City Council;

Since we did not have a meeting this week, I updated the Council memo sent on March 4th with additional information.

Highlights include:

- High Speed Internet
- Ocean View Avenue wires
- Middle Avenue house
- Norfolk Animal Care and Adoption Center
- Princess Anne Road speed study

Also, it is tournament time in Norfolk! The Mid-Eastern Basketball tournament is in full swing at the Scope this week. The City hosted the annual College Fair for more than 500 Norfolk public high school students Wednesday. The students interacted with admissions officers from the 13 MEAC schools, several city departments and military branches. Most of the seniors walked away college students!

MEMORANDUM

TO: City Council

FROM: Lori A. Crouch, Public Relations Manager 

COPIES TO: City Clerk, City Attorney

SUBJECT: Council Interests

DATE: March 11, 2016

Animal Care and Adoption Center – The Norfolk Animal Care and Adoption Center (NACC) is located at 5585 Sabre Road, in the heart of an industrial area near Military Highway. 19 people currently staff the facility and there are two vacancies. Recruiting is underway for those vacancies. The building was built in 1964 and according to City records, is 2 stories tall and 13,505 square feet. The City has made significant investments in the building and site over the years to make it functional as an animal shelter. New asphalt was laid about 5 years ago in the rear of the building to ease flooding, provide parking and a driveway for staff and visitors.

The Norfolk SPCA has been a long-term tenant in the front of the building. The City currently leases the space and the property owner is responsible for maintenance to the building's roof and related space. The City's Facility Maintenance Division is responsible for other maintenance activities associated with the daily operation.

Security Procedures for City Assets in City Vehicles - General Services' staff reached out to department heads and distributed the City's policy on the appropriate use of City vehicles for official business. The policy states in City vehicles or equipment that may potentially give rise to crimes of opportunity or vandalism.

High Speed Internet – City facilities, including police and fire, are connected to the City's high speed network. It's been in place for 10 years and was done in partnership with Cox. Norfolk has fiber throughout the city, both leased and city-owned. The City currently provides free public Wi-Fi at libraries. We are expanding access to free Wi-Fi at MacArthur Square and evaluating access to free Wi-Fi at Town Point Park.

Staff is currently analyzing other city facilities to evaluate the need for high speed access. Over the next year, staff plans to work with the business community to increase the speed, capacity, low cost accessibility to businesses and partner with Norfolk Public Schools and local education institutions for low cost, improved connectivity options.

Drinking Water Reservoirs - Norfolk's water treatment process and water quality is monitored 24/7, 365 days a year. Several redundancies prevent the possibility of water contamination. Our reservoir samplings test for a range of contaminants, both regulated and unregulated. Further testing is done at the water treatment plant where an even wider range of contaminants are tested for and treated if identified.

Arts Update – Staff will provide an update on the Symphony and Opera debt and solutions moving forward at an upcoming Council meeting.

Dancing Tax People – The City Attorney's Office continues to research this issue. The information will be included in the March 18th memo.

Wires Hanging on Utility Poles - Staff contacted Cox and Verizon regarding the wires along Ocean View Avenue and throughout the city. Staff will provide both companies with a detailed list of locations on Ocean View Avenue this week and a citywide list by the end of March. Staff will ensure compliance with state code and national electrical standards.

East Beach Shopping Center Access - Public Works staff is coordinating with the contractors on a solution to improve access to businesses from both directions. Staff will also add more signs.

Parking Garage Issue – Staff has thoroughly reviewed the issue which took place following the Science Fair. There was a misunderstanding about the time the Science Fair ended. This resulted in confusion about the parking rate that caused the subsequent back up. The review of the issue found the parking supervisor on duty immediately rectified the situation once she became aware of the backup and all staff conducted themselves in a professional manner.

Parking is working on a proactive approach to resolve delays when exiting city garages. As part of the solution, parking is reviewing an upgrade to the existing cameras which would allow for real-time traffic monitoring. This opportunity would allow the parking staff to act immediately if they see an issue versus waiting on call.

Handicap Parking – Staff reviewed parking at the Norfolk Fitness and Wellness Center. The following parking is available: 214 regular parking spaces and an additional 19 handicap parking spaces. The current amount exceeds the ADA requirement. Within the next two weeks, staff will add two more handicap parking spaces and monitor the lot over the next 45 days to determine if more spaces are needed.

Locker Rooms – The initial contract came back over the estimated cost to do the work. Another contractor is currently pricing the work and staff believes the cost estimates will come in less which will allow us to move the project forward.

Huntersville Sign Delays – Public Works sent several letters to the contractor about the slow progress of the project. The most recent letter was sent on February 26th. Staff has provided all the information the contractor needs to finish the project.

OV Boat Launch – Public Works and Recreation, Parks and Open Space staff will review potential locations and develop a list of recommendations by the end of the month.

Storm Water Fees - The General Assembly is currently reviewing some additional exemptions on the railroad right-of-way. The General Assembly passed an allowance to provide a waiver (full or partial) to properties that contain 100% of their storm water on site.

Franklin Arms Crosswalks – Public Works is reviewing the area and will have a plan by the end of the month.

Princess Anne Speeding - Public Works is conducting a speed study and expects to have the results in the next two weeks. Staff will provide the results then begin the process to analyze the data to see what solutions are needed to address any issues.

Middle Avenue House – Neighborhood Development staff met with the property owner. He was issued nuisance abatement violation due to the amount of debris on the property. A court date is scheduled for March 18th.

Since he has permits to do the work, staff is collaborating with Planning's Building Safety Division to expedite the work process. If the property owner does not indicate a time period when he can get the work done, staff will reissue a repair or demo notice which gives him a specific time period to have the work done or staff will have the property demolished.

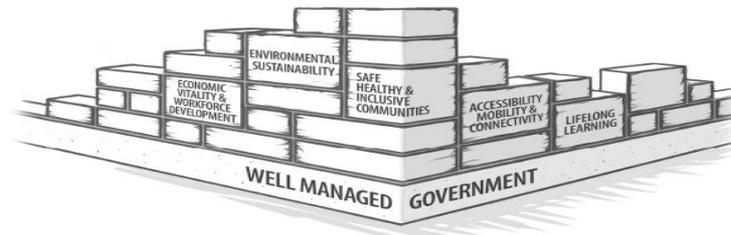

Clean Team Update - The equipment is on order. You will receive an update during the mid-year presentation on Tuesday.

Moody's Report – Moody's recently released a report on the National Disaster Resilience Competition award for Virginia. The report specifically called out Norfolk and cited the HUD funding as a positive for the city and region. Moody's states, "the additional funding for capital investments and planning will help mitigate the negative credit effects from recurring flooding along the coast."

I hope you have a great weekend.

Council Strategy Discussion, Direction and Setting Priorities for FY 2017 Budget Development

MEMORANDUM

TO: City Council

THROUGH: Marcus Jones, City Manager

FROM: David Ricks, Director of Public Works 
John Kownack, CEO for NRHA; David Freeman, Director of General Services; Darrell
Crittendon; Director of Recreation Parks and Open Space; James Rogers, Director of

CC TO: Neighborhood Development

SUBJECT: Enhancing the Curb Appeal of NRHA Properties

DATE: March 11, 2016

At the September 2015 City Council Retreat, one of the discussion topics was how to enhance the appearance of the communities of Calvert Square, Diggs Town, Grandy Village, Oakleaf Forest, Tidewater Gardens and Young Terrace. A special appropriation of \$150,000 was later appropriated to purchase equipment to help remove litter from these communities. Several meetings were conducted by Public Works with NRHA, RPOS and General Services to discuss ways to address the large volumes of litter found in many of the NRHA properties.

Currently, NRHA is paying Public Works Waste Management for the once weekly service of dumping 3,394 standard 95 gallon containers. The fee charged to NRHA does not cover yard waste or bulk items pickup. There currently is no curbside recycling in any of these communities. At the most recent meeting (January 12, 2016), Public Works offered the following suggestions:

- Conversion to dumpster service was discussed. It was noted that NRHA switched from the dumpster service years ago because of the problems associated with their location, vandalism/destruction, rodents, etc. NRHA properties of Eulalie Bobbitt Apartments, Franklin Arms, Hunter Square Apartments, Robert Partrea Apartments and Sykes Apartments (senior midrise properties) currently rent dumpsters through the City's dumpster contract and directly pay the vender.
- Lease additional 95-gallon containers through Public Works Waste Management;
- Begin a curbside recycling program.
- Purchase of a small litter collection vehicle to be used to support NRHA anti-littering efforts.

Public Works and NRHA staff stressed the importance of citizen education and enforcement of city ordinances and NRHA rules.

NRHA has outlined current practices and enhancements being sought that include:

- Increasing Community Days,
- Providing resident incentives, particularly for the youth;
- Revising next year's budget to expand trash pick-up (bulk, waste).
- Review current bulk wastes pick up to see if we can increase pickups in each community daily.
- Employ all site maintenance and grounds staff to increase litter control efforts.

Next Steps:

- Present options at the NRHA Tenant Management Councils (TMCs) meeting on Feb 19, 2016, between 9 a.m. and 1 p.m. at Grandy Village. The purpose of the meeting with the TMCs is to discuss the litter problem and to obtain input and support from residents.
- Obtain additional 95 gallon containers through public works, specifically increasing the number for large families.
- A requisition for \$150K is underway for purchase of a mini sweeper that will be used to help control litter in the above-listed NRHA communities.

B. ELEGANT OCCASIONS

George Homewood, Director of City Planning, reported as follows:

In 2004, the City of Norfolk agreed to participate in a Joint Land Use Study along with the Office of Economic Adjustment of the Department of Defense, the City of Virginia Beach, the City of Chesapeake and the Hampton Roads Planning District Commission. The goals of the study were to focus on the safety and welfare of Norfolk citizens and to provide recommendations to ensure compatible development in accident potential (APZ) and high noise

zones. The study was completed in 2005 and the City Council approved the final report by resolution in May 2005. *plaNorfolk2030*, which was adopted in May 2013, reaffirmed Norfolk's role in the JLUS.

Captain Douglas J. Beaver, Commanding Officer, Naval Station Norfolk, reported as follows:

Captain Beaver provided background information regarding compatible use zones (ACUZ) in the 2005 JLUS. The program was instituted by the Department of Defense in 1970 to address the problem of land development surrounding military air installations. The final Hampton Roads JLUS Report was endorsed in April 2005 and is updated periodically. The ACUZ was incorporated in *plaNorfolk 2030* and the Norfolk Zoning Ordinance.

The Navy does not support the Special Exception application by Elegant Occasions for a banquet hall at 9605 Granby Street because it would be located within the noise zone northeast of Chambers Field and directly underneath a major departure corridor within the accident potential zone 2. The City Planning staff and the City Planning Commission both view the Special Exception request as an increased development at this site and an unnecessary encroachment upon Navy Operations and recommend denial.

In closing, Captain Beaver stressed that the Navy and the City of Norfolk have a great relationship built on respect and trust. The Navy looks forward to continuing that relationship while working through this issue and any others that arise.

Councilman Smigiel commented that there are a lot of inconsistencies and a real disconnect with how some business owners are treated. He cited an example: Four years ago a developer proposed 385 apartments on 2nd Bay Street that was ten stories high and he was given permission by the Navy to develop the project. He added that there are grandfathered businesses that sponsor events where many citizens are in attendance. Another example is the annual St. Patrick's Day Parade where thousands of citizens are present. Mayor Fraim stated that if the Navy starts to discern a pattern of development or "creeping encroachment" towards their installation, they could decide to relocate their entire operation. Councilman Riddick added that this application is not new development and that this building has been in that location for a long period of time.

D. GREATER ST. PAUL'S REVITALIZATION AREA

Peter Chapman, Deputy City Manager, reported as follows:

Mr. Chapman presented a map showing the proposed boundaries of the Greater St. Paul's Revitalization Area. At present there are no housing developments or businesses within the boundaries. There is an existing fire station, HRT transfer center, and a building that will be demolished as part of the St. Paul's Apartments project.

The vision for the area emphasizes the importance of building mixed-income communities replete with market rate and affordable housing options and amenities as well as commercial job generating activities. This process of designating a revitalization area is really driven by state statute and the Virginia Housing and Development Authority policy.

There had been some confusion about what a revitalization area is versus a redevelopment and conservation area. After further study and working closely with Councilman Riddick, they came up with boundaries that would accomplish two things: It would capture the proposed site for the St. Paul's Apartments project and also capture other parcels thereby allowing us to communicate to Virginia Housing and Development Authority that we have a true revitalization area rather than just a site specific plan. The Virginia Housing and Development Authority provides more favorable financing terms for projects that are located in designated revitalization areas.

Mr. Chapman added that they have consulted with individual and institutional stakeholders in the area; particularly faith-based organizations and civic associations. Councilwoman Johnson stressed that as we move forward with future planning for the St. Paul's quadrant to make sure all stakeholders are included.

E. GREATER ST. PAUL'S REVITALIZATION AREA

Chuck Rigney, Director of Development, reported as follows:

The purchase of the J. C. Penney building represents a longer-term strategy while future development for the entire corridor is contemplated. Negotiations continue for an operations center which will have 650 employees to start and another 250 employees within the next two years. This will reenergize the site, bringing vitality to the Military Circle area while longer-range plans are formulated. This investment is a part of a strategic plan to ensure that the city will be a part of future development in this area. This is also an opportunity to create an asset for the Economic Development Authority and it will generate income and tax revenue.

F. PH-5 AND PH-6: J. C. PENNEY BUILDING

G. COSTAL CHARACTER DISTRICT

George Homewood, Director of City Planning, reported as follows:

There are three character districts in the city: downtown, traditional and suburban. When developing *plaNorfolk 2030*, East Beach had been originally designated as traditional. Moving through the adoption process they realized that was not appropriate for East Beach; therefore, the City Planning Commission recommends creating a fourth character district along the coast. The coastal character district will be added to *plaNorfolk 2030* and the Zoning Ordinance.

The SSAC Program has expanded for FY 2016 offering a full spectrum of programming which include: High School swimming practice, safety classes, Southside Splash, diving lessons, swim meets, 50-plus fitness, group swims, special events, special trainings (police, military and harbor patrol) and etcetera. Community rooms were available for bridal showers, wedding receptions, family reunions, Bible study, police and fire training, military training, luncheons and etcetera. Comparison from 2014 to 2015, SSAC patrons increased by 33 percent and room rentals increased by 36 percent.

B. BAY OAKS PARK UPDATE ON PHASE I & PHASE II

Mr. Darrell Crittendon, Director of Recreation, Parks and Open Space reported that City Council allocated \$250,000 in FY 2015 for Phase I. The scope of work included: Light infrastructure work, demolition of 4th Bay Street, installation of utility meters, infrastructure and conduit sleeves for future utilities, installation of an eight-foot-wide concrete sidewalk along E. Ocean View Avenue, earthwork/land grading, concrete plaza with overhead pergolas and benches and park identification signage.

City Council allocated \$100,000 in FY 2016 for Phase II. The scope of work for this phase includes: Ongoing light infrastructure work, earthwork/land grading, installation of pedestrian lights around the plaza, demolition of existing sidewalk, installation of utility infrastructure and conduit sleeves for future utilities, traffic mitigation and temporary lane closure. The plan is to begin work the first week in March contingent upon the weather.

Mr. Smigiel asked about the final cost to complete the park. Mr. Crittendon responded \$2.85 million.

Dr. Whibley asked what would be a reasonable amount to ask for in the upcoming budget. In response, Mr. Smigiel stated that a million would be good to get the next stage going with the parking lot, basketball court and playgrounds and after that the fountain and workout stations.

Dr. Whibley asked what Phase III would be and when that work will begin. Mr. Crittendon responded that Phase III is the heavy infrastructure for things like parking lot, some of the facilities and it will begin as soon as it is funded. He also stated that the Bay Oaks Park Committee has requested significant funding for the boxing center.

Dr. Whibley asked if something can be done to help landscaping at Suburban Park Elementary School. She also noted in regards to Bay Oaks Park that a lot of cement is going into an area that floods a lot and asked if pervious materials can be used.

III. **Description:**

The city and ODU have agreed to make the proposed changes to reflect the alignment of an existing sewer main on campus. The proposed easement will allow the city to continue to own and maintain the public sewer main which traverses ODU property. The vacated easement will release property to ODU. Hampton Roads Sanitation District ("HRSD") no longer requires its easement, having abandoned its line in the location under consideration.

I. **Recommendation:** Adopt Ordinance

II. **Applicant:** Balance Builders, Inc.
2525 Oconee Avenue, Suite 101
Virginia Beach, Virginia 23454

III. **Description:**
This agenda item is an ordinance to sell a vacant parcel of land owned by the City of Norfolk (the "city") at 1553 W. 41st Street ("the property") to Balance Builders, Inc. ("Balance Builders").

IV. **Analysis**
Balance Builders seeks to purchase and develop the property located at 1553 W. 41st Street. The city has owned this lot since 2009. The city has agreed to sell the property to Balance Builders for the appraised value of \$18,000. As seen here, the appraised value differs from the assessed value as the property is subject to deed restrictions which limit its development to a single-family, owner-occupied home. Also, no building permit shall be issued for the development of a single-family dwelling on the property until a zoning certificate has been granted by the Department of City Planning. This will help to ensure that the proposed single-family home will be consistent with the prevailing patterns of the neighborhood as to exterior elements like scale, appearance, fenestration, and roof lines. Despite this difference in value, development of a quality home built on this property will help to exemplify the continued expansion efforts in the area and will add to local comparable real estate values. This sale will subject the property to real estate taxes, thereby creating on-going revenue for the city.

V. Financial Impact

Purchase Price	\$18,000
Costs of Closing	Each party to this transaction shall pay its own legal fees.
Appraised Value of Lots	\$18,000
FY2016 Assessed Value of Parcel	\$36,100
Annual Real Property Tax Revenue	<ul style="list-style-type: none"> • \$415.15 annually (current total revenue for this lot) • Potential \$2,070.00 annually (with land and improvements at a proposed value of \$180,000)

VI. Environmental

There are no known environmental issues associated with this property.

VII. Community Outreach/Notification

Public notification for this agenda item was conducted through the city's agenda notification process.

- This location was previously used as a pawnshop that operated with on-street parking on Starke Street.

D. Transportation Impacts

- Institute of Transportation Engineers (ITE) figures estimate that this microbrewery will generate 135 new vehicle trips per day
- Based upon ITE data, the prior retail use of the site would be expected to generate 155 weekday trips while the proposed new microbrewery would be expected to generate 290 trips on weekdays.

- There was one call for service made for this site over the past year, with no arrests made.

H. Surrounding Area/Site Impacts

By requiring this use to conform to the conditions listed below, the proposed microbrewery and entertainment establishment should not have a negative effect on the surrounding neighborhood.

I. Payment of Taxes

The owner of the property is current on all real estate taxes.

J. Civic League

Notice was sent to the Downtown Norfolk Civic League and Downtown Norfolk Council on January 13th.

K. Communication Outreach/Notification

- Legal notice was posted on the property on January 19.
- Letters were mailed to all property owners within 300 feet of the property on February 10.

Good morning Mr. Kavanaugh,

Thank you for your response. I just wanted to make sure the FSAA has the correct information on this one – this application is for the Cure’s expansion into an adjacent suite. I see your reference to a pizza place, and I believe you may be thinking of Humboldt Steel Corp. II, which was an item on January’s Planning Commission agenda. Please let me know if there was indeed a mix-up here or if you are fully aware of the Cure’s request and there is no issue.

Matthew,

Mr. and Mrs. Shy have attended our civic meetings on two occasions, talked about their plans and answered questions concerning their business. Several of our members have visited the Lost and Found Treasures and all agreed that we have no objections to their business. Last evening at our regular meeting we voted unanimously in support of their establishment at 7924-A Chesapeake Blvd.

Staff Report	Item No. 8	
Address	1805 Monticello Avenue	
Applicant	Wendy's Restaurant	
Request	Special Exception	Commercial drive-through
Property Owner	Wendy's Properties, LLC	
Site Characteristics	Site/Building Area	0.7 acre/2,599 sq. ft. (proposed)
	Future Land Use Map	Commercial
	Zoning	C-2 (Corridor Commercial)
	Neighborhood	Ghent Square
	Character District	Traditional
Surrounding Area	North	C-2: Doumar's BBQ
	East	C-2: Hope House Thrift store, Cook Out
	South	G-1 (Granby/Monticello Corridor Mixed Use): The Element apartments
	West	C-2: Old Point National Bank, Charlie's Café

A. Summary of Request

- The site is located on the west side of Monticello Avenue, between 18th Street and East 19th Street.
- This request would allow the existing restaurant, Wendy's, to demolish the existing building and construct a new building on the site.
 - Since the building and drive-through are being demolished, the site will now have to come into compliance by obtaining a special exception.

B. Plan Consistency

- The proposed special exception is consistent with *plaNorfolk2030*, which designates this site as commercial.
- The healthy and vibrant neighborhoods chapter of *plaNorfolk2030* calls for the city to promote the transition of the Monticello-Granby Corridor to a higher intensity mix of development types.
 - It further calls for the city to ensure that new development projects provide an active streetscape by providing first floor active uses, façades built to the right-of-way line, and at least 50% first floor transparency.
- In order to be fully consistent with *plaNorfolk2030*, the proposed special exception should be conditioned to require the building to be located at the Monticello Avenue frontage, with at least 50% transparency, and a masonry wall along the Monticello Avenue frontage adjacent to the proposed parking area.

C. Zoning Analysis

i. General

- The use is permitted in the C-2 district by special exception.
 - The existing building was constructed in 1984, before the *Zoning Ordinance* required a special exception for a commercial drive-through.
- The site is located along a commercial corridor with residential exposure to the south.
- The conceptual plan submitted by the applicant demonstrates compliance with *Zoning Ordinance* standards for a commercial drive-through.
- The attached conditions ensure compliance with the adopted general plan and all *Zoning Ordinance* requirements.

ii. Parking

- For an eating establishment of this size located within the Traditional Character District, the *Zoning Ordinance* requires that the site provides a minimum of 15 parking spaces and sufficient room to accommodate two bicycles.
 - The applicant proposes to provide 27 parking spaces.
 - The proposed number of parking spaces, based on the proposed square footage of the building, exceeds the parking maximum for commercial uses established in the *Zoning Ordinance*.
 - Prior to obtaining Site Plan approval, the applicant will be required to provide landscaping and stormwater improvements to offset the impervious parking proposed on the site.

iii. Flood Zone

- The majority of the property is located in the X (Shaded) flood zone, with two of the corners of the site located in the AE Flood Zone, which is a high risk flood zone.
 - The proposed redevelopment of the site will be reviewed under the Site Plan Review Process to ensure compliance with the Floodplain/Coastal Hazard Overlay District.

D. **Transportation Impacts**

- Institute of Transportation Engineers figures estimate that demolition and reconstruction of the existing restaurant with a drive-through on this site would be expected to generate 254 fewer trips on weekdays since the new establishment will be slightly more than 500 square feet smaller upon completion.
- Monticello Avenue adjacent to the site is not an identified priority corridor in the City of Norfolk Bicycle and Pedestrian Strategic Plan.

E. **Historic Resources Impacts**

The site is not located within a federal, state, or local historic district.

F. **Public Schools Impacts**

The site is located in the Taylor Elementary School, Blair Middle School and Maury High School Districts.

G. **Environmental Impacts**

- The construction of a fast food restaurant with a drive-through lane should not adversely impact the surrounding uses.
- The proposed facility will undergo the Site Plan Review process, which will require all site development to adhere to the regulations of the *Zoning Ordinance*, including landscaping, vehicular circulation, and stormwater improvements.

H. **Surrounding Area/Site Impacts**

- Over the past year there have been 38 calls for police service with two arrests made.
 - The two arrests were related to a “man down” and a “person with a weapon.”
- By requiring this use to conform to the conditions listed below, the proposed establishment should not have a negative effect on the surrounding neighborhood.

I. **Payment of Taxes**

The owner of the property is current on all real estate taxes.

J. **Civic League**

Notice was sent to the Ghent Neighborhood League, Ghent Square, Downtown Norfolk Civic League, Ghent Business Association and Downtown Norfolk Council on January 13.

K. Communication Outreach/Notification

- Legal notice was posted on the property on January 19.
- Letters were mailed to all property owners within 300 feet of the property on February 11.
- Legal notification was placed in *The Virginian-Pilot* on February 11 and 18.

L. Recommendation

Staff recommends **approval** of the special exception request, considering compliance with *Zoning Ordinance* requirements, subject to the conditions below:

- (a) The site shall be designed generally in accordance with the conceptual site plan prepared by MSA, dated February 25, 2016, entitled, "Conceptual Site Layout Plan Options for Wendy's #895," attached hereto and marked as "Exhibit A," subject to the requirements of condition (b) below, and any revisions required by the city to be made during the Site Plan Review and building permit plan review processes.
- (b) The site shall be limited to no more than two points of vehicular ingress and two point of egress. There may be a full ingress and egress driveway along 18th Street and a right-in only ingress and right-out only egress driveway along Monticello Avenue.
- (c) The site shall be developed to reflect the general massing, materials, fenestration and design elements for the north, south, east and west side of the building as shown in the elevations entitled "Exterior Elevations," sheet A2.1, attached hereto and marked as "Exhibit B," subject to any revisions required by the City to be made during the Site Plan Review and building permit plan review processes.
- (d) All landscaping installed on the premises shall be maintained in a healthy growing condition at all times and shall be replaced when necessary.
- (e) Notwithstanding any other regulations pertaining to temporary window signage within Chapter 16 of the Zoning Ordinance of the City of Norfolk, 1992 (as amended), no less than 85% of the glass areas of the ground floor of the building shall be transparent as defined in the Zoning Ordinance.
- (f) All nonconforming fences and signs on the site shall be removed.
- (g) On-site lighting shall be directed and shielded so as not to cast glare onto any adjacent residential properties.
- (h) Two bicycle parking spaces shall be provided on the site.
- (i) Dumpsters shall be gated and not visible from any public right-of-way, and will be screened with masonry walls that complement the proposed building.

- (j) The "I.C.S. Box," as indicated on the "Conceptual Site Layout Plan Options for Wendy's #895," will be covered with a material finish to complement the proposed building.
- (k) During all hours of operation the establishment operator shall be responsible for maintaining the property, those portions of public rights-of-way improved by sidewalk, and those portions of any parking lot adjacent to and used by customers of the premises regulated by the Special Exception so as to keep such areas free of litter, refuse, solid waste, snow, ice, and any bodily discharge.
- (l) The property shall be kept in a clean and sanitary condition at all times.
- (m) The establishment shall maintain a current, active business license at all times while in operation.
- (n) No business license shall be issued until conditions (a), (f), (g), (h), and (i) have all been implemented fully on the site.

CITY OF NORFOLK
SPECIAL EXCEPTION APPLICATION FOR
A COMMERCIAL DRIVE-THRU
(WENDY'S PROPERTIES, LLC – 1805 MONTICELLO AVENUE)

PROJECT DESCRIPTION
(Special Exception –Commercial Drive-Through)

The applicant, Wendy's Properties, LLC ("Applicant") currently operates a 3,110 square foot Wendy's restaurant with a commercial drive-through on the subject parcel. The restaurant is permitted by right; however, the drive-through is a legal non-conforming use. As part of a national campaign to renovate and upgrade its existing restaurants, the Applicant submitted a site plan to staff for review in the fall of 2014 that would have involved demolishing the existing restaurant and replacing it with a new modern state of the art facility. At that time, staff advised the Applicant that because the drive-through was a legal non-conforming use, any redevelopment of the site would trigger the requirement that the Applicant obtain a special exception for the commercial drive-through.

The existing eating establishment with a commercial drive-thru has been in operation at this site for over thirty-two (32) years. The hours of operation and use of the site will remain unchanged; however, to conform with the aspirational guidelines of plaNorfolk2030 for the Monticello-Granby Corridor, the Applicant's redeveloped site will consist of a smaller restaurant in the northern corner of the parcel built to the right of way lines of Monticello Avenue and 19th Street with large windows providing over 50% first floor transparency. Of the three (3) existing curb cuts on Monticello Avenue only one (1) will remain, as will the existing curb cuts on 18th and 19th Streets. The new state of the art facility will have a pedestrian friendly patio, a bike rack and enhanced green space. The impact on adjoining parcels will remain the same. If approved, the removal and replacement of the existing Wendy's Restaurant with a commercial drive-through will result in the investment of over \$1,750,000 in this property.

Ghent Neighborhood League

Wednesday, February 24, 2016

Dear Norfolk Planning Commissioners:

The Ghent Neighborhood League recently received a copy of an application for Wendy's for a special exception to operate a drive thru upon completion of its proposed new building on its existing site.

The application was reviewed at our February 18, 2016 general membership meeting. Board Members, Members and Ghent residents in attendance were given an opportunity to provide input and to note any opposition to Wendy's pending application. No opposition was heard; however, there was a concern raised as to the impact this plan may have on Doumar's. As such, we would ask the Commission to ensure that the City has outreached to Doumar's about this pending application and has ensured that the planned changes do not result in impeding traffic on 19th Street or detracting from Doumar's, a Ghent and Norfolk institution.

We thank the Commission for the opportunity to provide neighborhood input on this pending application.

Regards,

Joan McEnery
Chairperson, Commercial Review Committee

The Capital Investment must be in addition to the capital improvements at the Facility as of January 1, 2016. A capital expenditure related to a leasehold interest in real property will be considered to be made “on behalf of the Company” if a lease between a developer and the Company is a capital lease, or is an operating lease having a term of at least ten years, and the real property would not have been constructed or improved but for the Company’s interest in leasing some or all of the real property. Only the capital expenditures allocated to the portion of the real property to be leased by the Company will count as “Capital Investment.” The purchase or lease of furniture, fixtures, machinery and equipment, including under an operating lease, and expected building up-fit and tenant improvements by or on behalf of the Company will qualify as Capital Investment. The Locality and the Authority each hereby acknowledge that although the term of the Lease is at least ten years in length, the Company has an option (the “Termination Option”) under the Lease to terminate the Lease after seven years. The Locality and the Authority each hereby represent and agree that neither the existence of the Termination Option nor the Company’s exercise of the Termination Option (to the extent it is exercised) prevent the Lease from qualifying as “an operating lease having a term of at least ten years”, as such phrase is used herein.

“Maintain” means that the New Jobs will continue without interruption from the date of creation through the Performance Date. Positions for the New Jobs will be treated as Maintained during periods in which such positions are not filled due to (i) standard turnover of the employees occupying said positions, (ii) temporary reductions in the Company’s employment levels (so long as there is active recruitment for open positions), (iii) strikes and (iv) other temporary work stoppages.

“New Job” means new permanent full-time employment, provided by the Company or its affiliates or subsidiaries, of an indefinite duration at the Facility for which the standard fringe benefits are provided by the Company or its affiliates or subsidiaries for the employee. Each New Job must require a minimum of either (i) 35 hours of an employee’s time per week for the entire normal year of the Company’s operations, which “normal year” must consist of at least 48

weeks, or (ii) 1,680 hours per year. Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth, and positions with construction contractors, vendors, suppliers and similar multiplier or spin-off jobs shall not qualify as New Jobs.

“Performance Date” means December 31, 2021. If the Locality, in consultation with the Authority and VEDP, deems that good faith and reasonable efforts have been made and are being made by the Company to achieve the Targets, the Locality may agree to extend the Performance Date by up to 15 months. If the Performance Date is extended, the Locality shall send written notice of the extension to the Authority, the Company and VEDP and the date to which the Performance Date has been extended shall be the “Performance Date” for the purposes of this Agreement.

“Targets” means the Company’s obligations, as of the Performance Date, to make Capital Investments at the Facility of at least \$32,250,000 and to create and Maintain at least 1,800 New Jobs at the Facility, 50 of which New Jobs will have an average annual wage of at least \$50,693 and 1,750 of which will have an average annual wage of at least \$36,000.

“Virginia Code” means the Code of Virginia of 1950, as amended.

Section 2. Targets; Statutory Criteria.

On or prior to the Performance Date, the Company will equip, improve and operate the Facility in the Locality, make a Capital Investment of at least \$32,250,000, and create and Maintain at least 1,800 New Jobs at the Facility, 50 of which New Jobs will have an average annual wage of at least \$50,693 and 1,750 of which will have an average annual wage of at least \$36,000.

The Locality and the Authority hereby strongly encourage the Company to ensure that at least 30% of the New Jobs are offered to “Residents” of the Commonwealth, as defined in Virginia Code Section 58.1-302. In pertinent part, that definition includes natural persons domiciled in Virginia or natural persons who, for an aggregate of more than 183 days of the year, maintained a place of abode within the Commonwealth, whether domiciled in the Commonwealth or not.

For information purposes only, the Locality and the Authority hereby state the following: (i) the average annual wage of at least 50 of the New Jobs of at least \$50,963 is equal to the prevailing average annual wage in the Locality of \$50,963; (ii) the Locality is a high-unemployment locality, with an unemployment rate for 2014, which is the last year for which such data is available, of 6.4% as compared to the 2014 statewide unemployment rate of 5.2%; (iii) the Locality is a high-poverty locality, with a poverty rate for 2014, which is the last year for which such data is available, of 23.4% as compared to the 2014 statewide poverty rate of 11.8%; and (iv) the Company filed its application for the COF Grant prior to January 1, 2016.

Section 3. Disbursement of COF Grant.

By no later than June 1, 2016, the Locality will request the disbursement to it of the COF Grant. The COF Grant in the amount of \$5,000,000 will be paid to the Locality, upon its request. Within 30 days of its receipt of the COF Grant proceeds, the Locality will disburse the COF Grant proceeds to the Authority. Within 30 days of its receipt of the COF Grant proceeds, the Authority will disburse the COF Grant proceeds to the Company as an inducement to the Company to achieve the Targets at the Facility. The Company will use the COF Grant proceeds to pay a portion of the costs of the build-out of the Facility and, at the Company's discretion, for training, as permitted by Section 2.2-115(D) of the Virginia Code.

Section 4. Break-Even Point; State and Local Incentives.

(a) *State-Level Incentives:* VEDP has estimated that the Commonwealth will reach its "break-even point" by the Performance Date. The break-even point compares new revenues realized as a result of the Capital Investment and New Jobs at the Facility with the Commonwealth's expenditures on incentives, including but not limited to the COF Grant. With regard to the Facility, the Commonwealth expects to provide incentives in the following amounts:

<u>Category of Incentive:</u>	<u>Total Amount</u>
COF Grant	\$5,000,000
Virginia Jobs Investment Program ("VJIP") (Estimated)	\$1,800,000

The proceeds of the COF Grant shall be used for the purposes described in Section 3. The VJIP grant proceeds shall be used by the Company to pay or reimburse itself for recruitment and training costs.

(b) *Locality-Level Incentives:* The Locality expects to provide the following incentives, as a matching grant or otherwise, for the Facility:

<u>Category of Incentive:</u>	<u>Total Amount</u>
Locality Performance Grant	\$5,000,000
Parking Subsidy	\$13,537,368

If, by the Performance Date, as extended in accordance with the terms herein, the funds disbursed, or committed to be disbursed, by the Locality to the Company in connection with the Locality Performance Grant, and realized by the Company through the Parking Subsidy (which is being provided by way of giving below market-rate parking to the owner of the Facility so that the savings may be passed through to the Company under the Lease) total less than \$5,000,000, thereby falling short of the COF Grant local match requirement, the Locality, subject to appropriation, will make an additional grant to the Company equal to the difference as of the Performance Date, so long as the Company has met its Targets.

The proceeds of the Locality Performance Grant may be used by the Company for any lawful purpose. The Parking Subsidy will be in the form of discounted parking rates and shall reflect cost savings to the Company and its employees.

Section 5. Repayment Obligation.

(a) *If Statutory Minimum Eligibility Requirements are Not Met:* Section 2.2-115 of the Virginia Code requires that the Company make a Capital Investment of at least \$1,500,000 in the Facility and create and Maintain at least 15 New Jobs at the Facility having an average annual wage of at least \$43,089 in order to be eligible for the COF Grant. Failure by the Company to meet either of these statutory minimum eligibility requirements by the Performance Date shall constitute a breach of this Agreement and the entire COF Grant must be repaid by the Company to the Authority.

(b) *If Statutory Minimum Eligibility Requirements are Met:* The provisions of this subsection (b) shall become applicable only if the Company has met the statutory minimum eligibility requirements set forth in subsection (a). For purposes of repayment, the COF Grant is to be allocated as \$2,500,000 (50%) for the Company's Capital Investment Target and \$2,500,000 (50%) for its New Jobs Target. Further, the \$2,500,000 allocated to the New Jobs Target shall be allocated as \$1,250,000 for the 50 New Jobs required to have an average annual wage of at least \$50,693 and \$1,250,000 for the additional 1,750 New Jobs required to have an average annual wage of at least \$36,000. If the Company has met at least 90% of all of the Targets at the Performance Date (meaning that it has made Capital Investments of at least \$29,025,000, has created and Maintained at least 45 New Jobs paying an average annual wage of at least \$50,693, and has created and Maintained at least another 1,575 New Jobs paying an average annual wage of at least \$36,000), then and thereafter the Company is no longer obligated to repay any portion the COF Grant. If the Company has not met at least 90% of any or all of its Targets at the Performance Date, the Company shall repay to the Authority that part of the COF Grant that is proportional to the Target or Targets for which there is a shortfall. For example, if at the Performance Date, the Capital Investment is only \$25,800,000 (reflecting achievement of 80% of the Capital Investment Target), only 30 New Jobs paying an average annual wage of at least \$50,693 have been created and Maintained (reflecting achievement of 60% of that portion of the New Jobs Target), and only an additional 1,313 New Jobs paying an average annual wage of at least \$36,000 have been created and Maintained (reflecting achievement of 75% of that portion of the New Jobs Target), the Company shall repay to the Authority 20% of the moneys allocated to the Capital Investment Target (\$500,000), 40% of the moneys allocated to that portion of the New Jobs Target at the higher wage level (\$500,000) and 25% of the moneys allocated to that portion of the New Jobs Target at the lower wage level (\$312,500).

(c) *Determination of Inability to Comply:* If the Locality or VEDP shall determine in good faith at any time prior to the Performance Date (a "Determination Date") that the Company is likely to vacate, close, or abandon the Facility and thus fall substantially short of its obligations to meet and Maintain its Targets by and through the Performance Date because of a significant event demonstrating its inability or unwillingness to meet and Maintain its Targets by and through the Performance Date (such as a filing by or on behalf of the Company under Chapter 7 of the U.S. Bankruptcy Code, the liquidation of the Company, an abandonment of the

Facility by the Company, or other similar significant event), and if the Locality, the Authority or VEDP shall have promptly notified the Company of such determination, the Company must repay the entire COF Grant to the Authority, provided however, that the Company shall be entitled to dispute any such determination pursuant to the Dispute process set forth in Section 8(f) of this Agreement.

(d) *Repayment Dates: Any such repayment shall be due from the Company to the Authority within ninety days of the Performance Date or the Determination Date, as applicable.* Any moneys repaid by the Company to the Authority hereunder shall be repaid by the Authority to the Locality and shall be repaid by the Locality promptly to VEDP for redeposit into the Commonwealth's Development Opportunity Fund. The Locality and the Authority shall use their best efforts to recover such funds, including legal action for breach of this Agreement. Neither the Locality nor the Authority shall have any responsibility for the repayment of any sums hereunder unless said sums have been received by the Authority from the Company.

Section 6. Company Reporting.

The Company shall provide, at the Company's expense, detailed verification reasonably satisfactory to the Locality, the Authority and VEDP of the Company's progress on the Targets. Such progress reports will be provided annually, starting at April 1, 2017 and covering the period through the prior December 31. Further, the Company shall provide such progress reports at such other times as the Locality, the Authority or VEDP may reasonably require. If the Company wishes to count as Capital Investments the capital expenditures made on its behalf by a lessor or a developer of the Facility, the Company is responsible for assembling and distributing the documentation necessary to verify the capital expenditures made on behalf of the Company.

With each such progress report, the Company shall report to VEDP the amount paid by the Company in the prior calendar year in Virginia corporate income tax or, as applicable, shall provide to VEDP a copy of its Virginia income tax form filed with respect to its status as a pass-through entity. VEDP has represented to the Company that it considers such information to be confidential proprietary information that is exempt from public disclosure under the Virginia Freedom of Information Act and that such information will be used by VEDP solely in calculating aggregate return on invested capital analyses for purposes of gauging the overall effectiveness of economic development incentives.

The Company hereby authorizes the Locality, including the Locality's Commissioner of the Revenue and Treasurer, to release to VEDP the Company's real estate tax, business personal property tax and machinery and tools tax information. Such information shall be marked and considered confidential and proprietary and shall be used by VEDP solely for verifying satisfaction of the Capital Investment Target. If the Locality, the Office of the Commissioner of the Revenue or the Office of the Treasurer should require additional documentation or consents from the Company to access such information, the Company shall promptly provide, at the Company's expense, such additional documentation or consents as the Locality, the Authority or VEDP may request.

If requested by VEDP, the Company shall provide to VEDP copies of the Company's quarterly filings with the Virginia Employment Commission covering the period from the date of this Agreement through the Performance Date.

Section 7. Notices.

Formal notices and communications between the Parties shall be given either by (i) personal service, (ii) delivery by a reputable document delivery service that provides a receipt showing date and time of delivery, or (iii) mailing utilizing a certified or first class mail postage prepaid service of the United States Postal Service that provides a receipt showing date and time of delivery, addressed as noted below. Notices and communications personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices and communications mailed shall be deemed effective upon receipt. (a) *Entire Agreement; Amendments:* This Agreement constitutes the entire agreement among the parties hereto as to the COF Grant and may not be amended or modified, except in writing, signed by each of the parties hereto. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. The Company may not assign its rights and obligations under this Agreement without the prior written consent of the Locality, the Authority and VEDP. Notwithstanding the foregoing, the Company shall have the right to assign its rights and obligations under this Agreement without any such consent provided it assigns its rights and obligations to (i) any affiliate of the Company, (ii) any corporation, joint venture, partnership or other entity which is a successor to the Company resulting from a merger or consolidation, or (iii) a purchaser of all or substantially all of the Company's assets; provided, in any such case, the Company gives notice of such assignment to the Locality, the Authority and VEDP and the assignee assumes all of the obligations of the Company under this Agreement. After such notice is given and such obligations have been assumed, the Locality, the Authority and VEDP may deal exclusively with the assignee.

(b) *Governing Law; Venue:* This Agreement is made, and is intended to be performed, in the Commonwealth and shall be construed and enforced by the laws of the Commonwealth. Jurisdiction and venue for any litigation arising out of or involving this Agreement shall lie in the Circuit Court of the City of Norfolk, and such litigation shall be brought only in such court.

(c) *Counterparts:* This Agreement may be executed in one or more counterparts (including electronic counterparts such as facsimile or pdf copies), each of which shall be an original, and all of which together shall be one and the same instrument.

(d) *Severability:* If any provision of this Agreement is determined to be unenforceable, invalid or illegal, then the enforceability, validity and legality of the remaining provisions will not in any way be affected or impaired, and such provision will be deemed to be restated to reflect the original intentions of the parties as nearly as possible in accordance with applicable law.

(e) *Attorney's Fees:* Attorney's fees shall be paid by the party incurring such fees.

(f) *Dispute Resolution:* In the event of any dispute, controversy or claim of any kind or nature arising under or in connection with this Agreement (including disputes as to the

creation, validity, or interpretation of this Agreement) (a “Dispute”), then upon the written request of any party, each of the parties will appoint a designated senior executive whose task it will be to meet for the purpose of endeavoring to resolve the Dispute. For purposes of this Section 8(f), the designated senior executive for the City shall be the City Attorney, and the Company shall appoint an executive who is a Director-level executive or above. The designated executives will meet as often as the parties reasonably deem necessary in order to gather and furnish to the others all information with respect to the matter in issue which the parties believe to be appropriate and germane in connection with its resolution. Such executives will discuss the Dispute and will negotiate in good faith in an effort to resolve the Dispute without the necessity of any formal proceeding relating thereto. The specific format for such discussions will be left to the discretion of the executives but may include the preparation of agreed upon statements of fact or written statements of position furnished to the other parties. No formal proceedings for the resolution of the Dispute or demands for repayment of the COF Grant may be commenced until the earlier to occur of (a) a good faith mutual conclusion by the executives that amicable resolution through continued negotiation of the matter in issue does not appear likely or (b) the 90th day after the initial request to negotiate the Dispute. If the resolution of the Dispute requires any party to take, or cause to be taken or to cease taking, some action, such party shall be provided a reasonable period of time, not to exceed ninety (90) days, to take, to cause, or to cease taking, such action. If the parties are unable to resolve the Dispute pursuant to the process set forth above, either party may seek to resolve the Dispute by filing an action in the jurisdiction and venue stipulated in Section 8(b) of this Agreement or by pursuing any other remedy available at law or in equity.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

I. **Recommendation:** Adopt Ordinance

II. **Applicant:** City of Norfolk
Department of Recreation, Parks & Open Space

III. **Description:**

This agenda item is an ordinance to accept a grant in the amount of \$20,000.00 from the Hampton Roads Planning District Commission (the "HRPDC") to be used in conjunction with the City of Norfolk (the "city") to match funding for construction of a canoe/kayak launch and fishing dock, removal of a dilapidated dock at the Lavalette Avenue (Lafayette) boat ramp site, and provide upland shoreline planting. Funding is to be utilized by September 31, 2016.

IV. **Analysis**

- Fishing activity from the shoreline has caused significant damage. Construction of the dock will provide a platform for this recreational activity while helping to protect the shoreline.
- The shoreline buffer has been greatly diminished and the project will partially restore the upland plantings to provide additional buffer and shoreline stabilization.
- The existing dock is decaying and should be removed in an effort to improve the shoreline edge and remove a potentially dangerous disintegrating structure from the water.
- The canoe/kayak launch will provide more access to the waterways. This is a high recreational priority as determined by the citizens of the city in the Recreation, Parks & Open Space Master Plan.

V. Financial Impact

The \$20,000 grant received from the HRPDC requires a local cash match. The city has previously appropriated the funds allocated for this project as identified in the Capital Improvement Program Stormwater Fund and Recreation, Parks & Open Space Master Plan CIP account. The total estimated cost of the project is \$96,000.

VI. Environmental

The project will provide Improvement of our shoreline buffers and water quality.

VII. Community Outreach/Notification

Public notification for this agenda item was conducted through the city's agenda notification process.
