MEMORANDUM

TO: City Council

FROM: Lori A. Crouch, Public Relations Manager

COPIES TO: City Clerk, City Attorney

SUBJECT: Council Interests

DATE: February 19, 2016

I hope you all had a nice week. In today's memo you will find information on several Council Interest items and another national award Norfolk can claim.

Wetlands Fees – The Norfolk Wetlands Board collects wetland fees and deposits the money into one of two city special revenue accounts: payments-in-lieu of mitigation or compensation account and the civil charge assessment account.

Marine Resources Commission generally governs the use of these funds. The funds deposited in the mitigation account can only be used for tidal wetland restoration and the funds in the civil charge account can be used for environmental management related to the protection of wetlands and sand dunes.

Tire Store Displays – Zoning inspectors will inspect the auto related uses and review all displays. For 20 years the city has allowed a total of 10 tires displayed outdoors in the following manner:

- 2 stacks of five tires; or
- 5 single tires and 5 rims separated; or
- 10 tires with rims

I have attached the tire brochure the city provides to tire stores to the memo.

Signs – Planning staff is reviewing the temporary signs on the corridors mentioned during the council meeting. The current sign regulations places limitations on the time allowed to display a temporary sign. Staff will review the areas over the next month. The sign specifically mentioned at Clancy's was given a violation notice last week.

Urgency of Now – City staff from several departments attended the Urgency of Now regional symposium recently. The event was a collaboration of government and community stakeholders dedicated to addressing black male achievement. The event provided an opportunity to share information, provide insight and develop strategies on how communities can work together to address issues which are the leading cause of death in black males ages 15-24.

Keep Norfolk Beautiful Receives National Award – Keep Norfolk Beautiful (KNB) is one of the best in the country! Keep America Beautiful awarded KNB with the Award of Excellence (winner of population 100,001 – 250,000) at the national conference in January. Keep America Beautiful recognized KNB for its 2015 efforts which included planting 540 trees, hosting 41 Great American Cleanup events and cleaning up 26,887 pounds of debris around the Chesapeake Bay. KNB volunteers were recognized for picking up 29,000 pounds of litter, cleaning up 1.5 acres of wetlands and planting 100 trees, plants and shrubs. Keep America Beautiful also praised KNB for its cigarette litter campaign which saw a 74% reduction in cigarette litter after placing receptacles in the area.

Project Homeless Connect Wrap-Up – On January 27th Project Homeless Connect kicked off its 20th event. 400 attendees came through the door that day for an array of services from the clothing closet to health care. 600 volunteers, including City leadership, guided attendees to various services. Highlights of services include:

- 78 dental clinic visits
- 112 haircuts
- 333 clothing closet visits
- 65 City of Norfolk employment opportunities
- 150 First Aid kits distributed
- 137 HRT Farecards

Have a great weekend.

Special Exception for a commercial drive-through at 132 Kempsville Road –
SUBJECT: Chartway Federal Credit Union

DATE: February 19, 2016

On the February 23, 2016 Regular Agenda, City Council will be reviewing a special exception request by Chartway Federal Credit Union (Chartway) to operate a commercial drive-through at 132 Kempsville Road on the northwest corner of Newtown Road and Kempsville Road. It is also adjacent to the western corporate boundary of the City of Virginia Beach. The former gas station site is currently zoned C-2 (Corridor Commercial), which allows the financial institution component by-right. However, the commercial drive-through requires a special exception.

This request would allow Chartway to construct a two-story banking branch with a commercial drive-through. Chartway proposes to relocate their national headquarters from the eastern side of Newtown Road in Virginia Beach to this location. According to Chartway, this branch is their busiest. Newtown Road is a six-lane road with a traffic count of 30,487 between Kempsville Road and I-264. Kempsville Road is a four-lane road with a traffic count of 21,166 between Newtown Road and Virginia Beach Boulevard. While the City Planning Commission unanimously recommends denial, staff had recommended and continues to recommend approval.

The City's general plan, *plaNorfolk2030*, identifies this site as commercial. Given its location across Kempsville Road from the Newtown Road light rail station, the site is also located within a "Transit Supportive Area," where uses that promote transit, bicycle, and pedestrian activity are encouraged and low intensity, auto-oriented uses are discouraged. Given the commercial designation, the proposed use as a financial institution with a drive-through is consistent with *plaNorfolk2030*. However, in order to be fully consistent with the plan staff suggested the site

be laid out in such a way as to encourage safe and easy pedestrian access from the adjacent light rail station.

At the same time the Transit Supportive Areas were added to *plaNorfolk2030*, two “Transit Oriented Development (TOD) Districts” were created within the *Zoning Ordinance*. At that time, staff intentionally chose not to recommend the placement of those districts on the ground anywhere in the city, leaving them available for developers who might choose to take advantage of the increased density they would provide. Since the creation of the TOD zoning districts, there have been no applications to rezone property within the city to these districts. Additionally, staff feels that those districts may need some revision as part of the overall Zoning Ordinance Rewrite to ensure that they will function properly when they are applied by developers.

The proposed site plan shows pedestrian improvements near the street intersection; a change in the pavement materials is proposed as well as a raised elevation to match that of the sidewalks. This “raised speed table paver plaza,” as depicted in the site plan, permits traffic circulation, however it would act as a traffic calming measure and provide a more connected pedestrian experience from the external sidewalks into the site than shown in the original submission.

Staff’s recommendation of **approval** is based on the following criteria:

- The proposal is consistent with the City’s adopted Future Land Use Map within *plaNorfolk2030*, as the future land use designation of this site is commercial.
- By providing additional pedestrian accommodations between the light rail station and the primary building entrance, the proposal is in consistent with the Transit Supportive Area’s goal of promoting transit usage and pedestrian activity.
- The proposal conforms to all zoning requirements of the C-2 district, including landscaping and off-street parking.

After conducting a duly advertised public hearing on January 28, 2016, at which the representative for the applicant provided comments, the City Planning Commission voted **7 to 0** to recommend **denial** of the application. This recommendation stemmed from the disagreement that the site has been designed to promote a high level of pedestrian walkability but perhaps more importantly that the drive-through use is inconsistent with the designation as a Transit Supportive Area in *plaNorfolk2030*. Based on the concerns over the building location raised by the Commission, Planning staff had recommended a continuance of this item at the public hearing, in order to allow more time for the applicant to further modify the site layout in a more pedestrian-friendly manner. However, the applicant asked for an up or down vote instead of a continuance. The Commission based its denial primarily on the perception that any commercial drive-through is inconsistent with being within a Transit Supportive Area, regardless of the building location and design of the site.

SUBJECT: Special Exception for an entertainment establishment with alcoholic beverages
at 9605 Granby Street, Suite A – Elegant Occasions

DATE: February 19, 2016

On the February 23, 2016 Regular Agenda, City Council will be reviewing a special exception request by Elegant Occasions to operate an entertainment establishment with alcoholic beverages at 9605 Granby Street, Suite A. The property is located on the west side of Granby Street, between W. Balview Avenue and W. Seaview Avenue, in the West Ocean View. The site was most recently occupied by East Coast Bicycles (retail) and Arianna's Café (take-away café), and is currently zoned C-2 (Corridor Commercial), which allows entertainment establishments with a special exception.

All land uses near Naval Station Norfolk Chambers Field have been evaluated in an adopted report known as the 2005 Hampton Roads Joint Land Use Study (HR JLUS); the subject site is located within an Accident Potential Zone (APZ-II) and the 65-70 DNL noise zone [2005 HR JLUS, revised 2010]. The Identifying Land Use Strategies chapter of *plaNorfolk2030* replicates the HR JLUS map and includes an action calling for the City to not support any increase in intensity of incompatible uses in those zones. The site is designated commercial; however, since the proposed special exception would permit the existing retail sales and service space to be intensified and used as a place of assembly, it is not consistent with *plaNorfolk2030*.

In 2005, the City Council adopted Resolution 1,276, approving the HR JLUS. The Resolution states that "... the City Council recognizes that the findings and recommendations contained in the report will help protect the public health, safety and welfare of our citizens..." [2005 City Council Resolution 1,276]. The proposed use of the site for a "public assembly" is listed as a prohibited

use within the APZ-II and is, by definition, an intensification in use from the prior use as a retail establishment. The HR JLUS recommend land uses with "low density" occupancy levels; occupancy levels should in general be restricted to "50 persons per acre in APZ-II are...considered to be low density." Additionally, the HR JLUS indicates that "meeting places, auditoriums, etc. are not recommended." The approximately quarter acre site with a proposed occupant load of 80 persons equates to roughly 320 persons per acre on the site, which is more than six times more dense than the HR JLUS recommendation. The 3,543 square foot tenant space itself would potentially congregate patrons at a level over 20 times more dense than the HR JLUS recommendation.

Currently there are ten parking spaces available on-site. Off-street parking is shared amongst two uses in one structure. However, at times when the entertainment establishment is operating the remaining office space will be closed. The adjacent dentist office has agreed to lease two additional off-street parking spaces at times when the dentist office is closed.

The C-2 district permits dozens of office and retail opportunities as a matter of right, all of which would be allowed in the location for which this application has been submitted. Thus, the existence of the APZ and noise zones from Chambers Field do not, as has been alleged, diminish the economic value of the investment. Special Exceptions are a privilege, not a right. The decision as to whether to grant or not depends on the specific situation and location and whether or not conditions can be applied that would ameliorate the concerns that arise from location and type of enterprise; in this case there are no conditions that can address the location within the APZ and the inherent added danger to the public from establishing a new public assembly use in the existing building.

Citing the 2005 City Council approved Resolution, which recognized that the HR JLUS report recommendations will help protect the public health, safety and welfare of our citizens, and given that *plaNorfolk2030* discourages any increase in intensity of incompatible uses within the Accident Potential Zones, staff recommends **denial** of the special exception request.

After conducting a duly advertised public hearing on January 28, 2016, at which representatives for the applicant and from the United States Navy provided comments and responded to questions from Commissioners, the City Planning Commission voted **7 to 0** to recommend **denial** of the application.

FROM: David Ricks, Director of Public Works 

SUBJECT: Traffic Control Signs – Additional Information Wards Corner/Arts District

DATE: February 19, 2016

On the February 23, 2016 regular agenda, City Council will be reviewing an ordinance authorizing the traffic control signage within the Wards Corner neighborhood and the Arts District. The Wards Corner Civic League has requested measures to help address speed levels on several street within the neighborhood. As a result of the meetings, an ordinance has been drafted to include this proposal and submitted to City Council for approval.

The request is for stop sign control at the following intersections:

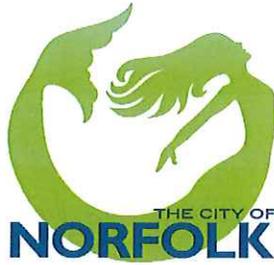

1. Burleigh Avenue at Colonial Avenue
2. Maycox Avenue at Cedar Level Avenue
3. Maycox Avenue at Colonial Avenue
4. North Shore Road at Cedar Level Avenue
5. North Shore Road at Colonial Avenue

The measures have written support from the Wards Corner Civic League.

In addition, at the request of Downtown Norfolk Council and Arts District businesses and residents, the Division of Transportation investigated measures to help improve traffic flow conditions and increase parking on W. Wilson Avenue. Based on several meetings with area businesses and residents, the division is recommending that W. Wilson Avenue be changed from two-way traffic to one-way traffic in the westbound direction from Granby Street to W. Olney Road.

The measures have written support from Downtown Norfolk Council.

The Department of Public Works follows well developed, nationally recognized guidelines to assess traffic control sign requests. Upon receiving a request for traffic control devices, Division of Transportation staff analyzes the request and conducts a field investigation. The purpose of the investigation and analysis is to ensure adherence with Manual on Uniform Traffic Control Devices (MUTCD) regulations and to determine if the installation of the requested traffic control sign(s) is warranted.

NORFOLK, VIRGINIA

BUSINESS MEETING OF COUNCIL

TUESDAY, FEBRUARY 9, 2016

Mayor Fraim called the meeting to order at 5:12 p.m. with the following members present: Ms. Graves, Ms. Johnson, Dr. Whibley, Mr. Protogyrou, Mr. Riddick and Mr. Smigiel. Mr. Winn was absent.

City Manager Jones reviewed the agenda, noting that Police Chief Michael Goldsmith is back to answer any questions that Council may have as well as provide information related to his last presentation. George Homewood and Adam Melita will give Council an update on the Sand Management Plan. In addition, he introduced and welcomed the new Chief Marketing Officer Brent Kelly.

Mayor Fraim thereupon called for the first item of business.

A. COUNCIL INTERESTS

1. Referencing an earlier request to meet with the auditor to examine the practices and culture of City Hall following the indictment of the Treasurer, Councilman Protogyrou noted the indictment included 17 paragraphs that dealt with Council business, NRHA business and City Hall business. He distributed copies of a letter he sent to the City Auditor asking for a review of 17 paragraphs and a report to Council so they can have a discussion.
2. Councilman Riddick asked to schedule a meeting with School Superintendent Dr. Boone, Deputy City Manager Ron Williams and the Southside Educational Committee at the Southside Aquatic Center to find out why the community was thinking one thing was going to occur with the new school that's not occurring.
3. Vice Mayor Williams Graves referenced a memo that was sent out regarding employees and expressed concern with the way the compensation plan is laid out because it's not clear and that it's not going to allow the city to retain or attract people who work for the city. She stated that none of the employees should have been left out in the first place and that some employees who received increases are having to pay

them back because they didn't qualify for the raise because of where they are on the pay scale.

She also commented on what she heard about Human Resources advising payroll clerks that they shouldn't tell people that they're nearing their pay scale ceiling, so they don't know that they won't be receiving a cost of living adjustment due to a stipulation in the compensation plan that prevents them from getting a cost of living adjustment or prevents them from getting a bonus. She stated that the entire compensation plan needs to be looked at and when they say employees are getting a raise every employee should get a raise and not some employees based on this qualification and that qualification.

4. Councilman Smigiel expressed concern with Liberty Tax dancing statue of liberty people out on the street corners spinning signs. He stated that he wants to know what code they are violating and, asked: 1) that they look into some kind of sign committee or code enforcement committee to focus on inappropriate signs in the Little Creek Road, Virginia Beach Boulevard and Military Highway corridors and 2) stated that the business signs and what they're adding to their signs and banners are getting out of hand.

B. CLOSED SESSION

Motion for closed session was approved for purposes which are set out in **Clause 3 of subsection (A) of Section 2.2-3711 of the Virginia Freedom of Information Act**, as amended:

- (3) Discussion of the disposition of publicly owned real property in the area in the downtown and Oakwood areas of the city.

Yes: Graves, Johnson, Protogyrou, Riddick, Smigiel, Whibley, and Frain.

No: None.

C. SAFE, HEALTHY, AND INCLUSIVE COMMUNITIES REPORT

Mike Goldsmith, Chief of Police reported as follows:

The Fair and Impartial Policing Workgroup (FIP) is a group of community stakeholders who meet to talk about and review policies and procedures to seek citizen input to help NPD build the police department with community involvement. The group is looking at all policies including use of force policies and to examine what can be done differently and where improvements can be made.

Cops and Curls is a new initiative to build public trust among underserved communities with young girls 6 to 12 years of age. It will pair girls with police officers for a safe and fun dance party similar to a prom-type of event.

The department is involved with many community partnerships, and is looking at implementation pathways for the President's 21st Century Policing Report.

The entire police department has been trained in active threat response and have been training since 1999. The department is ready to launch an extensive training effort to ensure they are current with all tactics and procedures. They have equipment available for the special operations team, including an armored vehicle used for officer and citizen rescue and a mobile command post ready to be set up when needed.

NPD has contracted with the International Association of Chiefs of Police for a complete staffing study of the Norfolk Police Department that will look at numbers of police officers, where they are deployed, shift schedules and the most efficient use of manpower. Regarding police pursuits, as a result of a study within the department a stricter pursuit policy will be implemented. More information will be provided at a later date.

D. SAND MANAGEMENT PLAN

George Homewood, Director of City Planning and Adam Melita, Deputy City Attorney, reported as follows:

Mr. Homewood stated that the process started 18 months ago where a number of residents of Cottage Line-East Ocean View had a desire to remove some of the sand that had been encroaching on their residential structures. The process to begin a sand management plan was developed so that citizens could work cooperatively to find solutions to the sand encroachment problem.

Mr. Melita reported as a result of the committee's work, solutions have been prepared for a more consistent and fairer approach to managing sand up and down the entire Ocean View corridor from the Little Creek Jetty to the end of Willoughby Spit. It will replace the piecemeal approach with a plan that is comprehensive and that puts citizens and the city in charge of the process instead of the State Dune Act Permit Process.

The plan addresses when and how sand replenishment can be done, how to repair breaches in the dune and how to deal with accretion of sand especially in the Cottage Line area where sand has accumulated and the dunes have grown. It sets out procedures for monitoring what is going on with sand, how it is moving and what procedures are working.

The principal agent of that monitoring process would be a new review board that would meet at least twice a year to review projects, review science, lidar data and other metrics of how the projects are working. The plan would essentially automate many of the processes internally and would not be using the Wetlands Board for any of those procedures that the city is undertaking. The next steps will be to bring a resolution to initiate the comprehensive plan amendments, which will result in public hearings and Planning Commission review of the plan.

NEW BUSINESS

1. Roy B. Martin, IV, Chair of the Public Library Board of Trustees, thanked Council for their continuous support to the Libraries. He also informed Council that even though the Slover Library is the premier Library, the branches are doing really well. There has been an enormous increase of citizens coming through all of the branches and services provided to the citizens.
2. Janice McKee, 903 Hatton Street, spoke regarding the Campostella STEM School. She stated that she was the one who came to Council and asked for the school, that they did not get all the rooms that were promised and that going back to a neighborhood school will not provide the diversity that is needed.
3. Sarah Peoples-Perry, 405 Pendleton Street, spoke about the Southside STEM School, stating that they have been working hard to get diversity to the Southside.
4. Rodney Jordan, 2506 Myrtle Avenue, stated he wanted to share with the council a portion of an Old Dominion University master's thesis entitled, "Residential Segregation in Norfolk, Virginia: How the federal Government Reinforced Racial Segregation in A Southern City, 1914-1957." He read from the preface that gave background information on the author - a naval officer - and his experience looking for a place to live in Norfolk, noting Norfolk's neighborhoods are divided by race and how he was advised by other officers against living in an African American neighborhood. Mr. Jordan commented that the decisions made 70 years ago during urban renewal continue to affect the city today, and that he hopes that we can be proudly diverse and that school and housing policies can support the type of city we want to be.
5. Michael McKenna, 3124 Douglas Road, Chesapeake, spoke about **1)** Retirees receiving two 1099-R tax forms, stating that there was a printing error in the first 1099-R received, and **2)** Mr. McKenna next stated retirees were mailed a second W-2 form correcting the original, that some had filed their taxes before receiving the correction, and that the city should pay the re-filing fee, and asked: **3)** for assistance to re-open the Police and Fire Museum **4)** Employees who retired 3 years ago who were overpaid have been asked to pay back the money and **5)** for a recount of the ERC election that was recently held, since the ballot box was left unattended.
6. Danny Lee Ginn, 3844 Dare Circle, requested televising persons speaking on new business.

A map was presented showing the full 1-564 intermodal connector project. There are five main bridges on the project. Part of the project includes relocating Patrol Road. The intermediate (60%) Design for Mainline was submitted February 5, 2016. The intermediate design for connection to Hampton Boulevard is scheduled for February 29, 2016. Final plans are anticipated April/May 2016.

NORFOLK INTERNATIONAL TERMINALS UPDATE

Presenter: Ms. Sarah McCoy, Manager, Government and Community Affairs, Port of Virginia:

NIT is one of four terminals around the harbor, and is the oldest and largest container handling facility. Photographs and drawings were presented showing where the North Gate will be positioned on the facility. The North Gate will connect to I-564. The project will add 26 lanes of ingress and egress to the terminal's North Berth, which will double the gate capacity, and will improve the flow of truck traffic at NIT. After looking at modeling, they anticipate approximately a third of the volume of truck traffic will be removed from Hampton Boulevard on a daily basis.

The North Gate is part of an Infrastructure Optimization for the entire facility:

- 6 OCR Portals
- Automated to increase safety
- Rail Mounted Gantry Cranes
- Rail improvements to increase velocity of rail cargo
- Increase capacity to decrease congestion

Schedule:

- Broke ground July 22
- North Gate closed on October 9, 2015
- All cargo traffic routed to South Gate
- North Gate open December, 2016

MIDTOWN TUNNEL UPDATE

Presenter: Daniel Norman, Construction Director, Elizabeth River Crossings

Drawings and photographs were presented for review.

- Rehabilitation Projects and Activities:
- Existing Westbound Downtown Tunnel
- Existing Eastbound Downtown Tunnel
- (Completion date August 2016)

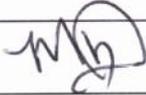

Photographs were presented showing current progress on the MLK Freeway extension. The completion date is December 2016.

Photographs of the new Midtown Tunnel tube were presented for review. Construction began two years ago at Sparrows Point. Two milestones celebrated this year: March 24th - floated the second set of tunnel sections out of Baltimore; July 14th - immersed tunnel sections. They are presently working on how they will phase new tunnel traffic with existing tunnel traffic.

The existing railroad bridge was recently demolished as part of flood protection mitigation measures. A new bridge with a higher profile will be constructed. A system of berms and a sheet pile wall are being built which will protect the tunnel from flooding up to an elevation of 8.25 feet. Part of the area has been converted to be used as part of the Elizabeth River Trail. The completion date is December 2016.

MEMORANDUM

TO: City Council
Marcus D. Jones, City Manager; Ronald H. Williams, Jr., Deputy City Manager Richard
CC TO: Broad, Assistant Director; Rob Brown, City Transportation Engineer

FROM: David Ricks, Director of Public Works

SUBJECT: Traffic Control Speed Limit Signs – Additional Information

DATE: February 19, 2016

On the February 23, 2016 regular agenda, City Council will be reviewing an ordinance authorizing the change of speed limit within the Meadowbrook neighborhood. This agenda item is being submitted in response to requests from residents of the civic league concerned with the speed levels of traffic on the interior streets of the neighborhood.

Public Works presented to the neighborhood a citywide neighborhood Pilot Speed Zone Program for consideration to assist Public Works, the Norfolk Police Department, and the community with addressing speed issues. The Pilot Speed Zone Program is designed to address requests for setting and potentially lowering the speed limits particularly within neighborhoods. This criteria includes narrow roadway width, parking, lack of sidewalks, crash history, restricted visibility, pedestrian and bicycle activity and roadway geometric characteristics as the main points.

Based on traffic volume and speed studies and engineering assessments, the Division of Transportation is recommending the implementation of a Pilot Speed Zone Program for the change of speed limit from 25 MPH to 20 MPH along the following streets within the Meadowbrook neighborhood:

1. Claud Lane,
2. Cortlandt Place,
3. Helena Avenue,
4. Pasadena Court,
5. Runnymede Road,
6. Shirland Avenue,
7. Trouville Avenue

In addition to the above, as a measure to help address speed levels on North Shore Road, the division is recommending the installation of stop sign control on North Shore Road at Cortlandt Place.

After the initial determination was made, staff met with the Meadowbrook Civic League for consultation and approval. As a result of the meetings, an ordinance has been drafted to include this proposal and submitted to City Council for approval.

- **Commission Action:** By a vote of **7 to 0**, the Planning Commission recommended **Approval**.
- **Request:** This request proposes to allow more flexibility of use for structures designated as Norfolk Historic Landmarks.
- **Applicant:** City Planning Commission
- **Description:**
 - The use of historic structures in the City are limited to the uses for which they are currently being and to those uses permitted in the zoning district in which they are located.

 - To ensure that the use is compatible with adjacent uses, a special exception would be required.
 - In 2014, the Historic and Cultural Conservation and Historic Landmarks Chapter to the *Zoning Ordinance* was amended to allow for the creation of a Norfolk Historic Landmark.
 - An applicant can submit an application to the Architectural Review Board (ARB) to request that a structure or structures be designated as such.

- Staff shall prepared a report and based on the report and other criteria set forth in the *Zoning Ordinance*, a recommendation will be made to the Planning Commission.

Staff Report	Item No. C-1
Applicant	City Planning Commission
Request	<p>Zoning Text Amendment</p> <p>Permit, by special exception, any one use listed in Table 4-A or Table 6-A of the <i>Zoning Ordinance</i> in a building which has been designated as a Norfolk Historic Landmark under Chapter 9 of the <i>Zoning Ordinance</i>, even when the use does not appear on the use table for the zoning district in which the building is located.</p>

A. Summary of Request

- Norfolk is a historic City with many structures designated or eligible for Historic Landmark designation.
- To maintain the history of Norfolk and the quality of our historic heritage this amendment proposes to provide flexibility in the adaptive reuse of these historic structures.

B. Plan Consistency

- The Preserving Our Heritage chapter of *plaNorfolk2030* includes an outcome calling for the protection of an increased number of historic resources, including structures.
 - Since the proposed changes to the *Zoning Ordinance* would provide additional opportunities for preserving historic structures, they are consistent with the recommendations of that outcome.
- The Historic and Architectural Preservation Commission identified as one of its priorities a process to help preserve historic structures through adaptive reuse options; this amendment would fulfill that recommendation.

C. Zoning Analysis

- The use of historic structures in the City are limited to the uses for which they are currently being and to those uses permitted in the zoning district in which they are located.
- To provide additional flexibility and enhance the future of these structures, the proposed amendment would allow them to be used for additional uses.
- The amendment proposes to allow any structure, not located in any historic district or historic overlay district, that is designated as a Norfolk Historic Landmark under the

terms of Section 9.2.3 of the *Zoning Ordinance*, to be used for any use listed in the Table of Uses in the residential or commercial districts.

- To ensure that the use is compatible with adjacent uses, a special exception would be required.
- In 2014, the Historic and Cultural Conservation and Historic Landmarks Chapter to the *Zoning Ordinance* was amended to allow for the creation of a Norfolk Historic Landmark.
 - An applicant can submit an application to the Architectural Review Board (ARB) to request that a structure or structures be designated as such.
 - Staff shall prepared a report and based on the report and other criteria set forth in the *Zoning Ordinance*, a recommendation will be made to the Planning Commission.
 - A public hearing will be held by both the Planning Commission and City Council.
 - Approval of the request by City Council will deem the structure(s) a Historic Landmark.

D. Transportation Impacts

N/A

E. Historic Resources Impacts

The amendment will provide flexibility in the reuse of historic structures located throughout the City not already located within a historic district.

F. Public Schools Impacts

This amendment could allow the adaptive reuse of some older City schools not currently needed or in use.

G. Environmental Impacts

The proposed amendment would enhance the viability and potentially prolong the life of historic structures in the City.

H. Surrounding Area/Site Impacts

The proposed amendment would help to preserve historic structures that are an integral part of many commercial or residential neighborhoods.

Planning Commission Public Hearing: January 28, 2016

Executive Secretary: George M. Homewood, AICP, CFM

Staff: Jeremy E. Sharp, AICP

Staff Report	Item No. 1	
Applicant	City Planning Commission	
Requests	General Plan Amendment	Amend <i>plaNorfolk2030</i> to adopt the Coastal Character District with associated Actions.
	Zoning Ordinance Text Amendment	Amend Section 2-3, "Definitions," Table 4-B, "Yard Requirements in Residential Districts," Section 15-4, "Motor vehicle parking design standards," Table 15-A, "Table of Minimum Parking Requirements," and Table 15-B, "Table of Bicycle Parking Requirements," of the Zoning Ordinance to define "Character district, coastal," to adopt the Coastal Character District boundaries and to amend various development and design standards to apply the district.

A. Summary of Request

- This agenda item is to amend both *plaNorfolk2030* and the *Zoning Ordinance* to create a fourth character district, the "Coastal Character District".
 - The proposed plan amendments will add a definition for "Coastal" to the list of Character Districts and will delineate the boundaries on the Character Districts map.
 - The proposed plan amendments will also add two actions that will encourage a more appropriate development form in the Coastal Character District as well as within the other character districts in certain circumstances.
 - The proposed zoning text amendments will add a definition for "Coastal" to the list of Character Districts and will apply the new district to the parking and townhouse development standards (currently the only areas where Character Districts are utilized).
- The proposed *plaNorfolk2030* amendments establish the Coastal Character District concept and establish new policy direction regarding development form standards and guidelines throughout the city.
- The proposed *Zoning Ordinance* amendments do not modify current standards in any way, as they apply the same standards (for parking and townhouse development standards) for both the Coastal and the Suburban Character Districts.
- The need for an additional Character District to apply to the Ocean View area of the city began to be discussed in early 2015 as a way to ensure that new developments in the area reflect the "coastal" character of existing Ocean View neighborhoods.

- The City Planning Commission discussed the potential for a new Character District during a June 2015 work session.
- Staff developed a draft proposal and presented it to the Ocean View Task Force in July 2015 and meetings of five civic leagues through the summer and fall.
- Staff refined the initial draft proposal based on the public input received and presented it at a community meeting held in Ocean View in December 2015.
- Based on the input at the December meeting, additional modifications were made to the proposed Coastal Character District boundaries, resulting in a final proposal.

B. Plan Consistency

The preparation of amendments such as these is directly in keeping with Land Use Goal 1 of *plaNorfolk2030*, which calls for ensuring that the type and quality of land uses complements or enhances the community's physical characteristics.

C. Financial Impact

The actions being added to *plaNorfolk2030* will require some budget expenditure on the part of the city to prepare new development standards and pattern books.

D. Traffic Impact

The impact of the proposed amendments on the city's transportation networks should be minimal.

E. Impact on the Environment

The impact of the proposed amendments on the city's environment should be minimal.

F. Communication Outreach/Notification

- The planning department presented the concept at the July 2015 meeting of the Ocean View Task Force, and at regular meetings of the the Ocean View, Greater Pinewell, Cottage Line, East Ocean View, and Bayview Civic Leagues between August and November of 2015.
- The planning department hosted a community meeting in Ocean View to present and receive input on the proposed amendments on December 3, 2015.
- Legal notification was placed in *The Virginian-Pilot* on January 14 and January 21.

G. Recommendation

Staff recommends that the requested amendments to *plaNorfolk2030* and the *Zoning Ordinance* be **approved**.

I. **Recommendation:** Consider Ordinance

II. **Applicant:** City of Norfolk

Description:

This agenda item includes an ordinance to amend the Fiscal Year 2016 Capital Improvement Program (CIP) Budget to establish a \$14.5 million Economic Development Authority (EDA) project for the conversion of the former J.C. Penney store at Military Circle to an office building. This project is not a capital project being carried out by the city. This amendment is being proposed in anticipation of the city needing to provide debt service coverage through the operating budget for the \$14.5 million project should the EDA not be able to make the loan payments.

III. **Analysis**

The EDA will issue a Revenue Note for \$14.5 million secured by a cooperation agreement with the city, which includes a full faith and credit pledge. The credit of the city will be pledged and approved by City Council by way of a separate ordinance. Currently the EDA has a tenant committed for occupancy for roughly half of the square footage of the building. It is highly anticipated the EDA will be able to self-support this loan when additional tenants are secured. In addition, the EDA will be able to refinance this loan at the end of its five-year term and eliminate the need for the city's pledge.

IV. **Financial Impact**

The EDA has secured a loan for \$14.5 million. The EDA will utilize the revenue from the five-cent cigarette tax dedicated to the Department of Economic Development as a source to make debt service payments. Cigarette tax revenue was previously dedicated for business development and retention by City Council in FY 2014. It is also anticipated the city may need to provide additional

support should the EDA fall short in operating revenue during in the initial two years of the loan until other tenants are secured. Should this coverage be needed, it will be supported through subsequent City Council adopted operating debt service budgets.

II. **Applicant:** City of Norfolk

III. **Description**

This agenda item is an ordinance authorizing the City of Norfolk (the "city") to enter into a Cooperation Agreement to pledge the City's full faith and credit equal to the debt service coverage on a \$14.5 million Revenue Note issued by the Economic Development Authority (EDA). The funds will be used for an EDA project that will convert the former J.C. Penney store at Military Circle to an office building. Approval of this ordinance is required for the EDA to proceed with the EDA's Revenue Note transaction.

IV. **Analysis**

The EDA will issue a Revenue Note for \$14.5 million secured by a Cooperation Agreement with the city, which includes a full faith and credit pledge. Currently the EDA has a tenant committed for occupancy for roughly half of the square footage of the building. It is highly anticipated the EDA will be able to self-support this loan when additional tenants are secured. In addition, the EDA has the ability to refinance this loan at the end of its five-year term and eliminate the need for the city's pledge.

V. **Financial Impact**

The EDA has secured a loan for \$14.5 million. The EDA will utilize the revenue from the five-cent cigarette tax dedicated to the Department of Economic Development as a source to make debt

service payments. Cigarette tax revenue was previously dedicated for business development and retention by City Council in FY 2014. It is also anticipated the city may need to provide additional support should the EDA fall short in operating revenue during in the initial two years of the loan until other tenants are secured.

The City shall be obligated to make principal and interest payments on the EDA Revenue Note in the principal amount of \$14.5 million should EDA revenue (cigarette tax) or other EDA sources not be available for the project.

I. **Recommendation:** Adopt Ordinance

II. **Applicant:** City of Norfolk

III. **Description**

This agenda item is an ordinance authorizing the issuance of a Wastewater System Revenue Bond of up to \$8,000,000 for partial funding of the cashflow needs of the previously approved Wastewater Utility Fund Capital Improvement Program. A public hearing is required prior to City Council authorizing the issuance of such a bond.

IV. **Analysis**

This is the twelfth (12th) year the city has utilized Virginia's Water Facilities Revolving Fund (the "Fund"). This Fund has proven to be cost effective, in that the interest rate is subsidized by the Federal and State governments. The planned issuance of up to \$8,000,000 including issuance costs, will be based on terms and conditions of a Loan Agreement entered into with the Virginia Resources Authority (financial administrator of the Water Facilities Revolving Fund). The city utilizes the maximum funding amount available through this program for projects that meet the eligibility requirements.

V. **Financial Impact**

Based on the issue size, the Virginia Department of Environmental Quality (the "VDEQ") (Program Administrator for the Fund) has authorized an interest-free loan to the city.

VI. **Environmental**

Proceeds from the bond issuance will fund construction of several projects under the city's Consent Order with the VDEQ.

Public notification for this agenda item was conducted through the city's agenda notification process.

VIII. Board/Commission Action

The Bond Commission approved this plan of finance at the meeting held on November 3, 2014.

- - -

WHEREAS, the Council (the "Council") of the City of Norfolk, Virginia (the "City"), has determined that it is necessary to finance, with respect to the City's wastewater system (the "System"), certain costs of capital improvements for which bond proceeds have been appropriated pursuant to the City's Capital Improvement Plan, as the Council may amend it from time to time hereafter and that it is advisable to borrow up to \$8,000,000 and to issue wastewater system revenue bonds of the City (the "Bonds") to provide funds to finance (i) the costs of acquiring, constructing and equipping the particular System capital projects in the below-defined Financing Agreements (collectively, the "Project") and (ii) the costs of issuance related to the financing;

WHEREAS, the Council has determined to sell the Bonds to or at the direction of the Virginia Resources Authority, as Administrator of the Virginia Water Facilities Revolving Fund ("VRA"), pursuant to the terms of one or more Financing Agreements (each a "Financing Agreement") between the City and VRA, the most recent drafts of which are on file with the Director of Finance of the City (the "Director of Finance"); and

WHEREAS, the Council has held a public hearing on February 23, 2016, regarding the issuance of the Bonds in accordance with the requirements of the Public Finance Act of 1991, Chapter 26 of Title 15.2 of the Code of Virginia of 1950, as amended (the "Virginia Code").

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Norfolk:

Section 1:- That the Council hereby determines that it is advisable and will benefit the inhabitants of the City through the promotion of their safety, health, welfare and prosperity to contract a debt and to issue and sell the Bonds in an original aggregate principal amount not to exceed \$8,000,000. The Council hereby authorizes the issuance and sale of the Bonds in one or more series from time to time in accordance with the terms of this Ordinance. Each series of the Bonds shall be styled "City of Norfolk, Virginia, Wastewater System Revenue Bond" with an appropriate series designation. The proceeds from the issuance and sale of the Bonds shall be used to pay all or a portion of the costs of the Project and the costs of issuance related to the financing.

Section 2:- That the Bonds shall be limited obligations of the City and, except to the extent payable from the proceeds of the sale of the Bonds or the income, if any, derived from the investment thereof, are payable exclusively from the Revenues (as defined in any Financing Agreement) of the System which the City hereby pledges to the payment of the principal of the Bonds and other amounts payable under the applicable Financing Agreement pursuant to the terms of such Financing Agreement.

Section 3:- That each Bond shall be issued as a single bond in fully registered form and shall be dated the date of its issuance and delivery or such other date as required by VRA. The City Manager of the City (the "City Manager") in consultation with the Director of Finance, is hereby authorized and directed to determine and approve all of the other final details of each Bond, including without limitation, the maximum principal amount authorized to be advanced thereunder, the interest rate, the maturity or payment dates and amounts, final series designation and the final maturity date; provided that (i) the maximum aggregate principal amount authorized to be advanced under the Bonds shall not exceed the amount set forth in Section 1, (ii) the Bonds shall not bear interest, (iii) the Bonds shall have a substantially level maturity or payment schedule from and after the date on which the first payment of principal is due thereunder and (iv) the final maturity date of the Bonds shall be no later than December 31, 2038.

Section 4:- That each Bond shall be in substantially the form attached to the respective Financing Agreement, then on file with the Director of Finance, with such appropriate variations, omissions and insertions as are permitted or required by this Ordinance. There may be endorsed on each Bond such legend or text as may be necessary or appropriate to conform to any applicable rules and regulations of any governmental authority or any usage or requirement of law with respect thereto.

Section 5:- That the City Manager and the Director of Finance are hereby authorized and directed to approve such optional redemption provisions with respect to each series of the Bonds as either may deem

advisable, including provisions that preclude any series of the Bonds from optional redemption.

Section 6:- That the Mayor of the City (the "Mayor") and the City Manager are hereby authorized and directed to execute the Bonds. The Clerk of the Council (the "Clerk") is hereby authorized and directed to affix the seal of the City to each series of the Bonds and to attest to the seal. The manner of execution, attestation to and affixation of the seal may be by facsimile; provided, however, that if the signatures of the Mayor, the City Manager and the Clerk are all by facsimile, the Bonds will not be valid until signed at the foot thereof by the manual signature of the Bond Registrar. The City Manager's approval or determination of the details and provisions of the Bonds that the City Manager has been authorized or directed to approve under this Ordinance shall be evidenced conclusively by the City Manager's execution and delivery of the Bonds on the City's behalf.

Section 7:- That the Council hereby appoints the Director of Finance as the Bond Registrar and Paying Agent for the Bonds.

Section 8:- That the City Manager is hereby authorized to appoint a subsequent Bond Registrar or one or more Paying Agents, or both, for any Bonds and upon giving written notice to the registered owners of the affected Bonds that specifies the name and location of the principal office of any such subsequent Bond Registrar or Paying Agent.

Section 9:- That upon surrender for transfer or exchange of any Bond (or any printed bond issued in substitution therefor) at the principal office of the Bond Registrar, the City shall execute and deliver and the Bond Registrar shall authenticate in the name of the registered owner or the transferee or transferees, as appropriate, a new Bond or Bonds of any authorized denomination in an aggregate principal amount equal to the Bond surrendered and of the same series, form and maturity and bearing interest at the same rate as the Bond surrendered, subject in each case to such reasonable regulations as the Council and the Bond Registrar may prescribe. All Bonds presented for transfer or exchange shall be accompanied by a written

instrument or instruments of transfer or authorization for exchange, in form and substance reasonably satisfactory to the Bond Registrar, duly executed by the registered owner or by his or her duly authorized attorney-in-fact or legal representative. No Bond shall be registered to bearer.

Section 10:- That new Bonds delivered upon any transfer or exchange shall be valid obligations of the City, evidencing the same debt as the Bonds surrendered, shall be secured by this Ordinance and entitled to all of the security and benefits hereof to the same extent as the Bonds surrendered.

Section 11:- That no charge shall be made for any exchange or transfer of Bonds, but the Bond Registrar may require payment by the person requesting the exchange or transfer of a sum sufficient to cover any tax or other governmental charge which may be imposed with respect to the exchange or transfer of such Bonds.

Section 12:- That the Council hereby approves each Financing Agreement in substantially the form on file with the Director of Finance, with such changes, insertions or omissions as may be approved by the City Manager, whose approval shall be evidenced conclusively by the execution and delivery of each Financing Agreement on the City's behalf, and the City Manager or the Director of Finance is hereby authorized to complete each Financing Agreement with the final terms, subject to the parameters set forth in Section 1 and Section 3. The City Manager is hereby authorized to execute and deliver each Financing Agreement and such other documents and certificates as such officer may consider necessary in connection therewith. The City Manager and the Director of Finance are each hereby appointed as Authorized Representatives (as defined in each Financing Agreement) for purposes of each Financing Agreement. Furthermore, the City Manager is hereby authorized to designate additional Authorized Representatives for the purposes of each Financing Agreement.

Section 13:- That the City Manager, the Director of Finance and such other officers and agents of the City as the City Manager or the Director of

Finance may designate, are hereby authorized and directed to take further action as each deems necessary or appropriate regarding the issuance and sale of the Bonds, including the execution and delivery of a commitment letter and other instruments, agreements and documents related to the issuance and sale of any series of the Bonds. The authorizations granted in this Ordinance to the Mayor, the Clerk, the City Manager and the Director of Finance may be carried out by the Vice Mayor, the Chief Deputy or Deputy City Clerk, any Acting, Deputy or Assistant City Manager or any Acting, Interim or Assistant Director of Finance, as appropriate, in the absence of the primary officer.

Section 14:- That the officers and agents of the City are hereby authorized and directed to take such further actions as each deems necessary regarding the issuance and sale of the Bonds and all actions taken by such officers and agents in connection with the issuance and sale of the Bonds are hereby ratified and confirmed.

Section 15:- That the appropriate officers or agents of the City are hereby authorized and directed to file a certified copy of this Ordinance with the Circuit Court of the City pursuant to Sections 15.2-2607 and 15.2-2627 of the Virginia Code.

Section 16:- That the Council hereby elects pursuant to Section 15.2-2601 of the Virginia Code to issue the Bonds under the Public Finance Act of 1991, Chapter 26, Title 15.2 of the Virginia Code without regard to the requirements, restrictions or other provisions contained in the Charter of the City.

I. **Recommendation:** Adopt ordinance

II. **Applicant:** The Muddy Paw Grooming and Retail Store, LLC

III. **Description:**

This agenda item is an ordinance to amend a lease between the City of Norfolk (the "city") and The Muddy Paw Grooming and Retail Store, LLC ("Muddy Paw") for the space located at 400 Granby Street, Suite B.

IV. **Analysis**

The Vibrant Spaces program is a three-year program that was established with the goal of attracting and retaining downtown businesses. On June 23, 2015, Ordinance No. 45,987, City Council approved a boilerplate lease to be used with prospective tenants for the spaces at 400 Granby Street. For Muddy Paw, this boilerplate lease was revised to accommodate an option to extend the term of the lease for up to two (2) additional one (1) year periods. This option was offered in an effort to attract this new business and maintain their occupancy on Granby Street. Each year of renewal will also have a three percent escalation of the rental amounts paid to the city and the lease extensions will allow for increased sales tax and parking revenue for the city as generated by this business. No other provisions of the lease have been changed by this amendment.

Tenant shall not assign or otherwise transfer, pledge, grant a security interest in or mortgage this Lease, or sublet all or any portion of the Premises without Landlord's and Downtown Norfolk Council's prior written consent, which, if consented to by Landlord and Downtown Norfolk Council, shall be in a form acceptable to Landlord and Downtown Norfolk Council. No assignment, mortgaging or subletting, if consented to by Landlord or the Downtown Norfolk Council, shall relieve Tenant of its obligations under this Lease. Consent by Landlord or the Downtown Norfolk Council shall not operate as a waiver of the necessity for consent to any subsequent assignment, mortgaging or subletting and the terms of such consent shall be binding upon the assignee, mortgagee or subtenant. Tenant hereby irrevocably assigns, for purposes of collateral, the rent of any and all assignees and sublessees and, upon instruction from Landlord, shall notify any assignee or sublessee to make such payments directly to Landlord. For convenience purposes, the Landlord may, at its option, make arrangements to collect the rent directly from the assignee or subtenant. Additionally, if the Tenant does sublet the Premises, in whole or in part, then it is hereby mutually agreed that Landlord shall have the right to 100% of any

Additional Rental Income which is the result of such sublease. For purposes of this Section, "Additional Rental Income" is defined as the difference between all rent paid by subtenant and all rent owed by Tenant to Landlord hereunder. Tenant shall submit periodic reports to Landlord computing any subrental payments due to Landlord and enclosing the payments.

4.2 Corporate Transfer. If at any time during the term of this Lease corporate shares, partnership interests or other proprietary interest of or in Tenant shall be transferred by sale, assignment, bequest, inheritance, operation of law or other disposition so as to result in a change in the present effective control of Tenant by the person or persons owning a majority of said corporate shares, partnership interests or other proprietary interests on the date of this Lease, Tenant shall promptly notify Landlord in writing of such change. ; provide, however, any sale, assignment, merger, acquisition or other transfer that results in a change in the effective control of Tenant shall be subject to the prior written consent of Landlord.

4.3 Recapture of Premises. Tenant's request for Landlord's consent to the assignment of this Lease or subletting all or any part of the Premises shall contain a right of first refusal to Landlord to recapture, at the then square foot rental rate or the rental Tenant proposes to obtain, whichever is lower, all or such part of the Premises which Tenant proposes to assign or sublet. Upon receipt of such offer, Landlord shall have the option, to be exercised within thirty (30) days following receipt, to accept the Tenant's offer to permit Landlord to recapture. If accepted, Tenant shall execute an assignment of the Lease or a sublease to Landlord in a form acceptable to Landlord, with Landlord having the right to sublease or subrent to others. If Landlord exercises its option to recapture and the assignment or sublease from Tenant provides for a rental rate equal to the rental rate in effect as of the date the option is exercised, Tenant shall be released of all further liability under this Lease, as of the effective date of the assignment or sublease, with respect to that portion of the Premises subject to the assignment or sublease.

4.4 Mortgage by Landlord. Landlord shall have the right to transfer, assign, pledge, grant a security interest in, mortgage or convey in whole or in part the building and any and all of its rights under this Lease, and nothing herein shall be construed as a restriction upon Landlord's doing so.

4.5 Subordination. Subject to the requirements of Section 4.6, this Lease is and shall be subject and subordinate in all respects to any and all mortgages, deeds of trust and ground leases now or hereafter placed on the Building or the land upon which the Building is situated, and to all renewals, modifications, consolidations, replacements and extensions thereof.

4.6 Attornment/Non-Disturbance. If the interest of Landlord is transferred to any person or entity by reason of foreclosure or other proceedings for enforcement of any mortgage, deed of trust or security interest or by delivery of a deed in lieu of foreclosure or other proceedings, or by reason of sale, assignment or other transfer of Landlord's interest in the Building, Tenant shall immediately and automatically attorn to such person or entity. In event of such transfer, this Lease and Tenant's rights hereunder shall continue undisturbed so long as Tenant is not in default and the successor to the Landlord shall perform all

obligations of the Landlord under the Lease. Tenant shall, at Landlord's request, execute an agreement providing for subordination of the lease. Tenant agrees that the termination of any ground lease shall not result in termination of this Lease.

4.7 Estoppel Certificate. Tenant agrees, at any time and from time to time, upon not less than ten (10) days prior written notice by Landlord, to execute, acknowledge and deliver to Landlord or any person designated by Landlord, a statement in writing (i) certifying that this Lease is unmodified and in full force and effect, or, if there have been modifications specifying the same; (ii) certifying that Tenant has accepted possession of the Premises, and that any improvements required by the terms of this Lease to be made by the Landlord have been completed to the satisfaction of the Tenant or, if not, describing such unsatisfactory improvements; (iii) stating that no rent under this Lease has been paid more than thirty (30) days in advance of its due date; (iv) stating the address to which notices to Tenant should be sent; (v) certifying that Tenant, as of the date of any such certification, has no charge, lien or claim of set-off under this Lease, or otherwise, against rents or other charges due or to become due hereunder; (vi) stating whether or not, to the best of Tenant's knowledge, Landlord is in default in the performance of any covenant, agreement or condition contained in this Lease, and, if so, specifying each such default of which Tenant may have knowledge; and (vii) containing any other statement as Landlord may reasonably request. Any such statement delivered pursuant to this Section may be relied upon by any owner of the Building, any prospective purchaser of the Building, any mortgagee or prospective mortgagee of the Building or of Landlord's interest, or any prospective assignee of any such mortgagee.

4.8. Sale by Landlord. In the event Landlord transfers its interest in the Building, any such transfer shall be subject to the terms and conditions of this Lease. Landlord shall thereby be released from any further obligation hereunder, except for any existing obligation that Landlord may have to Tenant at the time of such transfer unless such obligation is expressly assumed in writing by the purchaser and Tenant is provided with a copy of such assumption, and Tenant agrees to look solely to the successor in interest of the Landlord for the performance of any such obligations under the Lease. However, if such new landlord is unacceptable to Tenant for any reason, then Tenant shall have the right to terminate this Lease upon thirty (30) days' prior written notice to Landlord delivered within ten (10) days following Tenant's receipt of notice identifying the prospective purchaser of the Building.

5. MAINTENANCE AND REPAIRS; RIGHT OF ENTRY; ALTERATIONS; LIENS; SIGNS.

5.1 Maintenance and Repairs by Tenant. Tenant shall maintain and keep in good condition and repair the interior, non-structural portions of the Premises (including without limitation, interior walls, plate glass, windows, doors, door closure devices, window and door frames, molding, locks and hardware, painting or other treatment of interior walls, floor coverings, glazing, plumbing, pipes, signage, lighting and electrical wiring and conduits) and shall repair or replace, as necessary, any damage or injury to the Premises or the Building caused by Tenant, its agents, employees or invitees (subject, however, to Section 6.5 below). Tenant shall keep all plumbing units, pipes and connections both in the

Premises and in the restrooms serving the Premises free from obstruction and protected against ice and freezing. All maintenance and repairs made by Tenant shall be performed only by licensed contractors approved by Landlord. Tenant shall require its contractor to comply with Landlord's regulations and any other reasonable requirements regarding all work to be performed. Tenant shall keep the Premises and entryway neat, clean and free from dirt, rubbish, insects and pests and shall keep the sidewalks, serviceway and loading areas adjacent to the Premises free from obstruction and rubbish created by Tenant or related to Tenant's business. Tenant shall store all trash and garbage within the area designated by Landlord for trash pickup and removal, in receptacles of the size, design and color prescribed by Landlord. Tenant shall give immediate written notice to Landlord of any improperly functioning equipment serving the Premises or damage to the Premises. Landlord shall be solely responsible for any replacement or repair of building structure, including exterior walls and all plumbing, electric, and utility servicing beyond the demising walls of the Premises, except for plumbing repairs the need for which arises from Tenant's use of the Premises.

5.2 Landlord's Right to Maintain or Repair. If, within ten days following occurrence, Tenant fails to repair or replace any damage to the Premises or Building for which Tenant is responsible pursuant to Section 5.1 above, Landlord may, at its option, cause all required maintenance, repairs or replacements to be made. Tenant shall promptly pay Landlord all costs incurred in connection therewith plus interest thereon at the rate of 18% per annum from the due date until paid.

5.3 Maintenance and Repairs by Landlord. Landlord shall keep the exterior of the Premises, including the foundation and the exterior walls of the Premises, in good repair, ordinary wear and tear excepted, and subject to Tenant's obligations under Section 5.1 above. Landlord shall maintain and repair the entryway of the Building serving the Premises, subject to the provisions of Section 2.3 above. Landlord shall maintain and repair the HVAC system serving the Premises. Any repairs required to be made by Landlord which are occasioned by the act or negligence of Tenant or its agents, employees or invitees, shall be paid for by Tenant upon demand to the extent not covered by insurance proceeds actually received by Landlord. If the Premises or entry requires repairs that are Landlord's responsibility under this provision, Tenant shall give immediate written notice to Landlord, and Landlord shall not be responsible in any way for failure to make any such repairs until a reasonable time shall have elapsed after delivery of such written notice.

5.4 Alterations by Tenant. Tenant shall make improvements to the Premises pursuant to the space plans and specifications attached hereto as Exhibit D (the "Tenant Improvements"). The Tenant Improvements shall be completed at Tenant's sole cost and expense in a good and workmanlike manner and shall comply at the time of completion with all applicable laws. Tenant shall notify Landlord upon completion of the Tenant Improvements and Landlord shall inspect same for workmanship and compliance with Exhibit D and other applicable provisions of this Lease. Tenant and its contractors shall comply with all reasonable requirements Landlord may impose on Tenant or its contractors with respect to such work (including but not limited to, insurance, indemnity and bonding requirements), and shall deliver to Landlord a complete copy of the "as-built" or final plans and specifications for all alterations or physical additions so made in or to the Premises

within thirty (30) days of completing the work. The Tenant Improvements shall include an adequate water filtration system to prevent animal hair from going into the plumbing serving the Premises and an adequate exhaust/ventilation system designed for Tenant's specific use of the Premises.

5.5 Except for decorative or cosmetic changes or alterations, Tenant shall make no other changes, additions, alterations or improvements to the Premises without the prior written consent of Landlord and subject to all rules, requirements and conditions imposed by Landlord and applicable laws, rules, and regulations at the time such consent is given. Landlord shall have the right to withhold its consent and condition consent upon provision by Tenant of adequate security, and may require Tenant to restore the Premises to the condition existing prior to any such alterations made without Landlord's consent upon the expiration or earlier termination of the term of this Lease. Tenant shall have the right to install its trade fixtures at the Premises provided the installation thereof does not alter or damage the structural portions of the Building.

5.6 Alterations by Landlord. Landlord may make repairs, changes or additions to the structure, systems, facilities and equipment in the Premises where necessary to serve the Premises or the Building, as long as any such repairs, changes or alterations do not reduce the square footage of floor space available for Tenant's use. Landlord may also make changes, alterations or additions to any part of the Building not forming part of the Premises and change the location of public areas of the Building.

5.7 Liens. If, because of any act or omission of Tenant or any person claiming by, through or under Tenant, any mechanic's lien or other lien shall be filed against the Premises or the Building or against other property of Landlord (whether or not such lien is valid or enforceable as such), Tenant shall, at its own expense, cause the same to be discharged of record within thirty-five (35) days after the date of filing thereof. If any such lien is not so discharged, Landlord may, but shall not be obligated to, pay or post security for the claim upon which such lien is based so as to have such lien released of record; and, if Landlord does so, then Tenant shall pay to Landlord, as Additional Rent, upon demand, the amount of such claim or security, plus all other costs and expenses incurred in connection therewith (including Landlord's reasonable attorneys' or consultants' fees), plus interest thereon at the rate of the lesser of eighteen percent (18%) per annum or the highest lawful rate under applicable law until paid.

5.8 Signs. Tenant may install signage at the Premises subject to Landlord's prior written consent and the sign criteria established by the Department of Planning and Community Development of the City of Norfolk. Tenant shall be responsible for ensuring that such signage is and remains in compliance with all laws, rules and regulations of the City of Norfolk and for obtaining any necessary approvals associated therewith. Upon expiration or sooner termination of this Lease, Tenant shall remove all such signs or advertising consented to by Landlord or allowed pursuant to this Section and shall repair any damage caused by such removal. During the last six (6) months of the Term, and at any time Tenant is in Default, Landlord shall have the right to erect on the Premises signs indicating that the Premises are available for lease.

5.9 Display Windows. Tenant shall maintain all display windows in a neat, attractive condition in compliance with requirements of Section 5.7, and Tenant shall keep all display windows and exterior electric signs in front of the Premises lighted from dusk until 10:00 p.m. every day, including Sundays and holidays.

5.10 Landlord's Right of Entry. Landlord, its agents, contractors or employees shall have the right to enter the Premises at reasonable hours and after reasonable notice to make inspections, alterations, or repairs to the Building or the Premises and to show the Premises to prospective purchasers or tenants. In event of emergency, Landlord, its agents, contractors or employees shall have the right of entry at any time and may perform any acts related to safety, protection, preservation or improvement of the Building or the Premises, but in making such entry shall take all appropriate measures to safeguard the privacy of Tenant's files and records. Landlord shall provide Tenant notice of such entry; provided, however, that such notice may be within a reasonable period after entry has occurred. Except for repair of casualty damage as provided in Section 7.1, Tenant shall not be entitled to any abatement or reduction of rent because of work performed within the Building or Premises by Landlord. Tenant shall provide Landlord with a key to the Premises, including any internal locked areas of the Premises, and a Knox box shall be located at the Premises at the sole cost and expense of Tenant.

5.11 Waiver of Landlord's Lien. Except in the event of a monetary default by Tenant, Landlord waives any lien it might have upon all goods, wares, equipment, fixtures, furniture, inventory, accounts, contract rights, chattel paper and other personal property of Tenant located in the Premises. In the event of a monetary default by Tenant under the terms of this Lease, Tenant grants to Landlord a first priority lien and continuing security interest for all Rent and all other obligations of Tenant under this Lease, upon all goods, wares, equipment, fixtures, furniture, inventory, accounts, contract rights, chattel paper and other personal property of Tenant located in the Premises, and such property shall not be removed therefrom without the consent of Landlord, except in the ordinary course of business. Upon a Default, Landlord shall have, in addition to all other remedies, all rights and remedies under the Virginia Uniform Commercial Code, including the right to sell such property at public or private sale upon five (5) days' notice to Tenant. Tenant agrees to execute such documents as Landlord requests to perfect the security interest so created, including any UCC financing statements.

5.12 Non-Liability for Certain Conditions. Landlord and Landlord's agents and employees shall not be liable to Tenant or any other person or entity for any injury to person or damage to property caused as a result of the Premises or other portions of the Building becoming out of repair or damaged, or by defect in or failure of equipment, pipes or wiring, or broken glass, or by the backing up of drains or by gas, water, steam, electricity or oil leaking, escaping or flowing into the Premises.

6. INSURANCE, INDEMNITY, SUBROGATION.

6.1 Insurance by Landlord. Landlord shall maintain insurance for those perils and in amounts which would be considered prudent for similar type property situated in the general area of the Building or which is required by any mortgagee or creditor of Landlord. Landlord shall have the right to self-insure with respect to any insurance obligations hereunder.

6.2 Tenant's Insurance.

6.2.1 Tenant's Liability Insurance. Tenant shall at all times during the term hereof and at its cost and expense purchase and maintain with an insurance company, commercial general liability insurance coverage naming Landlord as an additional insured, in an adequate amount, as determined by Landlord's insurance broker or adviser, but not less than Three Million Dollars (\$3,000,000.00) combined single limit of coverage for personal injury, death and property damage. The insurance carrier shall be reasonably satisfactory to Landlord and licensed in the state in which the Premises are located. The insurance carrier shall at all times during the term of this Lease have a policyholder's rating of not less than "A-/VII" in the most current edition of Best's Insurance Reports. The policy shall also include contractual coverage of Tenant's obligations under Section 6.4 below. Tenant shall deliver to Landlord evidence of such insurance prior to occupancy evidencing the obligation of the insurer to provide Landlord with not less than thirty (30) days written notice prior to any reduction or cancellation of such insurance. Any insurance required of Tenant under this Lease may be furnished by Tenant under a blanket policy carried by it. Such blanket policy shall contain an endorsement that names Landlord as an additional insured, references the Premises, and guarantees a minimum limit available for the Premises equal to the insurance amounts required in this Lease. Each policy evidencing the insurance to be carried by Tenant under this Lease shall contain a clause that such policy and the coverage evidenced thereby shall be primary with respect to any policies carried by Landlord, and that any coverage carried by Landlord shall be excess insurance.

6.2.2 Tenant's Property Insurance. Tenant shall, at its own expense maintain in full force and effect "Broad Causes of Loss" or "Special Causes of Loss" commercial property insurance covering all of its inventory, furnishings, fixtures and equipment in the Premises, to the extent of their insurable actual cash value. Landlord will not carry insurance on Tenant's possessions, nor on any leasehold improvements made by Tenant, and Landlord shall not be liable for Tenant's loss thereof.

6.2.3 Co-naming of Landlord. The insurance policy or policies for the insurance required in Sections 6.2.1 and 6.2.2 above shall name Landlord, and Landlord's mortgagee, if any, as additional insureds and shall provide that they may not be canceled on less than thirty (30) days prior written notice to Landlord. Tenant shall furnish Landlord with Evidence of Insurance evidencing all required coverage. Should Tenant fail to carry such insurance and to furnish Landlord with such evidence of such insurance after a request to do so, Landlord shall have the right to obtain such insurance and collect the cost thereof from Tenant as

additional rent plus interest thereon at the rate of 18% per annum or the highest lawful rate under applicable law from the due date until paid.

6.3 Insurance Rating. Tenant will not conduct or permit to be conducted any activity, or place any equipment in or about the Premises, which will, in any way, increase the rate of fire insurance or other insurance on the Building; and if any increase in the rate of fire insurance or other insurance is stated by any insurance company or by the applicable Insurance Rating Bureau to be due to activity or equipment in or about the Premises, such statement shall be conclusive evidence that the increase in such rate is due to such activity or equipment and as a result thereof, Tenant shall be liable for such increase and shall reimburse Landlord therefor.

6.4 Indemnity. Tenant will indemnify and save Landlord harmless from and against any and all claims, actions, damages, liability and expense in connection with loss of life, personal injury and/or damage to property arising from or out of any occurrence in, upon or at the Premises, or the occupancy or use by Tenant of the Premises or any part thereof, or occasioned wholly or in part by any act or omission of Tenant, its agents, contractors, employees, servants, lessees or concessionaires, clients or customers, excepting only such claims arising from the negligence of Landlord, its agents, contractors or its employees, or its failure to perform its obligations under this Lease. In case Landlord shall, without negligence or material fault on its part, be made a party to any litigation commenced by or against Tenant, Tenant shall protect and hold Landlord harmless and shall pay all costs, expenses and reasonable attorney's fees incurred or paid by Landlord in connection with such litigation.

6.5 Waiver of Subrogation. Notwithstanding anything in this Lease to the contrary, Landlord and Tenant each hereby waive, to the extent of net proceeds collected under insurance policies actually carried or required by this Lease to be carried by the waiving party, any rights each may have against the other on account of any loss or damage occasioned to Landlord or Tenant, as the case may be, their respective property, or the Building.

7. DAMAGE AND DESTRUCTION.

7.1 Damage. In the event the Building or the Premises shall be destroyed or rendered untenable either in whole or in part, by fire or other casualty, Landlord may, at its option, restore the Building or Premises to as near their previous condition as is reasonably possible, and in the meantime Tenant agrees that during any period of restoration or repair of the Premises it will continue the operation of its business within the Premises to the extent practicable and the Base Rent shall be abated in the same proportion as the untenable portion of the Premises bears to the whole thereof; but unless Landlord, within sixty days after the happening of any such casualty, shall notify Tenant of its election to so restore, this Lease shall thereupon terminate and Tenant shall vacate the Premises and be discharged from any obligation to pay rent. Such restoration by Landlord shall not include replacement of furniture, equipment or other items that are part of the Building or any improvements to the Premises in excess of those provided for in any allowance for building

standard items as of the Commencement Date of this Lease. Restoration of the Premises required by Tenant beyond Landlord's obligation shall be performed by the Tenant at no cost to the Landlord. In event of damage to the Premises or the Building by fire or other causes resulting from fault or negligence of Tenant, its agents, employees or invitees, there shall be no abatement of rent during the period of repair.

7.2 Delay Beyond Landlord's Control. Landlord shall not be penalized for any delay in commencing or completing repairs caused by adjustment or insurance claims, governmental requirements or any cause beyond Landlord's reasonable control.

8. CONDEMNATION.

8.1 Condemnation; Award; Termination. If the Building or Premises shall be taken or condemned for any public purpose, or for any reason whatsoever, to such an extent as to render either or both untenable, either Landlord or Tenant shall have the option to terminate this Lease effective as of the date of taking or condemnation in which event Tenant shall be discharged from any obligation to pay rent. If the taking or condemnation does not render the Building and the Premises untenable, this Lease shall continue in effect and Landlord shall promptly restore the portion not taken to the extent possible to the condition existing prior to the taking, but in no event shall Landlord be required to expend any amounts in excess of the net condemnation proceeds received by Landlord. If, as a result of such restoration, the area of the Premises is reduced, the rent shall be reduced proportionately. All proceeds from any taking or condemnation shall be paid to Landlord. Tenant waives all claims against such proceeds. A voluntary sale or conveyance in lieu of but under the threat of condemnation shall be considered a taking or condemnation for public purpose.

9. SURRENDER OF PREMISES.

9.1 Surrender at Expiration. Upon expiration or sooner termination of this Lease, Tenant shall immediately surrender possession of the Premises to Landlord in substantially the condition as required under Section 5.

9.2 Removal of Property. All alterations, additions and improvements, other than unattached, movable furniture, furnishings or equipment made to the Premises at the expense of Tenant or Landlord, shall become a part of the Premises and shall remain upon and be surrendered with the Premises as a part thereof, except as Landlord may otherwise direct, in its sole discretion. Any unattached moveable furniture, furnishings or equipment not removed by the Tenant prior to the expiration or termination of this Lease shall become, at Landlord's option, the property of Landlord and shall be surrendered with the Premises as a part thereof. Upon expiration or other termination of this Lease, Tenant (i) shall remove only such alterations, additions and improvements (including telephone cable) as Landlord requests in writing; (ii) shall, except for these alterations, additions and improvements not required to be removed, restore the premises to the same condition existing upon delivery of possession thereto under this Lease, reasonable wear excepted; and (iii) shall surrender to Landlord, at the place then fixed for payment of rent, all keys for the Premises and shall

inform Landlord of all combinations on locks, safes, and vaults, if any, in the Premises. Tenant's obligation to observe this Section shall survive the expiration or other termination of this Lease.

10. HOLDING OVER.

10.1 Holding Over. If Tenant shall fail to vacate the Premises upon expiration or sooner termination of this Lease, Landlord may at any time reenter by any applicable legal process or otherwise in accordance with the provisions of this Lease. Any holding over shall only be with Landlord's consent and Tenant shall be a month-to-month Tenant and subject to all laws of the estate in which the Building is situated and to the terms and conditions of this Lease, so far as applicable. If Tenant or any other occupant remains in possession of the Premises after the expiration of this Lease without Landlord's consent, no tenancy or interest in the Premises will result, and such party shall be subject to immediate eviction and removal. The rent to be paid Landlord by Tenant during such continued occupancy shall be for each month of continued occupancy, an amount equal to 1.10% of the rent that would otherwise be owed hereunder for the month the Lease expires or is terminated plus all Additional Rent. No receipt of money by Landlord from Tenant after expiration or termination of this Lease shall reinstate or extend this Lease or affect any prior notice given by Landlord to Tenant. If Tenant fails to surrender the Premises upon the expiration of this Lease, despite demand to do so by Landlord, Tenant shall, to the extent permitted under Virginia law, indemnify and hold Landlord harmless from all loss or liability, including without limitation, any claim made by any succeeding tenant founded on or resulting from such failure to surrender.

11. DEFAULT; REMEDIES.

11.1 Defaults by Tenant. The occurrence of any one or more of the following events shall be a default under and breach of this Lease by Tenant:

11.1.1 Failure to Pay Rent. Tenant shall fail to make any required payment of the Base Rent or Additional Rent or any other charges due under the Lease for a period in excess of ten (10) days following written notice of such nonpayment by Landlord to Tenant.

11.1.2 Failure to Perform. Tenant shall fail to perform or observe any term, condition, covenant or obligation required to be performed or observed by it under this Lease for a period of thirty (30) days after written notice thereof from Landlord, provided, however, that if the term, condition, covenant or obligation to be performed by Tenant is of such nature that the same cannot reasonably be performed within such thirty (30) day period, such failure shall not constitute a default if Tenant commences such performance within said thirty-day (30) period and thereafter diligently undertakes to complete the same and does so complete the required action within a reasonable time but in any case not longer than sixty (60) days.

11.1.3 Vacation; Abandonment; Failure to Occupy. Tenant shall vacate or, abandon the Premises for any period, or fail to occupy the Premises or any substantial portion thereof for a period of thirty (30) days.

11.1.4 Trusteeship; Assignment; Attachment. A trustee or receiver shall be appointed to take possession of substantially all of Tenant's assets in, on or about the Premises or of Tenant's interest in this Lease (and Tenant does not regain possession within sixty (60) days after such appointment); Tenant makes a general assignment for the benefit of creditors, or substantially all of Tenant's assets in, on or about the Premises or Tenant's interest in this Lease are attached or levied under execution (and Tenant does not discharge the same within thirty (30) days thereafter).

11.1.5 Bankruptcy. A petition in bankruptcy, insolvency, or for reorganization or arrangement is filed by or against Tenant pursuant to any federal or state statute (and, with respect to any such petition filed against it, Tenant fails to secure a stay or discharge thereof within sixty (60) days after the filing of the same).

11.2 Remedies of Landlord. Upon the occurrence of any event of default set forth in Section 11.1, Landlord shall have the following rights and remedies, in addition to those provided by law, any one or more of which may be exercised without further notice to or demand upon Tenant.

11.2.1 Cure. Landlord may re-enter the Premises and cure any default of Tenant, in which event Tenant shall reimburse Landlord as Additional Rent for any costs and expenses which Landlord may incur to cure such default; and Landlord shall not be liable to Tenant for any loss or damage which Tenant may sustain by reason of Landlord's action, regardless of whether caused by Landlord's negligence or otherwise.

11.2.2 Termination; Re-let. In the event of default, after the applicable notice and cure period, Landlord shall have the right, in addition to all other rights and remedies provided by law, to re-enter the Premises peaceably or by force, with or without process of law, and to take possession thereof and to terminate this Lease. No such termination of this Lease nor recovering possession of the Premises, however, shall deprive Landlord of any action or remedy against Tenant for possession, rent (accrued or to accrue) or damages, nor constitute a waiver of any lien of Landlord on the property of Tenant and Landlord may to the extent permitted by law (but shall not be obligated to) re-let the Premises in whole or in part for the unexpired portion of the Lease term and Tenant shall be obligated to reimburse Landlord for all of its expenses in connection with such retaking and re-letting, including any loss of rental which might result. Landlord shall in no event be liable in any way whatsoever for failure to relet the Premises, or in the event that the Premises are relet, for failure to collect the rent under such reletting, and in no event shall Tenant be entitled to receive the excess, if any, of such net rent collected over the sums payable by Tenant to Landlord hereunder. To the extent permitted by law, Tenant waives any notice to quit or other provision of applicable law requiring notice or delay in an action to evict or dispossess Tenant, and all rights of redemption under any law in the event Tenant is evicted or dispossessed for any cause.

11.2.3 Acceleration. Landlord shall have the right to accelerate the rent due under this Lease with respect to the Premises.

11.2.4 Suit. Landlord may sue for specific performance, injunctive relieve or to recover damages for any loss resulting from the breach.

11.2.5 Interest on Unpaid Rent. Interest on unpaid rent shall be charged as specified in Section 2.4.

11.3 Default by Landlord and Remedies of Tenant. It shall be a default under and breach of this Lease by Landlord if it shall fail to perform or observe any term, condition, covenant or obligation required to be performed or observed by it under this Lease for a period of thirty (30) days after written notice thereof from Tenant; provided, however, that if the term, condition, covenant or obligation to be performed by Landlord is of such nature that the same cannot reasonably be performed within such thirty-day period, such occurrence shall not constitute a default if Landlord commences such performance within said thirty (30) day period and thereafter diligently undertakes to complete the same and does so complete the required action within a reasonable time. Upon the occurrence of any such default, Tenant may sue for injunctive relief or to recover damages for any loss resulting from the breach, and Tenant shall be entitled to terminate this Lease.

11.4 Limitation of Landlord's Liability. If Landlord shall fail to perform or observe any term, condition, covenant or obligation required to be performed or observed by it under this Lease after notice thereof and an opportunity to cure as provided in Section 11.3, and if Tenant shall, as a consequence thereof, recover a money judgment against Landlord, Tenant agrees that it shall look solely to the Landlord's right, title and interest in and to the Building and the Land for the collection of such judgment; and Tenant further agrees that no other assets of Landlord shall be subject to levy, execution or other process for the satisfaction of Tenant's judgment and that Landlord (and its employees) shall not be personally liable for any deficiency.

11.5 Non-Waiver of Defaults. The failure or delay by either party hereto to exercise or enforce at any time any of the rights or remedies or other provisions of this Lease shall not be construed to be a waiver thereof, nor affect the validity of any part of this Lease or the right of either party thereafter to exercise or enforce each and every such right or remedy or other provision. No waiver of any default and breach of the Lease shall be deemed to be a waiver of any other default and breach. The receipt by Landlord of less than the full rent due shall not be construed to be other than a payment on account of rent then due, nor shall any statement on Tenant's check or any letter accompanying Tenant's check be deemed an accord and satisfaction, and Landlord may accept such payment without prejudice to Landlord's right to recover the balance of the rent due or to pursue any other remedies provided in this Lease. No act or omission by Landlord or its employees or agents during the term of this Lease shall be deemed an acceptance of a surrender of the Premises, and no agreement to accept such a surrender shall be valid unless in writing and signed by Landlord.

12. MISCELLANEOUS PROVISIONS.

12.1 Waiver. The failure of Landlord or Tenant to insist upon strict performance of any of the covenants and agreements of this lease, or to exercise any option herein conferred in any one or more instances, shall not be considered to be a waiver or relinquishment of such performance by either party, and all covenants, agreements and options shall remain in full force and effect.

12.2 Consent Not Unreasonably Withheld. Unless otherwise specifically provided, whenever consent or approval of Landlord or Tenant is required under the terms of this Lease, such consent or approval shall not be unreasonably withheld or delayed. Tenant's sole remedy, if Landlord unreasonably withholds or delays consent or approval, shall be an action for specific performance and Landlord shall not be liable for damages. If either party withholds any consent or approval, such party shall on written request deliver to the other party a written statement giving the reasons therefor.

12.3 Attorney's Fees. To the extent permitted under Virginia law, all costs and expenses, including attorney's fees in a reasonable amount, incurred by Landlord or Tenant in enforcing the obligations of either under this Lease, shall be paid by the defaulting party to the prevailing party upon demand, once a default is determined to have occurred, whether by judgment or otherwise.

12.4 Designated Parties. Landlord may act in any matter provided for herein through any person who shall from time to time be designated by Landlord by notice to Tenant. Tenant may designate in writing a person to act on its behalf in any matter provided for herein and may, by written notice, change such designation. In the absence of such designation, the person or persons executing this Lease for Tenant shall be deemed to be authorized to act on behalf of Tenant in any matter provided for herein.

12.5 Successors. All covenants, terms and conditions contained in this Lease shall apply to and be binding upon and inure to the benefit of Landlord and Tenant and their respective heirs, executors, administrators, successors and assigns. If there is more than one Tenant, the obligations hereunder imposed upon Tenant shall be joint and several. No rights, however, shall inure to the benefit of any assignee or subtenant of Tenant unless Landlord has given its consent to the assignment or sublease in accordance with Section 4.

12.6 Relationship of Parties. Nothing contained in this Lease shall create any relationship between the Landlord and Tenant, and it is acknowledged and agreed that Landlord does not in any way or for any purpose become a partner of Tenant in the conduct of Tenant's business, or a joint venturer or a member of a joint or common enterprise with Tenant.

 - Granting this request will allow a new banquet facility, Elegant Occasions, to serve alcoholic beverages and provide entertainment options to its patrons, in a space previously occupied East Coast Bicycles (retail) and Arianna's Café (take-away café).
 - According to the 2005 Hampton Roads Joint Land Use Study (HR JLUS) evaluating the appropriate land uses near Naval Station Norfolk' Chambers Field, the site is located within an Accident Potential Zone (APZ-II) and the 65-70 DNL noise zone [2005 HR JLUS, revised 2010].
 - The Identifying Land Use Strategies chapter of *plaNorfolk2030* replicates the HR JLUS map and includes an action calling for the City to not support any increase in intensity of incompatible uses in those zones.
 - The HR JLUS recommend land uses with "low density" occupancy levels; occupancy levels should in general be restricted to "50 persons per acre in APZ-II are...considered to be low density." Additionally, the HR JLUS indicates that "meeting places, auditoriums, etc. are not recommended." The approximately quarter acre site with a proposed occupant load of 80 persons equates to roughly 320 persons per acre on the site, which is more than six times more dense than the HR JLUS recommendation. The 3,543 square foot tenant space itself would potentially congregate patrons at a level over 20 times more dense than the HR JLUS recommendation.
 - The C-2 district permits dozens of office and retail opportunities as a matter of right (e.g., take-out eatery, pharmacy, book store, antique store, hair salon, veterinarian office, dry cleaning), all of which would be allowed in the location for which this application has been submitted. Thus, the existence of the APZ and noise zones from Chambers Field do not, as has been alleged, diminish the economic value of the investment. Special Exceptions are a privilege, not a right. The decision as to whether to grant or not depends on the specific situation and location and whether or not conditions can be applied that would ameliorate the concerns that arise from

location and type of enterprise; in this case there are no conditions that can address the location within the APZ and the inherent added danger to the public from establishing a new public assembly use in the existing building.

- Citing the 2005 City Council approved Resolution which recognized that the HR JLUS report recommendations will help protect the public health, safety and welfare of our citizens, and given that *plaNorfolk2030* discourages any increase in intensity of incompatible uses within the Accident Potential Zones, staff recommends **denial** of the special exception request.

A. Summary of Request

- The site is located on the west side of Granby Street, between W. Balview Avenue and W. Seaview Avenue, in the West Ocean View.
- Granting this request will allow a new banquet facility, Elegant Occasions, to serve alcoholic beverages and provide entertainment options to its patrons, in a space previously occupied East Coast Bicycles (retail) and Arianna's Café (take-away café).

B. Plan Consistency

- *plaNorfolk2030* designates this site as commercial.
- According to the 2005 Hampton Roads Joint Land Use Study (HR JLUS) evaluating the appropriate land uses near Naval Station Norfolk' Chambers Field, the site is located within an Accident Potential Zone (APZ-II) and the 65-70 DNL noise zone [2005 HR JLUS, revised 2010].
- The Identifying Land Use Strategies chapter of *plaNorfolk2030* replicates the HR JLUS map and includes an action calling for the City to not support any increase in intensity of incompatible uses in those zones.
 - Retail sales and service uses are considered conditionally compatible within the APZ-II.
 - Assembly uses, such as churches, schools, and outdoor amphitheaters are not considered compatible within the APZ-II.
- While the site is designated commercial, since the proposed special exception would permit the existing retail sales and service space to be intensified and used as a place of assembly, it is not consistent with *plaNorfolk2030*.

C. Zoning Analysis

i. General

- The use is permitted in the C-2 district by special exception.
- In 2005, the City Council adopted Resolution 1,276, approving the HR JLUS.
 - "Whereas, the City Council recognizes that the findings and recommendations contained in the report will help protect the public health, safety and welfare of our citizens..." [2005 City Council Resolution 1,276].
- Within Table 3 – Air Installations Compatible Use Zones of the HR JLUS (Table 3), land uses are identified within APZ's as either:
 - "Yes," (compatible without restriction),
 - "Yes with restrictions" (generally compatible with restrictions),
 - "No" (prohibited) or,
 - "No with exception" (generally not ever permitted).
- The proposed use of the site for a "public assembly" is listed as a prohibited use within the APZ-II.
 - Notes for Table 3 within the HR JLUS recommend land uses with "low density" occupancy levels.
 - The Table 3 notes further indicate that occupancy levels should in general be restricted to "50 per acre in APZ-II are...considered to be low density,"

- Additionally, the Table 3 notes indicate that “meeting places, auditoriums, etc. are not recommended.”
 - The approximately quarter acre site with a proposed occupant load of 80 persons equates to roughly 320 persons per acre on the site, which is more than six times more dense than the HR JLUS recommendation.
 - The 3,543 square foot tenant space itself would potentially congregate patrons at a level over 20 times more dense than the HR JLUS recommendation.

ii. Parking

Automobile Parking

- The site is located in an area zoned for commercial uses within the Suburban Character District, which requires one parking space per 150 square feet of enclosed building area for entertainment establishments.
- Currently there are ten parking spaces available on-site.
- The *Zoning Ordinance* promotes the reuse of existing buildings throughout the City by acknowledging all buildings constructed prior to 1992 as being vested from the basic parking minimum parking requirement of one space per 250 square feet. Therefore, the entire 5,420 square foot facility is vested for 22 parking spaces.
- The current parking regulations require 24 parking spaces for the proposed 3,543 square foot establishment, of which ten spaces are provided on-site and the remaining are considered vested under the current parking requirements.
- Off-street parking is shared amongst two uses in one structure.
 - However, at times when the entertainment establishment is operating the remaining office space will be closed.

Bicycle Parking

- Given the square footage of the establishment, the total bicycle parking requirement within the Suburban Character District is for two bike spaces.
 - A bike rack or pole will have to be provided sufficient to accommodate at least two bicycles on the site within clear view of the main entrance.

iii. Flood Zone

The property is located in the X Flood Zone, which is a low-risk flood zone.

D. Transportation Impacts

- Institute of Transportation Engineers (ITE) figures estimate that this use will generate 129 new vehicle trips per day.
- Based upon ITE data, the prior retail use on this site would be expected to generate 233 weekday trips while the proposed entertainment use on the site would be expected to generate 362 trips on weekdays.

E. Historic Resources Impacts

The site is not located within a federal, state, or local historic district.

F. Public Schools Impacts

This site is located within the Ocean View Elementary School, Northside Middle School, and Granby High School Attendance Zones.

G. Environmental Impacts

- The site has adequate landscaping installed along Granby Street and there doesn't appear to be any more opportunities for additional landscaping to this existing site.
 - A condition will be added that requires that the existing landscaping be maintained.
- The new trash enclosure will be screened and landscaping installed along the base.

H. Surrounding Area/Site Impacts

- The site is located along a busy thoroughfare and is surrounded by a mix of commercial, office and residential uses nearby.
- An opaque landscape buffer exists, and must be maintained, along the western property line to shield the parking area from the limited residential exposure to the southwest.
- By requiring this use to conform to the conditions listed below, the proposed entertainment establishment should not have a negative impact on the surrounding neighborhood.
- Over the past year there have been two calls for police service with no arrests made.
 - The calls were both related to issues with the building's alarm system.

I. Payment of Taxes

The owner of the property is current on all real estate taxes.

J. Civic League

Notice was sent to the West Ocean View and Pinewell Civic League on December 16.

K. Communication Outreach/Notification

- Legal notice was posted on the property on December 15.
- Letters were mailed to all property owners within 300 feet of the property on January 15.
- Notice was sent to Naval Station Norfolk – Chambers Field on January 11.
- Legal notification was placed in *The Virginian-Pilot* on January 14 and January 21.

L. Recommendation

- Citing the 2005 City Council approved Resolution which recognized that the HR JLUS report recommendations will help protect the public health, safety and welfare of our citizens, and given that *plaNorfolk2030* discourages any increase in intensity of incompatible uses within the Accident Potential Zones, staff recommends **denial** of the special exception request.

- (h) The proposed use and development will not cause substantial air, water, soil or noise pollution or other types of pollution which cannot be mitigated;
- (i) The proposed use and development will not cause a negative cumulative effect, when its effect is considered in conjunction with the cumulative effect of various special exception uses of all types on the immediate neighborhood and the effect of the proposed type of special exception use on the city as a whole;
- (j) The proposed use and development complies with all additional standards imposed on it by the particular provisions of the ordinance authorizing such use; and
- (k) No application for a special exception shall be recommended or granted until any and all delinquent real estate taxes owed to the City of Norfolk on the subject property have been paid.

Section 4:- That this ordinance shall be in effect from the date of its adoption.

**KEY TO TABLE 3 - SUGGESTED LAND USE COMPATIBILITY
IN ACCIDENT POTENTIAL ZONES**

SLUCM -	Standard Land Use Coding Manual, U.S. Department of Transportation
Y (Yes) -	Land use and related structures are normally compatible without restriction.
N (No) -	Land use and related structures are not normally compatible and should be prohibited.
Y* - (Yes with restrictions)	the land use and related structures are generally compatible. However, see notes indicated by the superscript.
N* - (No with exceptions)	the land use and related structures are generally incompatible. However, see notes indicated by the superscript.
FAR - Floor Area Ratio.	A floor area ratio is the ratio between the square feet of floor area of the building and the site area. It is customarily used to measure non-residential intensities.
Du/Ac - Dwelling Units per Acre.	This metric is customarily used to measure residential densities.

**NOTES FOR TABLE 3 - SUGGESTED LAND USE COMPATIBILITY
IN ACCIDENT POTENTIAL ZONES**

The following notes refer to Table 3.

1. A "Yes" or a "No" designation for compatible land use is to be used only for general comparison. Within each, uses exist where further evaluation may be needed in each category as to whether it is clearly compatible, normally compatible, or not compatible due to the variation of densities of people and structures. In order to assist installations and local governments, general suggestions as to floor/area ratios are provided as a guide to density in some categories. In general, land use restrictions which limit commercial, services, or industrial buildings or structure occupants to 25 per acre in APZ I, and 50 per acre in APZ II are the range of occupancy levels considered to be low density. Outside events should normally be limited to assemblies of not more than 25 people per acre in APZ I, and maximum assemblies of 50 people per acre in APZ II.

2. The suggested maximum density for detached single-family housing is one to two Du/Ac. In a Planned Unit Development (PUD) of single family detached units where clustered housing development results in large open areas, this density could possibly be increased provided the amount of surface area covered by structures does not exceed 20 percent of the PUD total area. PUD encourages clustered development that leave large open areas.
3. Other factors to be considered: Labor intensity, structural coverage, explosive characteristics, air-pollution, electronic interference with aircraft, height of structures, and potential glare to pilots.
4. No structures (except airfield lighting), buildings or aboveground utility/ communications lines should normally be located in Clear Zone areas on or off the installation. The Clear Zone is subject to severe restrictions. See NAVFAC P-80.3 or Tri-Service Manual AFM 32-1123(I); TM 5-803-7, NAVFAC P-971 "Airfield and Heliport Planning & Design" dated 1 May 99 for specific design details.
5. No passenger terminals and no major above ground transmission lines in APZ I.
6. Low intensity office uses only. Accessory uses such as meeting places, auditoriums, etc. are not recommended.
7. No Chapels are allowed within APZ I or APZ II.
8. Facilities must be low intensity, and provide no tot lots, etc. Facilities such as clubhouses, meeting places, auditoriums, large classes, etc. are not recommended.
9. Includes livestock grazing but excludes feedlots and intensive animal husbandry. Activities that attract concentrations of birds creating a hazard to aircraft operations should be excluded.
10. Includes feedlots and intensive animal husbandry.
11. Lumber and timber products removed due to establishment, expansion, or maintenance of Clear Zones will be disposed of in accordance with appropriate DOD Natural Resources Instructions.
12. Controlled hunting and fishing may be permitted for the purpose of wildlife management.
13. Naturally occurring water features (e.g., rivers, lakes, streams, wetlands) are compatible.

The Norfolk Department of City Planning has recently received an application by **ELEGANT OCCASIONS** for a special exception to operate an entertainment establishment facility on property located at 9605 Granby Street, and located within the Accident Potential Zone (APZ-II) as identified on the Joint Land Use Study (JLUS) Air Installations Compatibility Use Zones (AICUZ) Planning Map, dated 2005, revised 2010.

The request, if approved, would permit the use of the property to be changed from a bicycle shop to a place of public assembly (a bicycle shop would be referred to in the JLUS Table 3 as "Retail trade – furniture, home furnishings and equipment" [Standard Land Use Coding Manual (SLUCM), U.S. DOT – SLUCM No. 57]). This change of use does not appear to be in concert with the life-safety goals of the JLUS/AICUZ program.

Furthermore, in 2013, the Norfolk City Council adopted the City's new comprehensive plan, *plaNorfolk2030*, which contains an action statement within the Identifying Land Use Strategies chapter which states: *Do not support any increase in intensity of uses located in incompatible noise and accident potential zones (see Map LU-3) and seek opportunities to reduce the intensity of those incompatible uses [plaNorfolk2030 LU1.2.11].* Map LU-3 referred to in the action is a reproduction of the JLUS/AICUZ Planning Map, dated 2005, revised 2010. Because of this action statement, the City of Norfolk Planning Department staff recommendation must be denial given the existing conditions and proposal.

This item is tentatively scheduled for the Norfolk City Planning Commission public hearing to be held on January 28, 2016 at 2:30 p.m. in the City Council Chamber, 11th Floor, City Hall Building, Civic Center, Norfolk, Virginia.

If you would like additional information on the request, you may contact the applicants, Krista and Kenneth Hines at (757) 610-3856, elegantoccasionsbykrista@yahoo.com, or you may telephone Matthew Simons, on my staff at (757) 664-4750, matthew.simons@norfolk.gov. A copy of the complete application is enclosed.

The City of Norfolk Department of City Planning respectfully requests a formal response from the U.S. Navy in regards to the proposed special exception request.

Dear Mr. Homewood,

Thank you for the opportunity to review the Adult Use Special Exception Application for a Banquet Hall at 9605 Granby Street. From the information you provided the site is located approximately one and one half miles northeast of Chambers Field in the 65-70 decibel day-night average noise zone, Accident Potential Zone Two (APZ-2) and directly underneath a major departure corridor.

The Navy's Air Installation's Compatible Use Zones program and the 2005 (revised 2010) Hampton Roads Joint Land Use Study (JLUS) indicate this type of use is incompatible with air operations and should be prohibited in APZ-2 designated area. The City of Norfolk has adopted the JLUS recommendations into comprehensive plan in support of air operations at Chambers Field.

In summary, the Navy is concerned with any encroachment that could negatively impact the ability to operate, meet mission requirements and potentially endanger the public. We view development at this site as an encroachment upon operations on Naval Station Norfolk.

If you have any questions, please contact my Community Planning Liaison Officer, Mr. Steve Jones at (757) 322-2333.

Dear Mr. Martin:

My name is Carl E. Lee, Jr and I and my wife Janice reside at 151 Osborne Road in the Ocean View section of Norfolk.

I write to you today to disapprove of Agenda Item 17 of the January 28th, 2016 Norfolk City Planning Commission. Item 17 is a request for an Adult Use Special Exception for Elegant Occasions by Krista, LLC located at 9605 Granby Street. The application request to operate an ABC On establishment from 9AM – 10PM on workdays, 9AM – 12PM on Friday/Saturday and 9AM – 10PM on Sunday.

The proposed site is approximately a half mile from my house. It is my belief that the application is inappropriate for the community and the immediate residential neighborhood.

I support the Staff recommendation for **DENIAL** of the Special Exception request.

Thank you for your service to the city.

My name is Kevin Easter and I am the president of the Ocean View Democratic and Social Club. We are located next door to Elegant Occasions by Krista, which is on the agenda for today's meeting. I see that the staff will not be recommending the approval of the application. We are also against the approval and I was wondering if there was any reason for me to speak today or should I wait and bring our concerns up at the city council meeting in February.

Subject: **Special exception to operate a commercial drive-through at 132 Kempsville Road –

- I. **Staff Recommendation: Approval.**
- II. **Commission Action: By a vote of **7 to 0**, the Planning Commission recommends **Denial**.**
- III. **Request: Special exception – commercial drive-through**
- IV. **Applicant: John Blum**
- V. **Description:**
 - The site is located on the northwest corner of N. Newtown Road and Kempsville Road.
 - This request would allow Chartway Federal Credit Union to construct a two-story banking branch with a commercial drive-through on the currently vacant site.
 - The City's general plan, *plaNorfolk2030*, identifies this site as within a transit supportive area, where uses that promote transit, bicycle, and pedestrian activity are encouraged while low intensity auto-oriented uses are discouraged.
 - In order to be fully consistent with the plan, the site should be laid out in such a way as to encourage safe and easy pedestrian access from the adjacent light rail station.
 - The proposed site plan shows the building centrally located on the site with the drive-through along the side and back of the building.
 - Pedestrian improvements are also proposed near the street intersection, including a change in the pavement materials and elevation to match the sidewalks. Traffic circulation would be permitted in this area, however it would act as a traffic calming measure and provide a more inviting pedestrian environment than shown in the original submission.
 - The Planning Commission voted to recommend denial of this application due to the perceived failure to meet the design standards set forth for transit supportive areas and to the incompatibility of this use within a transit supportive area.

A. Summary of Request

- The site is located on the northwest corner of N. Newtown Road and Kempsville Road.
- This request would allow Chartway Federal Credit Union to construct a two-story banking branch on the currently vacant site with a commercial drive-through.

B. Plan Consistency

- *plaNorfolk2030* identifies this site as commercial.
 - It also identifies this site as within a transit supportive area, where uses that promote transit, bicycle, and pedestrian activity are encouraged while low intensity auto-oriented uses are discouraged.
- Given the commercial designation, the proposed use is consistent with *plaNorfolk2030*.
 - In order to be fully consistent with the plan, the site should be laid out in such a way as to encourage safe and easy pedestrian access from the adjacent light rail station.

C. Zoning Analysis

i. General

- The use as a financial institution is permitted in the C-2 district by right; it is the commercial drive-through that requires a special exception.
- The site was most recently occupied by a Shell gas station and convenience store.
- The proposed site plan shows the building centrally located on the site with the drive-through along the side and back of the building.
- Pedestrian improvements are also proposed near the street intersection.
 - These improvements include a change in the pavement materials and elevation to match the sidewalks. Traffic circulation would be permitted in this area, however it would act as a traffic calming measure and provide a more inviting pedestrian environment than shown in the original submission.
- The conceptual plan submitted by the applicant demonstrates compliance with *Zoning Ordinance* standards for a commercial drive-through, including appropriate landscape buffering.

ii. Parking

- For a financial institution of this size located within the Suburban Character District, the *Zoning Ordinance* requires that the site provides a minimum of 20 parking spaces and sufficient room to accommodate two bicycles.
 - Since this site is located within 1,500 feet of a light rail station, and is accommodating a nonresidential use, the required number of parking spaces shall be reduced by 25 percent.
 - The revised minimum parking requirement is 15 spaces.
 - 20 parking spaces are depicted on the proposed site plan.

iii. Flood Zone

The property is located in the X Flood Zone, which is a low-risk flood zone.

D. Transportation Impacts

- Institute of Transportation Engineers figures estimate that that the proposed bank and drive-through on this site will generate 726 new vehicle trips per day.
- Newtown Road near the site is identified as a severely congested corridor in both the AM or PM peak hours in the current update to regional Hampton Roads Congestion Management analysis.
- The site is near frequent transit service with Hampton Roads Transit bus routes 20 (Virginia Beach), 22 (Haygood), 25 (Newtown), and 27 (Northampton) all operating along Newtown Road adjacent to the site and also the Newtown Road Light Rail station is located directly to the south.

E. Historic Resources Impacts

The site is not located within a federal, state, or local historic district.

F. Public Schools Impacts

N/A

G. Environmental Impacts

- The construction of a financial institution with a drive-through lane should not adversely impact the surrounding uses.
- The proposed facility will undergo the Site Plan Review process, which requires all site development to adhere to the regulations of the *Zoning Ordinance*, including landscaping, vehicular circulation, and stormwater improvements.

H. Surrounding Area/Site Impacts

Over the past year there have been no calls for police service.

I. Payment of Taxes

The owner of the property is current on all real estate taxes.

J. Civic League

Notice was sent to the Easton Forest Civic League on December 16.

K. Communication Outreach/Notification

- Legal notice was posted on the property on December 15.
- Letters were mailed to all property owners within 300 feet of the property on January 15.
- Legal notification was placed in *The Virginian-Pilot* on January 14 and January 21.
- Notice was sent to the City of Virginia Beach on January 11.

L. Recommendation

Staff recommends **approval** of the special exception request, considering compliance with *Zoning Ordinance* requirements, subject to the conditions below:

- (a) The site shall be generally designed in accordance with the conceptual site plan prepared by Pennoni Associates, Inc. and Ionic DeZign Studios, dated January 4, 2016, entitled, "Chartway FCU Site Plan, Landscape Plan," attached hereto and marked as "Exhibit A," subject to any revisions required by the City to be made during the Site Plan Review and building permit plan review processes.
- (b) All landscaping installed on the site premises shall be maintained in a healthy growing condition at all times and shall be replaced when necessary.
- (c) Notwithstanding any other regulations pertaining to temporary window signage within Chapter 16 of the Zoning Ordinance of the City of Norfolk, 1992 (as amended), no less than 85% of the glass areas of the ground floor of the building shall be transparent as defined in the Zoning Ordinance.
- (d) All nonconforming fences and signs on the site shall be removed.
- (e) All bollards on the site shall be painted and maintained free of visible corrosion.
- (f) Two bicycle parking spaces shall be provided on the site.
- (g) Dumpsters shall be gated and not visible from any public right-of-way, and will be screened with masonry walls that complement the proposed building.
- (h) During all hours of operation the establishment operator shall be responsible for maintaining the property, those portions of public rights-of-way improved by sidewalk, and those portions of any parking lot adjacent to and used by customers of the premises regulated by the Special Exception so as to keep such areas free of litter, refuse, solid waste, and any bodily discharge.
- (i) The property shall be kept in a clean and sanitary condition at all times.
- (j) The establishment shall maintain a current, active business license at all times while in operation.
- (k) No business license shall be issued until conditions (a), (d), (e), (f), and (g) have all been implemented fully on the site.

Re: Ordinance Granting an Exemption from Real Estate
Taxes for Real Property of St. Thomas A.M.E. Zion
Church Retroactive to July 1, 2013

R-3

Dear Ladies and Gentlemen:

This agenda item is an application for tax relief from St. Thomas A.M.E. Zion Church ("St. Thomas"), a church which failed to properly maintain its exemption, failed to complete the required forms. The Assessor is satisfied that the property houses a church and ancillary buildings and qualifies for the exemption with reason for assessment being the Church's failure to complete the required paperwork. The application requests that it be relieved of the consequences of failing to perfect the exemption to which it was entitled. The ordinance grants the exemptions retroactive to July 1, 2013 in the amount of \$47,160.71 and forgives \$6,387.55, which St. Thomas owes the City for nuisance abatement.

WHEREAS, such application was filed pursuant to the provisions of §24-212.5 of the Norfolk City Code, 1979, as amended; and

WHEREAS, each parcel is exempt pursuant to Article X, § (6) (a) (2) of the Virginia Constitution; and

Re: Ordinance to Amend Norfolk City Code Sections 24-160, 25-219, 42-34, and 42-35

Dear Ladies and Gentlemen:

R-4

Currently City Code Sections 24-160, 25-219, 42-34, and 42-35 use the words “church”, “churches” and “Sunday school”. Virginia Wesleyan College has asked that those words be changed to “religious education”, “religious institution” and “religious institutions” as appropriate. The attached ordinance accomplishes their request.

There is also a typographical error in 42-34. The word “show” should be “snow.”

II. **Applicant:** City of Norfolk

III. **Description:**

This agenda item is an ordinance to accept and appropriate a grant award in the amount of \$71,370.00 from the Virginia Department of Emergency Management, 2015 State Homeland Security Grant ("grant"). These funds will be used to enhance community sheltering in the City of Norfolk (the "city") and provide equipment and training for additional shelters.

IV. **Analysis**

The funding awarded from the grant will provide two quick generator hook-ups at two churches, Norview Baptist Church and St. John's A.M.E. Church, to allow them to function as shelters in times of need. The grant will allow the purchase of equipment for the churches and the city's regular shelters, training for staff, and an assessment of our churches and city shelters to ensure we are able to serve the entire community. The funds will also allow the city to continue to support volunteer organizations such as Community Emergency Response Team, Medical Reserve Corps, and Tidewater Search and Rescue.

Overview: This refund is the result of a BPOL tax amendment filed by the Miller Oil Company for the years 2012 through 2015. Miller Oil sells petroleum as a wholesaler to convenience stores owned or operated by third parties for resale to consumers and to institutional, commercial, government and industrial users. Miller Oil does not own or lease a petroleum storage facility in the City. Miller Oil over-reported and overpaid BPOL taxes to the City on the wholesale dealer sales and commercial fuel sales. Miller Oil is requesting the following refunds: \$142,045 for year 2015; \$141,448 for year 2014; \$162,349 for year 2013 and \$178,842 for year 2012. This refund request is consistent with Public Document 09-1(attached).

In compliance with **Norfolk Code § 24-7**, the Commissioner of the Revenue's files pertaining to this request are available for inspection by the City Attorney.

Fiscal Impact:

This refund reduces business license tax revenue by **\$624,684.00** for the 2016 fiscal year.

Conclusion:

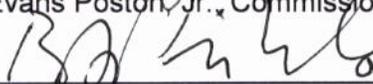

It is recommended that the City Attorney consent to the issuance of the refund and call for City Council to direct the City Treasurer to refund the business license overpayment of **\$624,684.00**

I. **Recommendation:** Adopt Ordinance

II. **Applicant:** City of Norfolk

III. **Description:**

This agenda item is an ordinance to amend and reordain the FY 2016 Compensation Ordinance to provide bonuses for employees who were not initially eligible for an increase due to reaching the maximum of their respective pay range.

IV. **Analysis**

The FY 2016 Compensation Plan approved in May 2015 provided at least a two percent general wage increase (GWI), 2.5 percent step increase and/or a bonus for most employees. However, there were some employees who did not receive an increase because they were beyond the maximum of their pay range. This amendment allows these affected general and constitutional employees to receive a two percent bonus and the affected sworn officers to receive a 2.5 percent bonus.

V. **Financial Impact**

This action will cost an estimated additional \$185,000 to provide the affected employees with a bonus.
