

2016 Downtown Norfolk Street Closure Event Permits

The following events have submitted Special Event Permit Applications for 2016 (included are pending applications, approved applications and events with issued permits) that involve a street closure in Downtown Norfolk. This sheet is for informational purposes only (not promotional). **The event organizer for each event is responsible for notifying all civic leagues, residents and businesses directly impacted by the closure as a condition of their permit.** This document is intended to supplement that communication. Questions or concerns should be directed to the event organizer, however, the Special Events office should also be notified of major conflicts/issues that need to be addressed.
