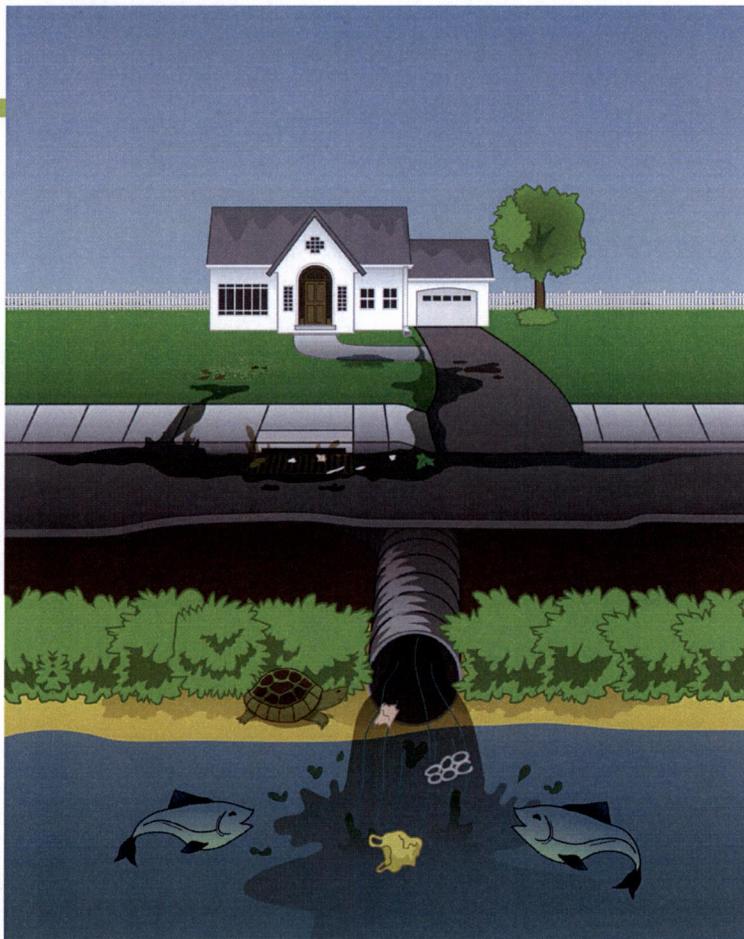

CITY OF NORFOLK PUBLIC WORKS

Fee Reduction Program

ways you can reduce your stormwater fee

This Policy supersedes and repeals all prior policies or regulations on this subject.

Why Norfolk has a Stormwater Fee...

The City of Norfolk is mandated under the Municipal Separate Storm Sewer System (MS4), Phase I Virginia Pollutant Discharge Elimination System (VPDES) permit to reduce pollutants from storm water runoff. In the absence of federal and state funding, revenue for the environmental storm water management program is derived primarily from storm water fees outlined in Chapter 41.1 of the City Code and §15.2-2114 of the Virginia Code. The

City currently assesses all property owners a fee based on a 2,000 square foot equivalent residential unit (ERU). This fee is utilized to cover the cost of services for the collection, treatment and discharge of storm water runoff. This fee structure is comparable to the fees charged by other Hampton Roads Phase I municipalities, including Newport News, Hampton, Chesapeake, Portsmouth and Virginia Beach.

Fee Reductions = Pollution Reductions

The City of Norfolk's Environmental Storm Water Fee Reduction policy is designed to encourage commercial, industrial, and residential property owners to take measures which can reduce the impact their properties have on the quality of our waterways by reducing the amount of pollutants entering the storm water system. It is important to note that the storm water fee reduction

program is intended to provide incentives for pollution reduction efforts.

In order to receive the reduction from the storm water utility, the property owner must submit an application including required supporting documentation to the Director of Public Works or his designee for review and approval.

How It Works....

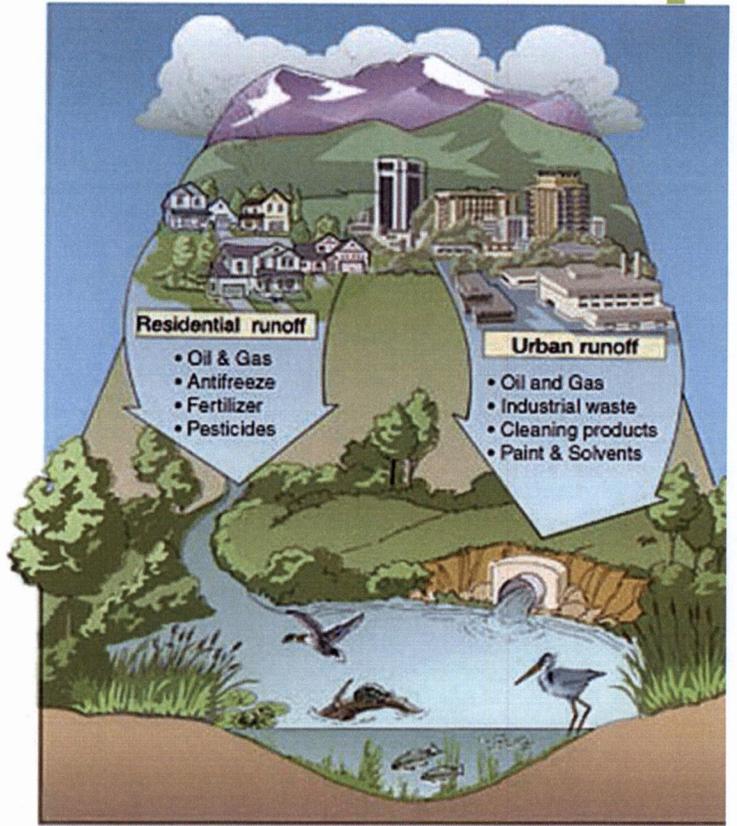

Fee charges under the Environmental Storm Water Management Program may be reduced under the following circumstances:

- Installation of **Residential** (one but no more than four residential/dwelling units) storm water management facilities
- Installation of **Non-residential** (property not meeting the residential criteria, including, but not limited to, industrial, commercial, recreational, cultural, multi-family-5 units or more) storm water management facilities

See City code 41.1-1 for complete definitions

Fee reduction criteria are routinely reviewed by City staff to ensure compliance with the reduction program. If the City determines the site characteristics surrounding the reduction are no longer valid, the discount shall be eliminated from the account. Because the reduction is designed to reduce pollutants entering the storm water system, the fee discount may be eliminated if the property owner is found to violate City Code 41.1-4, Pollution of the Storm Water System.

If a property owner desires to modify their request, a new application must be completed and submitted.

The maximum reduction any one entity may receive through this reduction program is a **60%** reduction in their total storm water utility fee. When comparing total land use of impervious area within Norfolk, 40% is publicly owned and is of benefit to all property owners within Norfolk. Therefore everyone must contribute to the maintenance of the system.

What is a SWMF?

Storm Water Management Facilities (SWMF) are facilities which have been shown to be effective in helping to remove pollutants from storm water runoff. As an incentive for SWMF construction, storm water fee reductions may be given for construction and maintenance of SWMFs as outlined in the current Norfolk Design & Construction Manual. These SWMFs, when properly constructed and maintained, have been shown to reduce runoff pollution from the site.

Residential Fee Reduction Program

The City is providing a discount to residential property owners who install storm water management facilities (SWMF) voluntarily on their property to aid in storm water (sw) runoff and/or pollutant removal. The discount will be based on the type of SWMF installed on the residential property and the area treated.

Once your SWMF has been approved and installed, homeowners are required to complete an annual inspection report on June 1st each year thereafter for continued fee reduction consideration.

In order to qualify for a storm water fee reduction, the SWMF design and related calculations must be developed and reviewed by the City's Storm Water Engineer or his designee. The design of the SWMF shall meet the minimum drainage requirements as outlined in Table I and comply with the Norfolk Design & Construction Manual, Virginia Storm Water BMP Clearing House Manual, Virginia Tech Rain

Garden Guide, or other City approved design specifications. Multiple SWMFs may be installed per property to stack load reductions; however, the stacked SWMFs may not treat the same drainage area. The maximum credit per site is 60%.

At A Glance:

Example:

**Property owner installs
1 rain garden and 2 rain barrels**

**20% credit rain garden
+ 10% credit rain barrel
+ 10% credit rain barrel
= 40% fee reduction**

Multiple SWMFs may be installed per property to stack load reductions, but they may not treat the same drainage area.

Residential SWMF Construction

The SWMF must be installed as outlined in the plan. Consultation with a qualified contractor is recommended, but not required. Property owners are required to follow all local, State, and Federal laws and acquire all required land disturbing, construction, and environmental permits. Site plan review may be required.

Right to Inspection

The City may inspect the SWMF at any time during the year. If the on-site stormwater storage is no longer functioning or has not been maintained, the City reserves the right to cancel the credit for up to three years.

Residential SWMF Inspections

The SWMF inspector will perform inspections throughout the installation process to ensure compliance with the approved plan requirements. Any supporting documents providing proof that the SWMF was installed and functioning as designed must be provided to the City prior to any rate reduction. The property must be fully stabilized to avoid sediment runoff prior to the reduction being approved.

The owner must complete an annual inspection of the SWMF. Inspections should include a photo of the SWMF and a written summary of any discrepancies with the SWMF and corrective actions taken. The inspection should be submitted to the Division no later than June 1 of each year and will be retained by the Division. Failure to submit the annual inspection will void the rate reduction starting on July 1.

Residential SWMF Definitions

Rain Barrels/Cisterns: A tank used to catch rainwater running off roofs from a downspout.

Nutrient Management Plan: Program designed to manage the amount, source, placement, form and timing of the application of nutrients and soil amendments

Vegetated Filters: Bioswale, Grass Swale, Buffer Area. These are areas of dense turf, meadow grasses, trees or other vegetation with a minimum slope to absorb runoff from roof downspouts.

Rain Garden: Rain gardens are landscaped areas slightly below ground level that capture and filter stormwater runoff from a roof or other impervious (paved) surface.

Permeable Pavement: Pervious pavement may include concrete blocks, grid pavers, or pervious concrete or asphalt with a stone

reservoir underneath. The reservoir temporarily stores surface runoff before seeping it into the soil below. Gravel is not considered pervious pavement.

Rooftop/Downspout Disconnect: This is the process of separating roof downspouts from the storm system and redirecting roof runoff onto pervious surfaces where soil amendments have been applied, most commonly a lawn.

Green Roof: Living roof is a roof of a building that is partially or completely covered with vegetation and a growing medium, planted over a waterproof membrane.

Living Shoreline: A shoreline protection option that allows for natural coastal processes to remain through the strategic placement of plants, stone, sand fill, and other structural and organic materials.

Non-Residential Property Fee Reduction Program

As an incentive for SWMF construction, fee reductions will be allowed for construction of approved SWMF's which reduce runoff pollution from the site. In order for a non-residential property to qualify for a storm water fee reduction, the SWMF design and related calculations must be developed and certified by a professional engineer or surveyor licensed to practice in the Commonwealth of Virginia. Pollutant loadings and SWMF effectiveness must be computed in accordance with the methods outlined in the Norfolk Design & Construction Manual.

The percent fee reduction will be computed to the nearest percent using the following formula:

$$\begin{aligned} & \% \text{ Fee Reduction} \\ & = \\ & \frac{(\% \text{ SWMF Efficiency Rating})}{(\text{Area served by SWMF in acres} / \text{Total Site Area})} \end{aligned}$$

Multiple SWMFs may be installed for each property to stack load reductions; however, the stacked SWMF may not treat the same drainage area.

Up to 60% maximum credit per site

Non-Residential SWMF Construction

When constructing SWMFs, site plan review requirements and criteria must be followed. The design will be reviewed and approved through the site plan review process. If the formal process is not required (due to size limitations), the requirements and criteria still apply and the Division's Storm Water Engineer or his/her designee must review the proposed site plan prior to installation. A Declaration of Covenants must be signed by the property owner and filed with the Clerk of the Court prior to approval from the Division (copy of the Declaration will be kept on file at the Division).

A pre-construction meeting shall be arranged with the City's SWMF inspector at a minimum 48-hours prior to construction. The SWMF must be installed as outlined in the plan. Any modifications must be made by the engineer of record and the site plan adjusted as such, with approval from the Division. All sediment control measures must be installed prior to any land disturbing activity. All land disturbing permits and General Construction and Environmental Permits must be obtained where necessary.

Non-Residential SWMF Inspections

The SWMF inspector will perform inspections throughout the installation process to ensure compliance with site plan requirements. Any as-built or certifications providing proof that the SWMF was installed and functioning as designed must be provided to the City prior to any rate reduction. The property must be fully stabilized to avoid sediment runoff prior to the reduction being approved.

The owner must complete annual inspections of the SWMF. Inspections must be completed by a certified inspector and documented along with all discrepancies noted and corrective actions taken. These annual reports will be submitted to the Division no later than June 1 of each year. The inspection forms will be retained by the Division for the specific SWMF installed. Failure to submit the annual inspection reports will void the rate reduction starting on July 1.

The following items must be completed and submitted with your application to the Division to receive the reduction.

- Completed application for the Storm Water Fee Reduction/Waiver
- Proof of ownership of the facility
- Storm water system maintenance schedule
- Site Plan and Water Quality Calculations

Right to Inspection

The City may inspect the SWMF at any time during the year. If the on-site stormwater storage is no longer functioning or has not been maintained, the City reserves the right to cancel the credit for up to three years.

Mr. Marcus D. Jones
Norfolk Community Service Board

Norfolk, VA 23510-1523

Dear Mr. Jones:

Congratulations on your recent award. In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights laws. The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) is responsible for ensuring that recipients of financial assistance from the OJP, the Office of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW) comply with the applicable federal civil rights laws. We at the OCR are available to help you and your organization meet the civil rights requirements that come with DOJ funding.

Ensuring Access to Federally Assisted Programs

Federal laws that apply to recipients of financial assistance from the DOJ prohibit discrimination on the basis of race, color, national origin, religion, sex, or disability in funded programs or activities, not only in employment but also in the delivery of services or benefits. A federal law also prohibits recipients from discriminating on the basis of age in the delivery of services or benefits.

In March of 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013. The statute amends the Violence Against Women Act of 1994 (VAWA) by including a nondiscrimination grant condition that prohibits discrimination based on actual or perceived race, color, national origin, religion, sex, disability, sexual orientation, or gender identity. The new nondiscrimination grant condition applies to certain programs funded after October 1, 2013. The OCR and the OVW have developed answers to some frequently asked questions about this provision to assist recipients of VAWA funds to understand their obligations. The Frequently Asked Questions are available at <http://ojp.gov/about/ocr/vawafaqs.htm>.

Enforcing Civil Rights Laws

All recipients of federal financial assistance, regardless of the particular funding source, the amount of the grant award, or the number of employees in the workforce, are subject to prohibitions against unlawful discrimination. Accordingly, the OCR investigates recipients that are the subject of discrimination complaints from both individuals and groups. In addition, based on regulatory criteria, the OCR selects a number of recipients each year for compliance reviews, audits that require recipients to submit data showing that they are providing services equitably to all segments of their service population and that their employment practices meet equal opportunity standards.

Providing Services to Limited English Proficiency (LEP) Individuals

In accordance with DOJ guidance pertaining to Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, recipients of federal financial assistance must take reasonable steps to provide meaningful access to their programs and activities for persons with limited English proficiency (LEP). See U.S. Department of Justice, *Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons*, 67 Fed. Reg. 41,455 (2002). For more information on the civil rights responsibilities that recipients have in providing language services to LEP individuals, please see the website <http://www.lep.gov>.

Ensuring Equal Treatment for Faith-Based Organizations

The DOJ regulation, *Equal Treatment for Faith-Based Organizations*, 28 C.F.R. pt. 38, requires State Administering Agencies (SAAs) to treat faith-based organizations the same as any other applicant or recipient. The regulation prohibits SAAs from making awards or grant administration decisions on the basis of an organization's religious character or affiliation, religious name, or the religious composition of its board of directors.

The regulation also prohibits faith-based organizations from using financial assistance from the DOJ to fund inherently (or explicitly) religious activities. While faith-based organizations can engage in non-funded inherently religious activities, they must hold them separately from the program funded by the DOJ, and recipients cannot compel beneficiaries to participate in them. The Equal Treatment Regulation also makes clear that organizations participating in programs funded by the DOJ are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion. For more information on the regulation, please see the OCR's website at http://www.ojp.usdoj.gov/about/ocr/equal_fbo.htm.

SAAs and faith-based organizations should also note that the Omnibus Crime Control and Safe Streets Act (Safe Streets Act) of 1968, as amended, 42 U.S.C. § 3789d(c); the Victims of Crime Act of 1984, as amended, 42 U.S.C. § 10604(e); the Juvenile Justice and Delinquency Prevention Act of 1974, as amended, 42 U.S.C. § 5672(b); and VAWA, Pub. L. No. 113-4, sec. 3(b)(4), 127 Stat. 54, 61-62 (to be codified at 42 U.S.C. § 13925(b)(13)) contain prohibitions against discrimination on the basis of religion in employment. Despite these nondiscrimination provisions, the DOJ has concluded that it may construe the Religious Freedom Restoration Act (RFRA) on a case-by-case basis to permit some faith-based organizations to receive DOJ funds while taking into account religion when hiring staff, even if the statute that authorizes the funding program generally forbids recipients from considering religion in employment decisions. Please consult with the OCR if you have any questions about the regulation or the application of RFRA to the statutes that prohibit discrimination in employment.

Using Arrest and Conviction Records in Making Employment Decisions

The OCR issued an advisory document for recipients on the proper use of arrest and conviction records in making hiring decisions. See *Advisory for Recipients of Financial Assistance from the U.S. Department of Justice on the U.S. Equal Employment Opportunity Commission's Enforcement Guidance: Consideration of Arrest and Conviction Records in Employment Decisions Under Title VII of the Civil Rights Act of 1964* (June 2013), available at http://www.ojp.usdoj.gov/about/ocr/pdfs/UseofConviction_Advisory.pdf. Recipients should be mindful that the misuse of arrest or conviction records to screen either applicants for employment or employees for retention or promotion may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination. In light of the Advisory, recipients should consult local counsel in reviewing their employment practices. If warranted, recipients should also incorporate an analysis of the use of arrest and conviction records in their Equal Employment Opportunity Plans (EEOs) (see below).

Complying with the Safe Streets Act

An organization that is a recipient of financial assistance subject to the nondiscrimination provisions of the Safe Streets Act, must meet two obligations: (1) complying with the federal regulation pertaining to the development of an EEO (see 28 C.F.R. pt. 42, subpt. E) and (2) submitting to the OCR findings of discrimination (see 28 C.F.R. §§ 42.204(c), 205(c)(5)).

Meeting the EEO Requirement

If your organization has less than fifty employees or receives an award of less than \$25,000 or is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEO requirement. To claim the exemption, your organization must complete and submit Section A of the Certification Form, which is available online at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

If your organization is a government agency or private business and receives an award of \$25,000 or more, but less than \$500,000, and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report (formerly called an EEO Short Form), but it does not have to submit the report to the OCR for review. Instead, your organization has to maintain the Utilization Report on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to the OCR. The Certification Form is available at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

If your organization is a government agency or private business and has received an award for \$500,000 or more and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report (formerly called an EEO Short Form) and submit it to the OCR for review within sixty days from the date of this letter. For assistance in developing a Utilization Report, please consult the OCR's website at <http://www.ojp.usdoj.gov/about/ocr/eeop.htm>. In addition, your organization has to complete Section C of the Certification Form and return it to the OCR. The Certification Form is available at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

To comply with the EEO requirements, you may request technical assistance from an EEO specialist at the OCR by telephone at (202) 307-0690, by TTY at (202) 307-2027, or by e-mail at EEOsubmit@usdoj.gov.

Meeting the Requirement to Submit Findings of Discrimination

If in the three years prior to the date of the grant award, your organization has received an adverse finding of discrimination based on race, color, national origin, religion, or sex, after a due-process hearing, from a state or federal court or from a state or federal administrative agency, your organization must send a copy of the finding to the OCR.

Ensuring the Compliance of Subrecipients

SAs must have standard assurances to notify subrecipients of their civil rights obligations, written procedures to address discrimination complaints filed against subrecipients, methods to monitor subrecipients' compliance with civil rights requirements, and a program to train subrecipients on applicable civil rights laws. In addition, SAs must submit to the OCR every three years written Methods of Administration (MOA) that summarize the policies and procedures that they have implemented to ensure the civil rights compliance of subrecipients. For more information on the MOA requirement, see http://www.ojp.usdoj.gov/funding/other_requirements.htm.

If the OCR can assist you in any way in fulfilling your organization's civil rights responsibilities as a recipient of federal financial assistance, please contact us.

Sincerely,

Michael L. Alston

PROJECT NUMBER 2016-VV-BX-0014

AWARD DATE 09/20/2016

SPECIAL CONDITIONS

1. Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by the Department of Justice (DOJ) in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this 2016 award from the Office of Justice Programs (OJP).

The Part 200 Uniform Requirements were first adopted by DOJ on December 26, 2014. If this 2016 award supplements funds previously awarded by OJP under the same award number (e.g., funds awarded in 2014 or earlier years), the Part 200 Uniform Requirements apply with respect to all funds under that award number (regardless of the award date, and regardless of whether derived from the initial award or a supplemental award) that are obligated on or after the acceptance date of this 2016 award.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the Office of Justice Programs (OJP) website at <http://ojp.gov/funding/Part200UniformRequirements.htm>.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the recipient is to contact OJP promptly for clarification.

2. Compliance with DOJ Grants Financial Guide

The recipient agrees to comply with the Department of Justice Grants Financial Guide as posted on the OJP website (currently, the "2015 DOJ Grants Financial Guide"), including any updated version that may be posted during the period of performance.

3. Required training for Point of Contact and all Financial Points of Contact

Both the Point of Contact (POC) and all Financial Points of Contact (FPOCs) for this award must have successfully completed an "OJP financial management and grant administration training" by 120 days after the date of the recipient's acceptance of the award. Successful completion of such a training on or after January 1, 2015, will satisfy this condition.

In the event that either the POC or an FPOC for this award changes during the period of performance, the new POC or FPOC must have successfully completed an "OJP financial management and grant administration training" by 120 calendar days after -- (1) the date of OJP's approval of the "Change Grantee Contact" GAN (in the case of a new POC), or (2) the date the POC enters information on the new FPOC in GMS (in the case of a new FPOC). Successful completion of such a training on or after January 1, 2015, will satisfy this condition.

A list of OJP trainings that OJP will consider "OJP financial management and grant administration training" for purposes of this condition is available at <http://www.ojp.gov/training/fmts.htm>. All trainings that satisfy this condition include a session on grant fraud prevention and detection

The recipient should anticipate that OJP will immediately withhold ("freeze") award funds if the recipient fails to comply with this condition. The recipient's failure to comply also may lead OJP to impose additional appropriate conditions on this award.

SPECIAL CONDITIONS

4. Requirements related to "de minimis" indirect cost rate

A recipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f), and that elects to use the "de minimis" indirect cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. The "de minimis" rate may be applied only to modified total direct costs (MTDC) as defined by the Part 200 Uniform Requirements.

5. Requirement to report potentially duplicative funding

If the recipient currently has other active awards of federal funds, or if the recipient receives any other award of federal funds during the period of performance for this award, the recipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the recipient must promptly notify the DOJ awarding agency (OJP or OVW, as appropriate) in writing of the potential duplication, and, if so requested by DOJ awarding agency, must seek a budget-modification or change-of-project-scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding.

6. Requirements related to System for Award Management and Unique Entity Identifiers

The recipient must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at <http://www.sam.gov>. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

The recipient also must comply with applicable restrictions on subawards ("subgrants") to first-tier subrecipients (first-tier "subgrantees"), including restrictions on subawards to entities that do not acquire and provide (to the recipient) the unique entity identifier required for SAM registration.

The details of the recipient's obligations related to SAM and to unique entity identifiers are posted on the OJP web site at <http://ojp.gov/funding/Explore/SAM.htm> (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This special condition does not apply to an award to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

7. All subawards ("subgrants") must have specific federal authorization

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any subaward are posted on the OJP web site at <http://ojp.gov/funding/Explore/SubawardAuthorization.htm> (Award condition: Award Condition: All subawards ("subgrants") must have specific federal authorization), and are incorporated by reference here.

8. Specific post-award approval required to use a noncompetitive approach in any procurement contract that would exceed \$150,000

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$150,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at <http://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm> (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$150,000)), and are incorporated by reference here.

9. Requirements pertaining to prohibited conduct related to trafficking in persons (including reporting requirements and OJP authority to terminate award)

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of recipients, subrecipients ("subgrantees"), or individuals defined (for purposes of this condition) as "employees" of the recipient or of any subrecipient.

The details of the recipient's obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at <http://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm> (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

10. Compliance with applicable rules regarding approval, planning, and reporting of conferences, meetings, trainings, and other events

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "2015 DOJ Grants Financial Guide").

11. Requirement for data on performance and effectiveness under the award

The recipient must collect and maintain data that measure the performance and effectiveness of activities under this award. The data must be provided to OJP in the manner (including within the timeframes) specified by OJP in the program solicitation or other applicable written guidance. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act, and other applicable laws.

12. OJP Training Guiding Principles

Any training or training materials that the recipient -- or any subrecipient ("subgrantee") at any tier -- develops or delivers with OJP award funds must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at <http://ojp.gov/funding/ojptrainingguidingprinciples.htm>.

13. Effect of failure to address audit issues

The recipient understands and agrees that the DOJ awarding agency (OJP or OVW, as appropriate) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the recipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards.

14. The recipient agrees to comply with any additional requirements that may be imposed by the DOJ awarding agency (OJP or OVW, as appropriate) during the period of performance for this award, if the recipient is designated as "high-risk" for purposes of the DOJ high-risk grantee list.

15. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 42

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 42, specifically including any applicable requirements in Subpart B of 28 C.F.R. Part 42 that relate to an equal employment opportunity program.

16. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 38

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38, specifically including any applicable requirements regarding written notice to program beneficiaries and prospective program beneficiaries. Part 38 of 28 C.F.R., a DOJ regulation, was amended effective May 4, 2016.

Among other things, 28 C.F.R. Part 38 includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations.

The text of the regulation, now entitled "Partnerships with Faith-Based and Other Neighborhood Organizations," is available via the Electronic Code of Federal Regulations (currently accessible at <http://www.ecfr.gov/cgi-bin/ECFR?page=browse>), by browsing to Title 28-Judicial Administration, Chapter 1, Part 38, under e-CFR "current" data.

17. Restrictions on "lobbying"

Federal funds may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification or adoption of any law, regulation, or policy, at any level of government.

Should any question arise as to whether a particular use of Federal funds by a recipient (or subrecipient) would or might fall within the scope of this prohibition, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

The foregoing is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

1. In accepting this award, the recipient--

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

22. Encouragement of policies to ban text messaging while driving

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), DOJ encourages recipients and subrecipients ("subgrantees") to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

23. The recipient agrees to submit to BJA for review and approval any curricula, training materials, proposed publications, reports, or any other written materials that will be published, including web-based materials and web site content, through funds from this grant at least thirty (30) working days prior to the targeted dissemination date. Any written, visual, or audio publications, with the exception of press releases, whether published at the grantee's or government's expense, shall contain the following statements: "This project was supported by Grant No. 2016-VV-BX-0014 awarded by the Bureau of Justice Assistance. The recipient agrees to provide to OJP all documentation necessary to complete monitoring tasks, including documentation related to any subawards made under this award. Further, the recipient agrees to abide by reasonable deadlines set by OJP for providing the requested documents. Failure to cooperate with OJP's grant monitoring activities may result in sanctions affecting the recipient's DOJ awards, including, but not limited to: withholdings and/or other restrictions on the recipient's access to grant funds; referral to the Office of the Inspector General for audit review; designation of the recipient as a DOJ High Risk grantee; or termination of an award(s).

25. Award recipients must verify Point of Contact (POC), Financial Point of Contact (FPOC), and Authorized Representative contact information in GMS, including telephone number and e-mail address. 26. The recipient agrees to cooperate with any assessments, national evaluation efforts, or information or data collection requests, including, but not limited to, the provision of any information required for the assessment or evaluation of any activities within this project.
27. Approval of this award does not indicate approval of any consultant rate in excess of \$650 per day. A detailed justification must be submitted to and approved by the Office of Justice Programs (OJP) program office prior to obligation or expenditure of such funds.
28. For more detailed information on reporting and other requirements, refer to BJA's website. Failure to submit required reports by established deadlines may result in the freezing of grant funds and High Risk designation.

If the grantee refers participants to, or provides, a non-Federally funded program or service that incorporates such religious activities, (1) any such activities must be voluntary for program participants, and (2) program participants may not be excluded from participation in a program or otherwise penalized or disadvantaged for any failure to accept a referral or services. 30. The recipient must comply with applicable requirements to report first-tier subawards ("subgrants") of \$25,000 or more and, in certain circumstances, to report the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients (first-tier "subgrantees") of award funds. Subject: Categorical Exclusion for Norfolk Community Service Board

The Adult Drug Court Discretionary Grant Program is designed to assist states, state courts, local courts, and counties, other units of local government, or Indian tribal governments to implement comprehensive strategies for enhancing drug court capacity by bridging access to both criminal justice and substance abuse treatment funds. None of the following activities will be conducted whether under the Office of Justice Programs federal action or a related third party action:

- (1) New construction.
- (2) Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including property (a) listed on or eligible for listing on the National Register of Historic Places, or (b) located within a 100-year flood plain, a wetland, or habitat for an endangered species.
- (3) A renovation that will change the basic prior use of a facility or significantly change its size.
- (4) Research and technology whose anticipated and future application could be expected to have an effect on the environment.
- (5) Implementation of a program involving the use of chemicals.

Additionally, the proposed action is neither a phase nor a segment of a project that when reviewed in its entirety would not meet the criteria for a categorical exclusion. Consequently, the subject federal action meets the Office of Justice Programs' criteria for a categorical exclusion as contained in paragraph 4(b) of Appendix D to Part 61 of Title 28 of the Code of Federal Regulations.
