PILOT BIKE LOOP
Colley Avenue

COMING SOON TO COLLEY AVE!

From 35th Street to Colley Avenue

Construction on the new Pilot Bike Loop will begin within the next 2 to 5 days. The contractor will start at the Olney Road/Colley Avenue intersection before proceeding northward to 35th Street. Work includes phased eradication of existing pavement markings, shifts in street centerlines, installation of new pavement markings and flex posts. On street parking will be removed temporarily in some locations for new pavement markings to be placed. Watch for "No Stopping" signs that will be posted 24-48 hours in advance and cones along the construction area.

On street parking will remain along the curb where it is currently allowed and a bike lane will be adjacent to the parking lane either as a separate lane or shared lane with traffic.

The Pilot Bike Loop features separated and buffered bike lanes, a two-way cycle track, shared lane markings, symbols, signs, flex-posts, and green paint. For more information visit, www.norfolk.gov and select the "Pilot Bike Loop" icon at the bottom of the main page.
